POET SPEAKS TODAY

Dr. Anderson M. Scruggs, well known Atlanta poet, read several of his poems in Assembly this morning. Dr. Scruggs was brought to Valdosta by the Wymodius Club, and will address the club this afternoon.

Dr. Scruggs is a native of East Point, Georgia, but he is now living in Atlanta, where he is professor of histology and embryology at the Atlanta-Syracuse Dental College.

His greatest period of productivity has been since 1928. He has had rooms in several of the nation's leading magazines. He is represented in the 1929 Anthology of the Poetry of Georgia, and Thomas Moults' Best Poems of 1930. He is also a member of the Atlanta Writer's Club, and won the annual poetry prize of the Club in 1933.

Dr. Scruggs read several of his best known works to the student body this morning, interpreting them to the group in his own inimitable manner.

Swimming Pool and Dormitory Assured

P. W. A. PROJECT ALSO INCLUDES GYMNASIUM EXTENSION

From present indications, actual work on the new buildings which are to be constructed with money borrowed by the University System from the Public Works Administration should begin not later than the first of the year.

The proposed plan includes the erection of a new dormitory at a cost of $70,000, and the building of a new gymnasium extension at a combined cost of approximately $15,000. The dormitory, which will be erected south of Ashley Hall and in line with Converse and Ashley, will contain fifty-six rooms.

The swimming pool will be sixty feet long, thirty feet wide, and ten feet deep under the board.

The size of the gymnasium extension will depend on the amount of money available after the two projects are completed. It is believed that the addition will be not less than forty feet wide, eighty feet long, and sixteen feet high. This room will be simply built but will serve a number of purposes. As a temporary auditorium it will seat six or eight hundred, for indoor basketball it will be ample large. Details concerning a stage, dressing rooms, and so on, have not yet been worked out. Part of the present gymnasium may be used for physical education and health offices.

Work will be rushed on the swimming pool and dormitory projects. Work is now running smoothly along and hopes are being entertained at Georgia State Woman's College for the best annual ever produced.

The Freshmen and Sophomore pictures have already been taken and by the end of the week all the individual pictures are expected to be finished. Everyone is urged to do her part here and in every other possible way to facilitate and simplify matters for Miss Larisey and her staff.

The Staff of the Pine Cone at Georgia State Woman's College will be Editor-in-Chief, Elizabeth Larisey Business Manager, Louise Ambros Business Manager, Virginia Kirkland Advertising Manager, Grace Lahaye Linen Editor, Lula Hold, Snapshos Editors, Marjorie Groover and Helen Claire Varnedoe Activities Editors, Annie Belle Weather, Suzanne W. Taylor Art Committee, Winnie Davis (Chairman), Frances Garbutt, Mary Askew, Frances Hinson, Nellie Mae Gannon, Joyce Tipton, Wilene Roberts, Anne Turner.

Students Vote to Revise Honor Code

NEW SYSTEM DIRECTED BY STUDENT DISCIPLINE COMMITTEE

The students of the Georgia State Woman's College have discarded a Student Honor System which they have themselves realized has not for some time been functioning as it should and have replaced it with a System of Class Call in class room, quiz, or examination procedure, and with the intellectual interest of the students. The present system applies only to class room, quiz, and examination procedure, and with the intellectual interest of the students. The present system applies only to class room, quiz, and examination procedure, and with the intellectual interest of the students. The present system applies only to class room, quiz, and examination procedure, and with the intellectual interest of the students. The present system applies only to class room, quiz, and examination procedure, and with the intellectual interest of the students.

At the first assembly hour this fall, Dr. Reade said that, after talking with the students on various campuses of the University System and with off-campus speakers to the students and hopes, too, that these visitors will be of some benefit to the girls. It is a plan to have one student or faculty guest from Dr. Smart will soon be with us as the first of these off-campus speakers. While at Valdosta, he has influenced not only the students of his own college, but also many other students on various campuses of the South. The opportunity of hearing him speak is one of which all young people should take advantage, for he is imbued with the younger generation and feels that they can and will succeed. Plan to be present at his services and, if possible, make arrangements for a conference.

Y. W. C. A. TALKS

In a recent magazine article, Dr. Joseph K. Harr, of Vanderbilt University, stated what he thought to be the five main interests of the younger generation. The Y. W. C. A. has taken these five topics and built a series of talks around them. The first of these off-campus speakers to the students and hopes, too, that these visitors will be of some benefit to the girls. PUBLICATIONS AND PROGRESS

A Century of Progress Exposition has just closed in Chicago. It was erected to mark the milestones along the road to progress during the past century. In like manner, the first edition of this newspaper is marking a milestone in the progress of our institution.

Until this year the publications of the Georgia State Women's College have been limited to a monthly magazine, The Pine Branch, and an annual, The Pine Cone. While both of these publications received high honor ratings, there was still no medium for recounting the latest events. The news published in The Pine Branch was necessarily late news, and The Pine Cone was primarily a year book.

However, with the inauguration of a weekly newspaper, there is now on campus adequate means for various types of literary expression. The Pine Branch is now purely literary, with the best of student literature in the quarter numbers, and The Pine Cone retains its preeminence as an annual.

An entire renovation has taken place in the literary life of the campus. Todav the girl who is interested in journalism may find her medium in the newspaper, while the girl whose medium is poetry and fiction may find her outlet in The Pine Branch.

One of the most important improvements is found in the fact that the news is now up-to-date. The interesting events that occur during the week are written up during that week, while the news is still news.

This paper only marks the beginning. While it is new, and we are very proud of it, it lacks a great many of the characteristics that we want it to achieve finally. As the college grows—so will the publications grow—and as it is largely through its publications that a college grows, a cycle is formed with the possibility of a newspaper playing an outstanding role in our progress.

So we progress. Not only through our buildings, our faculty, our innovations, but through our publications, which play so important a part in our campus life.

THE OPEN FORUM

Quite frequently our students suggest reforms that are helpful in their nature. For this reason each week a space will be provided on the editorial page for the publication of letters that are written either by the students or faculty, on campus problems.

It is to be understood that no anonymous contributions will be considered. However, the name of the author will be withheld by request—provided that the letter is signed to the editor.

It is the custom of college papers throughout the country to conduct columns where the students may express their opinions on matters pertaining to religious affairs, student government, social life, athletics and other phases of campus activity. That is our purpose in instigating this column in our paper.

The campus opinions box which has been in the hall of the administration building for several weeks was placed there to receive student thought and criticism. The open forum on the editorial page will serve the same purpose. Girls who wish to suggest changes and improvements should address their letters to the editor.

KAMPUS KALEIDOSCOPE

Introducing . . .
Girl About Town

Who, in turn prevents
A humble personal estimate
Of some happenings
And other phases of campus activity.
May have known about.
And some you didn't.

WE:
Do.
Our best bet.
And Danke.
Whole heartedly whispers:
That Mary Nell shows a decided prefer-
tence for A. T. O., pins . . . . That Florence, (former student) and her sister Jo have enjoyed Love Time with a certain tall, dark gentleman . . . . That although many girls have seen Gerard the Great, she still prefers Rice . . . . That Marie Joiner sports a Sigma Nu pin very prominently . . . . That a certain star athlete no longer sits on the passes of the university . . . . That Carrie Nell shows her sympathy to a very popular music student . . . . That Karen Ellen and John Shand, husband of a loving little wren (Helen Hayes) and lover of the beautiful amethyst (Madge Evans), who undergoes 'What Every Woman Knows,' breaks down the barriers set up by those few who have not so far liked him.

They had a 'most beautiful figure' contest in Hollywood the other day and petite Jean Parker, not Mae West, won it. Also did you know, that Joan Crawford has started, and Doris Detchrich has followed, the lid of having white, and only white, flowers in great banks around their houses? They probably not only wish to be beautiful, but鹤 and striking picture, but I'd still want my red, red roses and my bright yellow chrysanthemums. Wouldn't you? Of course you don't see it in the same light, for 'Shirley Temple sent Wilcoxson as Antony in Oedipus last week? I hope so, for he made the old Colonels go to sleep. He will probably become watching as Hollywood enthusiasm is pointing his way and he has plenty to feed it.

More entertainment for the week, you say? Well, Wednesday you may see The Great John Griflith, Lauren Bacall who adds more justice in the Stuart in The State vs Eleanor Norton at the Palace, both dramatic I understand. Oh, yes, and then you may go West at the Palace Saturday night with Thunder over Texas State. Remember when we all used to go to see Tom Mix, Buck Jones, and the rest every Saturday with the same regularity with which we went to school on the other days? Ah, me!

NEW FACULTY MEMBERS

There are three new names on our faculty roster for this year: Dr. Frank R. Mean, Dr. Marian Farbar, M. D., and Miss Daisy Daniel.

Dr. Reede, a graduate of the University of Virginia, and for the past eleven years professor of English at the Georgia School of Technology, is acting as executive dean of the college for the present semester. Dr. Jere Pound, president, is on leave of absence.

Dr. Marian Farbar is our first resident college physician; and Miss Daisy Daniel is the university Department of Home Economics, and dietitian.

More space will be devoted to each of the above new additions to our faculty in subsequent issues.

Quarters or dates, or even two times for the afternoon, they've got to take them to see What Every Woman Knows. It's a Barrie idea and as usual, very good. That Englishman about who has been doing so much because of his work on the legitimate stage with Cornell in The Barretts of Wimpole Street and with playing on the screen, in The Fountain, appears in it with the winsome Helen Hayes. Butterworth, his direct descendant as the studious John Shand, husband of a loving little wren (Helen Hayes) and lover of the beautiful amethyst (Madge Evans), who undergoes 'What Every Woman Knows,' breaks down the barriers set up by those few who have not so far liked him.

They had a 'most beautiful figure' contest in Hollywood the other day and petite Jean Parker, not Mae West, won it. Dr. Harold Gulliver was the principal speaker on last Monday morning when the twentieth anniversary of the armistice was celebrated.
THE SOCIAL WEEK

PERSONALS

Dr. and Mrs. R. H. Powell and daughter, Miss Betsy Powell, of Athens, Georgia, were guests on the campus this week. Until two years ago, Dr. Powell was President of Georgia State Womans College. He is now Dean of the Coordinate College at Athens.

Former Georgia State Womans College students who were pledged by sororities at the University of Georgia include: Margaret Joiner, Griffin, Zeta Delta; Dorothy Andrews, Plains, Kappa Delta; and Eva Martin, Arlington, Delta Delta Delta.

Of much interest to the students and faculty of the Georgia State Womans College is the news of the enrollment of Miss Louise McMichael at The Neighborhood Playhouse in New York City. Miss McMichael was an outstanding member of the class of 1933, and a member of the Sock and Buskin Club.

A large number of Valdosta girls attended the Georgia-Florida game in Jacksonville on November 3. In this group were Misses Barbara, Lilyan Bragg, Mary Ellen Cordes, Louise Enotod, Elizabeth Greene, Leila Mae Tyson, Lucille Tyson, Margaret Zippelies, Vangie Trimble, Bertha Logan, Elin Pilston, Mary Perry, Jessie Langdale, Estelle Roberts, Mary Lois Hitch, Lucille Murphy, Caroline Parrish, Leila Urquhart, and Virginia Ingram.

Miss Helen Claire Varne old attended the annual Halloween dances of the Sigma Chi Fraternity at Emory University in Atlanta.

On Tuesday evening, October 30, the Sock and Buskin Club gave a shower for the stage in the Play Production room in West Hall.

Miss Emily Woodward of Vienna, former president of the Georgia Press Association, was a visitor on the campus week before last.

Last Saturday evening marked the third of a series of dances at G. S. W. C. These dances were held in the GYMNASIUM of the College. The chaperons for the occasion were Dr. and Mrs. Harold Gulliver.

A great deal of attention was focused on Athens last week-end because of the Tech-Auburn game, and the concert given by Lawrence Tabbett. Students from G. S. W. C. who attended either the game or both of these events included: Misses Margaret Carter, Ray City; Ethlyn Massey, Jesup; Una Ritch, Jesup; Henry Kate Gardner, Camilla; Margarette Lett and Carol Forrester, Tifton; Mary Thomas, Jesup; Shelly Sparks, Fitzgerald; Clara Davis Adams, Moultrie; Ruth Hatcher, Moultrie; Ardis Fain, Moultrie; and Alexa Daley, Dublin.

Misses Mildred Turnbull, Ruth Jones, Mary Askew, Caro Forrester, and Myra Hackett were present at the dedication of the Moultrie airport last week-end.

Miss Margaret Kennedy, former student of G. S. W. C., who is teaching in Pavo, was a visitor on the campus last week-end.

Dr. Joe Durrenberger was called home last week on account of the death of his father. The student body, through The Campus Canopy, extends to Dr. Durrenberger its sincere sympathy.

STUDENTS GIVE TEA

The Student Government Association entertained for the faculty and students Wednesday, November 7, with a tea in the Rotunda of Ashley Hall.

Greeting the guests at the door were Misses Carolyn Brim, Virginia Sheppard, Emma Ambos, and Ruth Jones. Misses Nancy Kay Gardner, Camilla, President of the Association, and Miss Esther Smith, of Sycamore, vice president of the Association, presided at the tea table.

Those serving were: Misses Clara Davis Adams, Carolyn Cook, Carolyn Greene, Sheyl Sparks, Manelle Vincent, Camille Rycroft, Barbara Hatcher, Evelyn May, and Wynelle Spell.

KAPPAS WIN FIRST BALL SERIES

The second but deciding game of fall ball between the two athletic associations was played Tuesday afternoon. The second but deciding game of fall ball between the two athletic associations was played Tuesday afternoon. A two out of three series is played each year, but as the Kappas have won both games so far the decision is made for this season. Only two games were necessary today to give the game to the Kappas. Led by Manager Permelia Oblig., the Kappas ran up scores of 20-17 and 20-18 against their ancient foes, the Lambdas.

Officials for the fist ball game were: Kappa Scorer: Dr. Phelan Lambda Scorer: Clara Davis Adams and Myra Hackett Referee: Miss McCree

LAMBDAS VICTORIOUS IN AMERICAN BALL

The tie was broken Tuesday by a Lambda victory in American ball. Due to lack of practice lately both teams were a little off their games, but each girl fought her best for her association. The first game of the season was a tie, and as they lost the second to the Lambdas, the Kappas have lost all hope of winning the series but may bring the season to a close with a tie for a victory by the last game.

Ruby Harrison was the scorer for the winning team, making all three points. She kicked a one point kick early in the second quarter; Turnbull retaliated in the third quarter with one point kick for the Kappas; Har­rison then sent the ball past the Kappa goal-keeper for two points only a few minutes before the game closed. Odom was perhaps the outstanding player and the three Lambda half-backs, Smith, Ritch, and Weatherford, shared honors.

Officials were: Referee: Miss Ivey Umpire: Dr. Phelan Scorers: Mr. Stokes and Mr. Dun­senbury Linemen: Four Kappas and four Lambdas.
SPORTS

On Friday, November 2, a meeting of the Athletic Club was held to discuss some of the plans for this quarter. The meeting was presided over by Miss Leonora Ivey, director of the physical education department, and Annie Belle Weatherford, president of the Lambs. It was decided that the old girls might remain members of the Athletic Club if they showed some definite interest in either organized sports or campus games such as golf, archery, tennis and deck tennis. A chart was provided for those girls interested in campus games, so that a definite record might be kept for the purpose of awarding merits to those students who have kept up their interest throughout the year. The Freshmen this quarter are considered only as pledges. As the end of the quarter those girls who have made a C average and have taken an active interest in sports become either Kappas or Lambs, according to the bid they which they received at the athletic party at the first of the year.

Don't be surprised, if in a few weeks, you should see goats running wild on the campus. A "goat contest" is to be held between the Kappas and the Lambs, the object of which is to get each other's goat. For instance, Una might ask Patsy to play tennis; Patsy might reply, "I'm afraid you'll get each other's goat."

The archery range is being overhauled. Friedlander's will be holding parties at the first of the year. Don't be surprised, if in a few weeks, you should see feminine Robin Hoods. The archery range is being overhauled for the purpose of awarding merits to those students who have successfully passed this examination are: Doris Young, Lucille Wurst, Lois Hafford and Elizabeth Ward. Those girls qualified to teach are: Chappie Bragg, Clare Lawson, and Lorene Johnson.

STUDENT GOLFERS

Through the courtesy of the board of governors of the Valdosta Country Club, students of this college will be allowed to play golf at the Country Club without paying any fees other than caddy fees. It will be necessary for students, making four foursomes, to register for golf, and return it to the college so that it may be used at any other time and by other students when desired. As many as sixteen students, making four foursomes, may be in play at any one time. The Country Club officials ask that students not use these permits on Saturday afternoons, which is a congested period for regular paying members.

SIEBERT FOR KINGER

Professor L. R. Siebert, of the Georgia Tech faculty, has been chosen as secretary to the Regents, in the place of Andrew Kingerly, who recently resigned from that position. Those who knew Mr. Kingerly, including the S. W. C. girls to whom he spoke last spring, wish him the best of luck. No matter what his new position, he will always be a good friend to the University System. Mr. Siebert was born in Quitman and grew up in Valdosta. The College hopes that he will come home again soon—and see us.

DR. W. A. SMART WILL PAY ANNUAL VISIT

(Continued from Page One)

Privileges granted Honor Students

(Continued from Page One)

man; Henry Kay Gardner, Camilla; Marjorie Groover, Quitman; Grace L. Hey, Valdosta; Elizabeth Larkey, Valdosta; Virginia Sheppard, Savannah; Annie Belle Weatherford, Savannah; Mary Elizabeth Weatherford, Savannah.

Juniors: Cleo Barber, Bainbridge; Amanda Barkdale, Blakely; Josephine Daniels, Ludovici; Clara Louise Dristell, Surrency; Louise Hardy, Quitman; Broun Hutchinson, Valdosta; Ruth Jones, Thomasville; Ola Lee Powell, Valdosta; Camille Rogers, Newton; Doris Young, Valdosta; Mary Alderman, Favre.

Sophomores: Emma Ambos, Savannah; Lillian Bragg, Savannah; Leila Callender, Valdosta; Mary Nell Carlyle, Valdosta; Martha Gay, Quitman; Josephine Joubert, Savannah; Marguerite McCall, Tampa, Florida; Permelia Olliff, Quitman; Marian Reid, Homerville; Pearl Wilson, Cordele.

shall be comprised of three students, chosen by the student body, and three members of the faculty, appointed by the Dean. The President of the Student Government shall be ex-officio a member of the committee.

This committee will investigate the charges, examine the evidence, and determine whether the accused be guilty or not guilty as charged. A vote of five of the six will be necessary to find the student guilty.

If the student be adjudged guilty, she will be dropped from the course with a grade of "F," her name and the details of the case will be made known to the student body, and her parents will be notified.

If the same student is again found guilty of dishonesty during her stay at Georgia, she will be dismissed from the college.
