W. C. A. Will Send Delegates to Confab In Indianapolis

The Student Volunteer Movement to Hold quadrennial the Week of Dec. 28.

The Y. W. C. A. is planning to send delegates from G. S. W. C. to the 16th Student Volunteer Quadrennial to be held in Indianapolis, Ind., the week of Dec. 28. The quadrennial will be attended by the students by Miss Mary Rob Martin, representative of the Student Volunteer Movement and guest of the W. C. A. last week-end.

Miss Clara Louise Driskell, president of the Y. W. C. A. states that the Georgia State Woman's College hopes to send its full quota of three delegates to the convention. She asks all cooperation of students and faculty in their undertaking of raising funds for the delegates' expenses.

The Student Volunteer Movement is a student fellowship, working in colleges, universities, and professional schools. The membership is international and interdenominational, students learning under its auspices working together and thus acquire a true spirit of inter-church cooperation.

Miss Stewart, who has been connected with the Volunteer Movement since her graduation from Limestone College in South Carolina, spoke high praise of the aims and value of the convention in respect to world conditions.

Many world-famous speakers will bring messages from the foreign mission field. Noteworthy among these is a Kagawa, "The Modern Apostle of Love," whose Christian influence has extended far beyond Japan where he is a leader in great adventures of religion, political and economic freedom.

The Y. W. C. A. plans to purchase "Kagawa" by William Axling, as an addition to the Y. W. C. A. reading room.

Deputation Team Visits Adel

The members of the Y. W. C. A. deputation committee are planning to go to Adel Sunday night, November 3. Elizabeth Kelley, chairman has arranged the following program, which centers around the theme of Creative Living: Scripture reading, Luke 10:29-37; "My Three Gifts," by Mildred Turnbill, vocal selection "My Task" will be sung by Joy Miller with Virginia Zipplies as accompanist, a reading "The Tapestry Weavers" by Elizabeth Kelley, and a talk "Laws of Living" by Clara Louise Driskill. As a conclusion to the program, "Living for Jesus" will be sung by the congregation.

FOREIGN CORRESPONDENCE AS HOBBY IS BENEFICIAL TO ELIZABETH GREEN

By CHAPPIE BRAGG

The topic of hobbies, it is true, has been so widely overworked. Every school child, at some time during his grammar school years, has been asked to write a theme on "What is My Hobby," and the youthful minders are not interested to say the least. There could, however, be nothing trite in the hobbies of some of our girls. Elizabeth Green, from Jacksonville, has as her hobby, corresponding with boys and girls of various countries.

She receives letters from England, Scotland, France, Germany, the Philippine Islands, Japan, British Guiana, Alaska, Portugal, Austria, and from a Chinese girl in Hawaii.

It is quite amusing, the strange ideas that some of these girls and boys of other countries get about America. On receiving a picture of the Confederate Park in Jacksonville, a Filipino girl wrote back admitting the lovely gardens around Miss Green's house, and wanting to know how many slaves she kept. This girl also suggested that Miss Green may be able to find jobs for the men of the family, and Elizabeth lived in seclusion for a long time before she could, and she has as her hobby, corresponding with boys and girls of various countries.

The speaker at the chapel service on Wednesday morning was the Rev. Armant Eyler of the Episcopal Church. His subject was based on the subject, "Why I Go to Church." Mr. Eyler explained that his talk was printed in one of the long papers and that it listed his own personal reasons for attending church.

This marks the second of a series of talks to be given at this hour, based on religious subjects.

KAPPAS DEFEAT LAMDBAS

In First Meetings Of Current Season

The first fastball and American ball game of the season were played Wednesday afternoon. Both games were decided victories for the Kappas.

Directions of team play were as follows: Kappas 11-15-15, Lambda 15-5-12. Mary Katherine Harrell's placement of hard balls and playing of the entire game won for the Kappas. The American ball game was a special occasion for the Kappas as it was the first won by them in quite a while. The score was 10-4 in favor of the Kappas. Managers for the teams are Virginia Ingram, Kappa, and Harriet Rogers, Lambda. Among those who played unusually well were Pin Clara Howell, Ruby Harrison, Jackie Studstill and Hilda Carroll.

Pep meetings for both associations were held Tuesday night and cheer leaders were selected for both Kappas and Lambdas.

Much interest was shown in sports.(Continued on back page)

Dr. Hawks Lists Highest Freshman Scores

Dr. Lena Hawkes, freshman advisor and head of the mathematics department, gave several placement tests to the freshmen at the beginning of the quarter, and she says that there are scores extremely high. The purpose of these tests was to find out which subjects a student knew least. This gives a foundation upon which to plan her college courses.

In mathematics the three highest scores were made by Clara Hammond, Pardee Greer, and Mary Hudson.

Anna Richter, Clara Hammond and Catherine Wilson made the three highest scores in English.

The three highest scores in science were made by Clara Hammond, Anna Dunbar and Claudia Bussey.

The highest history scores were made by Catherine Morris, Claudia Bussey, and Pardee Greer.

NOTICE

The members of both the fastball and American ball teams wish to express their appreciation for the interest shown by the faculty in their large attendance at the game Wednesday.
Hitler Dominates Young People of Germany

By Jonathan B. Blingham

Nearly ten years ago, in the heyday of the German youth movements, a small organization was started devoted to Hitler’s brown-shirt Fascist party. Today every other movement is suppressed, and the Hitler-Jugend claims 5,000,000 members who are organized along military lines, and the whole movement is divided into four parts, the Hitler-Jugend proper, boys from 10-14, girls from 10-14, and girls of the same ages.

The Hitler-Jugend makes no attempt to offer artistic or technical training. Its sole expressed purpose is the teaching of the Nazi philosophy, discipline, of obedience, and the building up of strong bodies.

The reports, which are ten free school papers or do you tell them things which they do not know that might change their opinions?

The students at the Georgia State Woman’s College are the college. We are the advertising organ of the school. It is our privilege to acquaint people with the personality of our school; to make it known that we are one hundred per cent satisfied.

Washington, D. C.—A reporter who used to work on the New York American told me this story, down to the last detail, and I am passing it on for what it is worth, just as I heard it.

The reporter, who is a reliable and responsible person, was an eyewitness at the scene. To my mind it is an interesting sidelight on the makeup of two of our best known national figures. William Randolph Hearst and Arthur Brisbane.

It was a beautiful day, he thought. West Street was three inches deep in snow and sleet. The wind was rushing down the street in each passers-by's face and it had a small pinkness to it. But still, he thought, look at the candy.

The boy was the obstruction. He was the one who had dropped the chocolate. He was not responsible, but the sleet and snow were falling on him. He had stopped to get a few candies and to look at the window. He was near the door again. Turn ing to go inside he took another bite. Three or four idlers around the doorway, shifting their regard from the boy, turned to look at the limbousine which had just stopped in front of the building.

As they watched, a chauffeur in a smart greatcoat got out and hastened to open the rear door. Out came a large bear followed by another one. They straightened up and became two men in enormous fur coats. Majestically they steamed toward the entrance, their breaths turning to clouds of vapor in the frosty air.

The chassis hastily made gangway for the fur coats, guessing instinctively who was in each. The coats stepped through the doorway, stalked toward the elevator, and stopped. There was an obstruction in their path.

The boy was the obstruction. A second before, in seeking for a new hold on his candy, he had lost control of it and it had fallen to the floor in the path of the approaching Mr. Hearst and Mr. Brisbane. Unaware of their approach, or as a matter of fact of anything but his fallen candy, he stooped over to retrieve it, stooped and stepped two of America's most eminent journalists. Three little words that give Vanelle Kendall fits are "Daisies Won't Tell"—Do you know why? Ask Gene King, but he won't tell, either.

Carroll sported her Pi K. A. pin at Georgia—will the other one shine in Jax? Best of luck, gal; you'll need it if that sentimental gentleman from Georgia attends the Georgia-Florida game and you do too—with No. 2!

Four juniors will grow mighty tired of these red-tiled roofs before they can leave the campus! But one has the consolation of having received a box of candy from a former Mercer man. Her friends were overjoyed—cause they were starving after having consumed dopes, crackers and doughnuts. The candy just finished it!

Bill is the cutest one—and Marie seems to be very fond of that name! Wonder how Lamar rates now? Loyola and Ethlyn must have had a time in Chicago from the stories. Ethlyn gets air mail letters almost daily from the one in Wisconsin, while Leonora fell again for a big shot in the northern press.

"Ella" Ogletree was in a decided dither Sunday because a man from Waycross came to the campus. And Alexa Daley was thrilled over the appearance of "Doc".

"History of the Country Estate"—by Antoinette Perrett, COUNTRY LIFE, September an October, 1935.

Written in installments about different countries with a viewpoint and a manner not found in text books—this is a delightful way to learn history. Describing the life on ancient Egyptian estates along the Nile with beautiful gardens of sycamore and lotus trees where the pleasure-loving Egyptians had all they could command, the author compares their greyhounds with the latest in collars, their baths, banquets, tastes in foods, their changing customs, with similar ones of today.

The second installment on Babylon is also glamorous and both stories are based on the recent excavations. In Babylonia the prelude to the American skyscraper and modern exteriors appear on the estates.

The articles are well illustrated.

Miss Johnnie Eager Speaks at Vespers

The speaker at vespers last night was Miss Johnnie Eager, a Valdosta girl, who has recently returned from New York, where she was connected with a religious organization known as the Oxford Group. Miss Eager selected as her subject "Is Prayer Real?" and gave a thoughtful discussion of the question. Miss Eager is a graduate of Vanderbilt University in Tennessee.

Vesper service on Sunday and Thursday evenings and morning watch on every morning except Saturday and Sunday comprise the most important religious activities on the campus and are under the supervision of the student Y. W. C. A. Priscilla Kelley arranges the vespers programs and Lols Hafford has charge of morning watch.

life and customs, and languages.

The personal comments bring out the individualities of the correspondents. They are emphatic in their likes and dislikes.

Miss Green has received many presents from these friends of other continents, including normandie lace from France, a small totem pole and Alaskan territorial seal ring from Alaska, hand-made lace from Germany, wooden shoes from Holland, Japanese prints, book marks and numerous handmade crafts. Sise has more than 200 picture post cards many magazines, newspapers, newpaper clippings, and photographs. She has quite a collection of interesting stamps sent her by these "pen pals." Recently she received a Foreign stamp showing the new S. S. Normandie.

This hobby, as well as being interesting is also profitable from the point of view that it brings the youth of the world closer together and creates a spirit of friendliness between boys and girls of the various countries.

dead in their tracks.

If the Japs had, at that moment as Mr. Brisbane has been suggesting for years they might, appeared over New York City in an aerial raid, he would not have shown half the surprise that he did at sight of the boy in his path. Mr. Hearst’s face on the other hand merely assumed an expression of inscrutability. What went on behind those massive features no one will ever know exactly, but the event that followed swiftly is evidence that Mr. Hearst was fashioned a Jovian thunderbolt and that the moment was pregnant with fateful meaning for the copyboy.

He waited, while the boy recovered his candy, and then as the boy looked up, gave him a ponderous glance. Turning, he stepped into the elevator and with Mr. Brisbane was convoyed aloft. The boy stood openmouthed, looking after them, his jaw slack, his eyes wide with fear.

In the city room Mr. Hearst summoned the editor. He described the boy. The editor admitted the boy was an employee of the paper and wearily sank at heart, sent another copyboy after the offender.

And there in the city room, with Mr. Brisbane looking on, Mr. Hearst loosed his thunderbolt. He fired the boy who stooped for a bar of candy.
