**Glee Club Concert Is A Success**

The Annual Glee Club Concert was given last evening.

The Department of Music of the Georgia State Womans College presented the annual Glee Club concert at the Womans Building last evening with success. Virginia Zippies, pianist, and Margaret Pardee, violinist, assisted the Glee Club.

The concert opened last night with a group of favorite numbers by the chorus, the first being "Giudecca," by Busoni-Becila, then "To a Wild Rose" by MacDowell. The third of the group by the entire club was the lively air, "Come to the Fair," followed by the appealing song "By the Bend of the River."

The second group of the program was a group of Pavane by Debussy. Virginia Zippies opened this number with two "Jota" by Stoeessel. Louise Mae Shiman planned selections "Serenade" and "Pie, soprano, sang "Sing On" by Denza. Margaret Pardee played "Andalusia," a violin solo, accompanied by Miss Gladys Warren. The concluding solo was the beautiful "One Fine Day" (from "Madame Butterfly") by Puccini, which Joy Miller sang.

**English Club Elects New Officers**

Frances Fluker of Quitman and Martha Sue Williams of Tifton were elected president and vice-president, respectively, of the English club for next year at a meeting last Tuesday.

Following the election, Miss Gertrude Gilmer, professor of English, spoke on her recent trip to New York where she saw many of the current plays and operas. She discussed the productions giving the story and her opinions of the actors and plays. Her discussion was illustrated with pictures and programs from New York and by articles from periodicals in the library on the current stage and opera.

**Dr. W. A. Smart Speaks On Y. W. Program**

Professor From Emory Is Week-end Guest Speaker on Program

Dr. Smart, professor of theology at Emory University, was a speaker on the campus last week and as part of the program of the Y. W. C. A. for this quarter. Dr. Smart's visit has been an annual event for several years and has proved worthwhile to the students.

The program arranged for Dr. Smart consisted of the Easter morning service; open forum and a tea Sunday afternoon; Sunday evening vespers program; chapel program Monday morning, and a final talk Monday evening. The entire program Dr. Smart emphasized the integrating and harmonizing effect Christian living could have on the character of everyday affairs.

Dr. Smart gave the students the idea of living and thinking for the college of the future in his last talk on Monday evening. He illustrated the fact that one group of students could leave traditions and feelings that would improve or weaken the character of the campus.

**Critics Favor Sigmund Spaeth, Artist Series Attraction**

Sigmund Spaeth, the next attraction being offered by the Georgia State Womans College artist series, is well spoken of by many people in various callings, as is evidenced by some significant opinion appearing in outstanding periodicals.

He will appear in Valdosta on May 4.

"Thousands of Americans are being educated musically in spite of themselves and without realizing it," Dr. Spaeth's method is so pleasant, even hilarious," says William Huff, director of the Philadelphia Forum. "No matter what size, sex, or kind of audience he adopts his entertainment perfectly to the occasion and everyone has a grand time."

Dr. Spaeth has an amazing knowledge of music and the rare ability to make that knowledge intelligible to the layman. Besides he is one of the fine humorists of America. His reverence for masterpieces is plain, while they play in him his own inimitable chatty style.

Dr. Spaeth is also one of the best lecturers, giving the students a number of insight into the music and its composers, and the music is listened to with great interest and enthusiasm.

Honest Thinking

By LORENE JOHNSON

What explanation did you give your roommate for missing last night’s meeting, or not translating your last French parallel? Unless you enjoy hearing the sound of your voice you wasted just so much good time and energy. Because you know, of course, the only reason you explained to her was merely to convince yourself—
yourself was not even impressed with the elaborate display of “cause and result” that your imagination tacked on to it.

Why? Because your Self is about, three levels above you. Your Self sets on a trend of honest thoughts, not on a complicated mass of untruths thought up to cover another untruth. Your Self moves in a straight line, not shuffling in every direction and then annoying the rest of the world with apologies for so doing. Your Self admits it has work to do that must be done instead of skirrelling about low, low Self never puts the Math problems for the next day aside on the pretense that the movie you want to see will be more educational.

Sooner or later you must face the issue of being honest with your Self or losing that Self. Being honest comes from honest thinking—from admitting the truth as such and standing by it.

Come on up to your Self’s level. It can be done. Simply by thinking honestly and abiding by honest thinking. It seems stupid to have to glimpse reality through the underbrush when you could as easily climb up and have your own clear vision.

It’s hard to find anything but politics on th’front page these days. And if our foreign advances there will be more and more politicians’ mud on them. There seems to be something behind that late primary date and huge entrance fee set by the governor. Is the govern- or really considering himself seriously as a possible presidential candidate? As to the Borah-Knox-Landon race—well, it’s lots of fun to make guesses, even if one picks the wrong man.

What will be the repercussion in European capitals if the Italian army adds Ababa, completing the Ethiopian conquest? Rumor has it that Haile Selassie’s young son may be set up by Rome as a puppet ruler of Ethiopia. Some think the truth of the matter is that the Italians are in a trap as good as the trick the Trojans played on the Greeks.

One sure thing—we never can tell what Eugene Talmadge is going to do next. We can always pick up the newspaper wondering what fresh surprises will be served with breakfast.

VESPER PROGRAM

The Thursday nights vesper program was conducted by Kitzie Smith. On the program, Margaret Bracy sang “Nearer My God To Thee” and Harriet Bullard spoke on the subject of “How Much Do We Know?”

DR. SMART IS GUEST AT TEA

The sophomore class entertained Dr. Smart on Sunday afternoon with tea from 4:30 until 6 o’clock. The musical program, offered was made up of two piano selections, “Island Spell,” John Ireland—“Virginia Zippers,” and “Etude” (Chopin). Sara Martha Fyle, a viola solo, “Meditations,” Messers—Ruth Loughridge, and a solo by Edith Bennett.

Several members of the class acted in serving. Conversation groups, or will it be a waste of time and effort?

Several years ago two literary societies with the student body making the membership served on a program similar to a forum but with a formality. Last year the Canopy was successful for a time in having a letter-box for discussion on campus subjects.

Criticism and additional thoughts from as many students as possible are invited by the English club and the Canopy, and a place for them arranged in the Canopy office.

"The theatre which has lowered its great art to a disgraceful level, even though the talents of misguided laywray and produce are on occasion great, nevertheless will be boycotted." The Rev. Dr. Phillip J. Furlong of Cathedral college delivers a sermon at St. Patrick's.

THE COLLEGIATE WORLD

If you are one of those who has perfected the trick of lying, slugard-like, abed until only a mad gulp and a gallop will bring you to your knot hour class on time—take refuge in history.

The inclination to wait for "one more minute" and to arrive in class in a frowzy state, is very old among students, declare historians of Princeton University. They have found an old diary of a junior of 1786 who had to rise at five o'clock instead of seven or eight.

And so that proctors need not credit the claim that "I didn't hear the alarm clock," the "college servant" always knocked on the door in addition. Typical entry by the junior: "Heard the knocking and fell asleep again. Don't wake till second bell done, get up great hurry—go into unbuttoned, not time to light candle nor unrike fire, near being tardy."

CINEMA CYNIC
BY PRISCILLA KELLY

The Academy of Motion Picture Arts and Sciences has made its award of gold statuettes to the winners in all branches of cinema endeavor. For 1935: Best actress’s performance: Katharine Hepburn in "Alice Adams," second place, Elizabeth Bergner in "Escape Me Never," third. Best actor’s performance: Victor McLaglen in "The Informer." Surprise winner of second place was Paul Muni in "The Story of Louis Pasteur." He received no nomination, but won on write-in votes. Charles Laughton in "Mutiny on the Bounty" placed third. Best picture: "Mutiny on the Bounty." Here is a chance to disagree, though we haven’t seen all the pictures.

What is the youth of America coming to? At the tender age of almost 7, Shirley Temple has written her autobiography under the imposing title, "My Life and Times."

Well, a lot of people have caused trouble about "Children's Hour" for the screen. It has now been rewritten, re-titled, and re-cast. Yet it is said that even as "These Three" it has not lost its power.

More about the younger generation—Freddie Bartholomew has given "Little Lord Fauntleroy" more spirit and less of the goody-goody.
