The six teams and their captains and sides are: Red: Ruth Reid and Emily Cummings; Purple: Frances Hug and Louise Howell; Green: Sara Mackey and Paye Marie Beatty; Yellow: Leona Strickland and Inez Taylor; Blue: Evelyn Brim and Doris Coker; Orange: Ann Parham and Margarete Bshalm. The winning team will receive ribbons at the assembly hour.

In addition to one or more advanced games with which some of the girls are familiar, there will be some new games which can be learned quickly and enjoyed immediately have been chosen. Teams will change on the half hour and should be in place on time. Scores should be sent to Head Scorer at the end of each game.

Individuals may challenge any members of other teams, if not occupied in playing team games, to any of the stunts before the little may end.

THE CAMPUS CANOPY

Specific—in sum, articles that contained much enlarged, the generational make-up changed and more.

THAMEA AND BEHT WISHER

"do" very little "don't" and no "can't."

We've also had our fun. Lots of it. There was a gangster or a villain—so they took away his gun and gave him a baton—which he used to perfection in the dimwit bandman, Duke Smith, in HAPPY LANDING. Twentieth Century realizes his worth now—here's to better roles—and he surely can glide through a Waltz and rumba with rhythmic grace.

“Marco Polo” Comes to Theatre Next Week

By Carolyn Greene

That man of written and unwritten history, MARCO POLO—in the person of none other than our very own Joe Romero—cooperates on the college horizon. The picture promises much—among other things—technicolor, excitement, adventure—with Sigrid Oute as a “vision of loveliness.”

Jeanette Goes Garbo

Latest from the Raymond-MacDonald front—Jeanette has thrown away her riding habits and now wears in more convenient coveralls. Now she even presents hilarious impersonations. You should see her do Garbo.

Romero Leads Band

News finally got around and the studio realized that they had more in Cesar Romero than a gangster or a villain—so they took away his gun and gave him a baton—which he used to perfection in the dimwit bandman, Duke Smith, in HAPPY LANDING. Twentieth Century realizes his worth now—here’s to better roles—and he surely can glide through a Waltz and rumba with rhythmic grace.

The Spirit

By Elisabeth Wade

... of May Day is in the air! May poles brought forth from their hiding place in the attic, gym classes making lovely crepe paper flowers, art classes making posters, costume fittings, dance rehearsals, invitations off to a hundred high Schools. One of the most obvious indications of the fun and beauty of the coming Play-Day, May Day, and bring back vivid memories of three perfect May Days gone by. Each May Day seems to be the best possible, but then another year brings new plans, costumes, and dances, a lovelier May Queen. Every year the convention is bigger and better, this year it appears to be dexterous and to the hearts of both students and faculty. The Seniors would surely view their last May Day with much regret, especially the fact that we’ve invited back next year. It’s a date!

Originally

... we had planned to write a feature this week on Mr. Joe Davis, who, in case you’ve just arrived in Valdosta, writes "Groses and Guesses" at the Valdosta Times, covers earthquakes and sick dog stories for that same paper and, in general, has the most fun and most friends of anyone we know.

However, as space won’t let us ramble in this issue as far as we wanted to, we are postponing Joe (who’ll never see this and is a nice guy, anyway) until next week and dedicating this issue of type to the whole office staff of the Valdosta Times.

The Fourth Estaters at the local daily have been swell to the Campus Canopy this year. They’ve lent us cuts, they’ve taken pictures for us, allowed us to reprint their stories and have given us a boost and encouragement.

In fact, the Canopy would have been lost without the helpful hand the Times extended.

To Miss Hafold and Mr. Pat Patterson—our sincere appreciation for all the kindliness you have shown the college paper this year.

On Back Campus

When the Activities House is built, it will fill a much felt need on our campus from next year onward, in the past there has been little difficulty in finding suitable meeting places for clubs. Neither have there been desirable publication offices.

In the Activities House there will take care of these things as well as serve as the center of informal social gatherings.

The place for club meetings will save time and effort on the part of officers. There will be the pungency of last minute changes because some emergency makes it impossible to meet in the usual place.

The publication offices will tend to strengthen both the newspaper and the annual. The psychological effect of work being done in one definite place will undoubtedly be felt in both of these fields and the members of the staffs will do better work.

Kampus Kaleidoscope

Treats, retreats, festivals, conventions, weddings, foo—whatever you want to call them—this is the way their eyes and agogous diamond on the significant finger—well wishes from all her friends. Particularly charming, of course, formerly of Junior Hall, is beating. In the race up the aisle, however—in just about a week now.

Freshmen take over the campus May Day morning to decorate the classmate who told us that she read in a public book of some quaintances, taking active part in Play-Day or friends who visit the campus.

Welcome. . . is the word at OSWC this week-end—to Miss and faculty extend a cordial welcome.

When Delegates

... from this college attended the spring convention of the Georgia Collegiate Press Association which was held April 29-30 at Brenau College, they were given a most cordial welcome. It is just this spirit of hospitality and cooperation with which we hope to receive the delegates who attend next spring’s convention.

All in all, the convention was a great success. Warren Duffee, president of the GCPA, was in charge and the convention was most capably assisted by Miss Henrietta Green at Brenau, who was elected president for 1938-1939. Speakers who are outstanding in the field of journalism were eminently successful in upholding and clarifying the standards of college publications which is one of the chief aims of the association.

GSWC is indeed fortunate in its opportunity to act as hostess to such an organization. In holding the convention here next spring we shall be able to return the hospitality of colleges and high schools, and make new contacts in the past and forward journalistic enterprise throughout the state.

—C. J. M.

Jeanette Goes Garbo

We're glad to report that Rosalind is truly studying these things—so she parades "what the well-dressed man will wear" all over front campus. Larisey will start "mooning" before many moons—she and her Black Cow—this is not a paid Brookwood advertisement.

A very obliging bound of the howling variety gave an excellent accomplishment to the Georgia Collegiate Press who are the English Club and the GCPA.

That man of written and unwritten history, MARCO POLO—in the person of none other than our very own Joe Romero—cooperates on the college horizon. The picture promises much—among other things—technicolor, excitement, adventure—with Sigrid Oute as a "vision of loveliness."
Scene From Sock and Buskin Play

By The Witch

Just in case you missed the "hit" of the week—hearing the impromptu entertainments put on by the oil painting class every nothing—this week—I'll try to record a few highlights. If you weren't one of the lucky lassies who happened to drop by and peek in at the class' goings-on, then you wouldn't know what a scream it was.

You see, it's like this, the class was painting the scenery for the May Day spectacular, "Snow White." I knew nothing about that till Wednesday morning I saw two art students—Lineberger and Folsom—"gallivanting" down the hall in slacks headed for the art room. I felt especially snobby that day and followed them stealthily.

There I beheld my amaze—

"Fresh Fields" Pleases Large Audience

Sock and Buskin Club of GSWC presented an excellent performance Friday of a three-act comedy, "Fresh Fields." The production was one that would have been a credit to an experienced stock company.

The play itself was a hilarious story dealing with the ridiculous situations that arose when an aristocratic and impoverished English family allowed their finances and affections to become seriously involved with a crude and wealthy Australian family. Anna Richter as Lady Mary Crabbe gave an especially fine characterization of a charming and capable middle aged English woman who succeeded in rearranging the lives of those about her. Supporting Miss Richter were: Ethel Stallings, as Lady Lilian, Lady Mary's sister who found expression for her love-starved feelings through a newspaper column of advice to young girls; Walter Howell, who as Tom Larcom succeeds in bringing love into the life of Lady Lilian; Curtis Whatley as Mr. Pidgeon, the blundering, uncouth Australian with much more money than breeding; Louise Blanks as Una her daughter, who descends on London "for a season"; and Wibby McKee, as Tim Crabbe, who finally marries Una. Other excellent character portrayals were given by William Parmenter as Lord Jocelyn, the butler; Catherine Wilson, as Miss Swain, the secretary, and Neil Zipperer as Lady Strome.

Under the capable direction of Miss Louise Sawyer, the performance moved without a flaw from the first to the final curtain.

Abernathy To Head English Club

Margaret Abernathy was elected president of the English Club for 1938-39 at a meeting held Tuesday evening. Other officers will be elected in the fall. Retiring president, Katherine Moore, told members of the club that the proposed publication of a literary booklet of Student Contributions would not be undertaken this year. Lack of sufficient material was given as the cause.

**Kappas Triumph Over Lambdas In First Baseball Game of Season**

With a 11-13 score in the baseball game last Friday afternoon the Kappas won a close victory over the opposing Lambdas.

Throughout the seven innings, the red team kept a steady lead over their opponents, which started with one run in the first inning.

The season was officially opened when Dr. Earl Phelan, assistant baseball fan, and supporter of all games on campus, threw the first ball over the plate as catcher was Frances Hug, Lambda, with Annie Adams on the mound. The Kappas had their unbeatable combination of Heddie Hudson, pitching, and Dody Wilson, catching.

Although the Kappas kept the lead gained in the first inning, the score at times became uncomfortably close, especially in the last inning, when the Lambdas tightened up and came within two points of tying the score.

Spectacular players of the day were Annie Adams, who chalked up four runs for the Lambdas, making a home run with the bases full. On the Kappas, somebody answering, continuing back and forth until it developed into a dialogue. Almos all of the ballads tell gruesome stories in a humorous way. "Fair Patrick Spence" is the most dignified of all.

**Students Register**

FRESHMAN, Sophomore and Junior registration is now being carried on and is to be completed by the end of next week. Freshmen and Sophomore registration started a week ago last Monday and Junior registration was started May 2.

All students are urged to sign up for courses next year, although they are not certain of returning in the fall. This facilitates work in the registrar's office, which at that time is overcrowded with other administrative affairs concerned with the opening of the term.
Avera Visits College After 25 Years

By Rosemary Baker

It isn't often that elderly, grey-haired men saunter around GSWC gazing thoughtfully at the campus and buildings and even visit classes. No wonder Mr. Avera from Berrien county was a surprise to students on Tuesday. However, there is an explanation for his actions. Here 25 Years Ago

Twenty-five years ago, Mr. Avera was superintendent of the Berrien county schools. He held the position, as he says, not because of any elaborate schoolings on his part, but because of his special interest in the newly-founded Georgia State Women's College.

This is what he saw: One building which was Converse Hall serving as dormitory, dining hall and administration building, located on a large tract of thickly wooded land. On that day he also dropped in on the newly-opened Hall. While admiringly at the campus and buildings and even visit classes.

There is an explanation for his cause of any elaborate schoolings on his part for his lasted only six years, but because there was no one else to take his superintendship. He was not on the faculty, but he visited the newly-founded Georgia State Women's College.

GSWC Enters Archery Competition

Opening May 12 and continuing until May 19, a GSWC archery team will compete with teams from several hundred colleges and universities in a national telegraphed competition. Sponsored by the National Archery Association, the scores of the different teams will be telegraphed to national headquarters where the winning team will be determined.

To qualify for the team a girl must be a qualified archer who has shot a score of 300 using the Columbia Round. There will be eight archers on each team.

This round consists of 24 arrows shot from a distance of 50 yards from the target, and 12 arrows from 30 yards. Last year the tournament was won by a branch of the University of California in Los Angeles.

The Kappa vs. Lambda tournament will take place at the same time as the national tournament.

Synthetic Products Meet German Needs

By Katherine Moore

Of course, here in the South we have all been hearing about the possibilities of converting wood pulp to paper and rayon. But Eliter is better than a waste.

In Germany now they are using wood in the manufacture of synthetic products. They have been doing this for several years. This is just a minor part of the Nazi endeavor to live synthetically and therefore not be handicapped by lack of raw materials.

Artificial oil glass, rubber textiles and plastic materials are but recent products of Rubbish of all kinds, even its place in the campaign.

To qualify for the team a girl must be a qualified archer who has shot a score of 300 using the Columbia Round. There will be eight archers on each team.

This round consists of 24 arrows shot from a distance of 50 yards from the target, and 12 arrows from 30 yards. Last year the tournament was won by a branch of the University of California in Los Angeles.

Ashley Will Be Open This Summer

Ashley Hall is the dormitory that will be open during summer school, beginning Monday, June 13. Miss Annie P. Hopper, dean of women, will be here for the summer session.

Dr. J. A. Durrenberger is in charge of the instruction arrangements for the school. Dr. Frank Beade will be here only part of the time. Miss Evelyn Dearco, librarian, will return and will also teach a library science course. Mrs. Caroline Thomas, Miss Elizabeth Laryy, Mr. J. R. Dusenberry and Miss Mildred Larsen will also have their regular positions.

GOIN’ TO TOWN

With Louie Peeples

Whew! What two weeks can do! Honor Day, Georgia Glee Club, Fresh Fields, marriage announcements, May Day preparations, and all! GSWC fairly hums with activities, and incidentally, congrats to the honor students and their new officers.

March Whiles is all smiles these days. Reason: letters posted marked Macon quite frequently. And Frances Myddleton is not alighted a little by Mercer herself. She receives a letter every day, and that is what you call honest-to-goodness charm and power.

Girl of Our Week

This column's girl of the week and June Mildred Turnbull. We always said our pretty assistant dean would marry some fine, up-rising young man, and before we knew it, here came the man, the announcement, and now excitement all over the campus! We rather guessed a romance from Christmas Cabin trips, Moull-trip during vacation, and those heavenly smiles on two sparkling faces. Well, it just goes to show you girls, that this is the year for red-heads, and, gee! ain't it wonderful?

Credit where credit is due: it's funny how young girls in the majority pay such little attention to religious work and thoughts, but two exceptions we know of are Mirti Quinlan and Caroline Williams. And not surprising, we've never seen either one of them in an honest-to-goodness depressed state of mind.

"Fresh Fields" Was Excellent

The cast of "Fresh Fields" was unusually excellent. Miss Sawyer with the assistance of Doris Harper and others, deserves quite a big hand on such capable direction. Incidentally, Ethel Stallings, a member of the cast, is some gud-a-bout. She not only acted with the cult of a gifted actress Friday night, but really and truly displayed her hidden gift of silence the week before when some one announced at dinner that she would play upon the glee club's own special device. (The Glee Club were guests at dinner.) The laugh came when Miss Stallings failed to perorm, and whispers went—well, after all, we weren't there. Nevertheless Ethel did give a handsome Glee Club number a pretty bad case of heart jitters. And say, was it contagious! ?

Virginia Zipple and Carolyn Askew were victims. Ask them, 'cause we're not telling. Dance Was a Success

The Freshman dance was quite a success, only the refreshments were a bit on the of the evening: Dorothy Brown trucking on down with that marvelous uniform, Mary Anne Paulk's date. Fairly bubbles over with enthusiasm: Anne Parkham. She was doing her best to tell the author a jolly piece of news of the other day, and we could hardly get a load of what she was saying for watching the twinkles dance in her eyes. Incidentally, her O.C. date had a particularly Panting time in the park, and also the bus had gone to town!

...Glad Chatter: Sara Mackey's secret of being so cool-looking on these hot days is a daily trip to Brookwood, the college girl's delight. Tree Smith's ambition is to be an exclusive model. Discovered gossiping in a swing last Saturday night: Lis Borden and Jerry Fletcher. Frances Giddens bears an almost perfect resemblance to a popular magazine model. Walked to school with Martha Powell recently and learned that she not only fixes her own hair, but has an inking for beauty culture, and all that goes with it. Good description of Sue Nelle Greenlee: "Fashoned so slenderly, young and so fair."
**GCPA Will Meet Here**

Next spring the Georgia Collegiate Press Association will hold its annual convention at Georgia State College at Valdosta. The Brenau College at Gainesville was host this spring on April 29-30 and the member colleges voted to meet at Valdosta next year.

C. J. Morris and Clara Mae Sassar, 1939-40 editor of Campus Canopy and of the Fine Cone, and Rosalind Lane, present Campus Canopy editor, attended the Brenau conference.

The main speakers of the convention were Charles Hardy, of the Gainesville News, who spoke on "Improving the College Weekly," and Wright Bryan, editor of the Atlanta Journal, who discussed "Modern Journalistic Trends." Besides these and other talks, various round table discussions were held concerning editorial, yearbook, and business problems.

The social side of the convention was not neglected for a dance and banquet were held Friday evening with a May Day pageant and Open House on Saturday evening.

The officers for the convention were president, Warren Duffee, Emory; vice-president, C. J. Morris, GS; secretary, James McGuire, Evening College, Atlanta.

Officers elected for the next GCPA are: President, Henrietta Greem, Brenau; Vice-President, Dillard Mumford, Georgia Tech; Secretary, Betty Donaldson, GS.

May 15 Is SGA Point Deadline

May 15 is the last day students may record SGA points, according to Ruth Bunn, point recorder.

Points are given each year for outstanding offices in campus activities. A score of 25 points over a period of 2, 3, or 4 years entitles the holder to a GSJC emblem. Last year less than twelve students received the emblems.

pupils who made up the entire student body! This was GSJC in 1913. It presents a striking contrast to the college in 1938. Mr. Avera was greatly impressed with the changes that the twenty-five years had produced with and with the beauty of the campus, so naturally he wanted to take it all in.

Working on Arithmetic

Mr. Avera is in his eighties and is very agile for his years. At present he is trying to devise a method to simplify arithmetic so that struggling grammar school students can understand it easier. For their sakes let's hope he succeeds, even if we were born thirty years too soon!
