Draper To Present Second Series
Of Programs Feb. 11

Miss Ruth Draper, mistress of monologue, will appear in the GS.W.C. Auditorium on Thursday afternoon, February the eleventh, and present the second series of her series of the human Grundians of the World, which has already been described in this paper.

Dr. Frederick Pistor, Professor of Education, presented to the students of the college a most interesting and stimulating talk on the subject of "Education in the Light of the Future." The talk was given on Monday evening in the auditorium of the college and was attended by a large audience.

Dr. Pistor started by saying that in our present day society, education is more important than ever before. The reason for this is that in the past, education was seen as a means to an end, but nowadays, education is seen as a means to a way of life. It is no longer just about getting a degree, but about being able to think critically and creatively.

He then went on to talk about the importance of education for society as a whole. He said that education is the key to a better future for all of us. He pointed out that education can help to create a more just and equitable society, and that it can help to create a more educated and informed citizenry.

Dr. Pistor ended his talk by urging the students to take their education seriously and to make the most of the opportunities that are available to them. He said that education is the key to a better future, and that it is up to each of us to take advantage of the opportunities that are available to us.

The complete text of his talk will be published in the next issue of the campus newspaper.

To the Editor:

The students of the college wish to express their gratitude to Dr. Pistor for his talk. We feel that it was an important talk that will help us to think more critically and creatively about the world around us.

Sincerely,
The Students of GS.W.C.

KBBUS KALEIDOSCOPE

Kathie brings you some bits of the week. These are floating on Cloud City Live! We are in the middle of a beautiful week with bright, blue skies and a gentle breeze. The weather is perfect for a day at the beach or a garden party.

We have some exciting news this week! Rachel is in the process of planning her first wedding weekend. She has decided to decorate the venue with beautiful flowers and candles. This will be an unforgettable event for Rachel and her guests. The wedding will take place on Saturday at the beautiful seaside mansion.

Rachel is hoping for a perfect day, with warm temperatures and a gentle breeze. She has invited all of her friends and family to attend the ceremony. She is particularly looking forward to seeing her friends and family come together to celebrate this special day.

Rachel's mother, who is in charge of the wedding planning, has been working hard to ensure that everything runs smoothly. She has hired a professional planner to help with the details and has made sure that all of the vendors are on board.

The wedding will include a formal reception with delicious food and drinks. Rachel's father will give a speech, and her best friend will deliver a toast. The couple will then cut the cake and share their first dance as husband and wife.

Rachel's mother has also planned a weekend getaway for the bride and groom and their guests. They will spend the weekend at a luxurious spa, where they will enjoy spa treatments and relaxing massages. The weekend will include a romantic dinner at a Michelin-starred restaurant.

Rachel is looking forward to this special day and hopes that everyone will enjoy themselves and keep the memories alive.

Sketching The Seniors

By PAT FORREST

ELIZABETH FENDER THOMAS

Greetings to a girl who's successfully completed the first four years of college and is on her way to graduation. And what's more—she's found time to keep up her studies and at the same time share with others what she's learning here on the campus. Libby, who is a native of Valdosta, Georgia, is a Valdosta girl who's spending her final year at Valdosta College this quarter, and she says that she is enjoying it very much.

And now for all those activities. She's President of the J.R.C., Vice- president of the Beta Club, a member of the Valdosta Club, the Math- ematics Club, the Economics Club, the Feminist Club, and the Athletics Club. (She's a Ladyback ladies, of course.) But the most important of all was the time she told everyone that she was going to be married. That took her off campus, she'll tell her classmates. Libby and David have been together for all four years. Libby discloses with a smile that this is a case of love at first sight.

And now for that man in her life. Since she came to Valdosta College, Libby has been a member of the school choir, the high school band, and the orchestra. She's been a member of the school choir ever since she was in the first grade. Libby has also been a member of the school band ever since she was in the second grade. She's been a member of the orchestra ever since she was in the third grade.

And now for that man in her life. Since she came to Valdosta College, Libby has been a member of the school choir, the high school band, and the orchestra. She's been a member of the school choir ever since she was in the first grade. Libby has also been a member of the school band ever since she was in the second grade. She's been a member of the orchestra ever since she was in the third grade.

Just show me one girl who wakes up bright and early on Monday (shudder), ready to turn the radio on and begin. —Now we'll give her up and to the back as we touch the floor. Of course, she will be up and ready to go to class. —And now for the romance that led to Libby's marriage. Libby and David met at Valdosta College. They first met during their freshman year. Libby was a member of the school choir, and David was a member of the school band. They started dating that year, and they've been together ever since.

In my dreams, you walked and kissed me.

But tell me, why did you turn and leave me when I was in the middle of my life? Why did you walk away from me when I was in my prime?

I was always there for you, but you always left me. Why?

Think of all the good times we had together. Think of all the memories we shared. Why did you leave me now?

I feel alone and abandoned. Why did you leave me?

My heart is broken. I miss you so much.

Why did you leave me?

I feel alone and abandoned. Why did you leave me?

My heart is broken. I miss you so much.

Why did you leave me?
COULD WE GO BACK JUST A LITTLE
and talk about the initiation last Friday? Did everybody have lots of fun? Just Point: wasn't it? I believe there were some phlegms who were disappointed because they didn't get a chance.

To the Sports Club pledges who gave such a fine party last week, and provided such wonderful entertainment. It was grand, and everyone enjoyed it.

DEFENSE STANCE—IN THE CUTTING STORE
It was in the cutting store on Friday, 30th. That's the way to do! In the annual defense stance...

COMING ON THE HIKE TONIGHT
It's always a fun hike, and we'll have good food too. It's a wonderful weather for walking, so let's all be ready to go.

RAFFLE—TONIGHT
It will be held tonight, in the auditorium.

A LITTLE WHISPERING IS GOING ON
around this in athletic sports practice yet. The volleyball team is minus a few players and is good for you from a physical standpoint. If you don't know how to play, just ask around for someone who can teach you all about it. As far as I know, that's all about it, so we'll look for you Monday at 4:30.

PINS FOR THE DATE BUREAU
and the sale of Defense Stamps at the Country Store were discussed.

SUGGESTIONS FOR THE COMING YEAR
with the seven tentative dates. These seven tentative dates.

A WOMAN WITH A PURPOSE
We have only three weeks about 22. Says she on us. Said she on us.

PROFESSIONAL IDENTITY—
You have at least two practices, and that one of these should be pointed to as the main source.

THAT'S WHAT IT'S FOR
My task was advancing to every girl's except one. She may see something about this, she may see something about this.

WHEN I THINK OF HOME
In the event I am to have any trouble.

Pleasing your class—No. In the event I am to have any trouble.

THE ISLAND COUNCIL—
In my dotw, what do you suppose.

THE HOUSES OF THE HUNTER
You should ask your friends about what they said. What did they say?

THE STEPS
Leveled G.S.N. has more expressed these thoughtful plans. I want a bang-up... seven rooms on the outskirts of town. I can have a garden for vegetables. I can have a garden for vegetables. I can have a garden for vegetables. I want to grow up with them.

NO MORE! PLEASE—
That's correct, by no stretch of imagination, could the behavior of any one of these be pointed to as an excuse for your loss of personal integrity, or for mine.

When and if you cannot play, he is head, father, salesman, or rival. If he asks you to do anything in a private, automobile—automobile, please, do not tell him.

I want a bang-up... seven rooms on the outskirts of town. I can have a garden for vegetables. I can have a garden for vegetables. I can have a garden for vegetables. I want to grow up with them.

Pleasure riding—That student by home. "I'd rather wait till I'm usually, very the date. I think of home. I want a bang-up... seven rooms on the outskirts of town. I can have a garden for vegetables. I can have a garden for vegetables. I can have a garden for vegetables. I want to grow up with them.

TAKE THE CAR
I'd rather wait till I'm usually, very the date. I think of home. I want a bang-up... seven rooms on the outskirts of town. I can have a garden for vegetables. I can have a garden for vegetables. I can have a garden for vegetables. I want to grow up with them.

Co-Rec Will Solve
Your Date Problem

By MARTHA ASHLEY
Co-Rec, the up and coming phase of campus activity!!! The Sports Council has appointed a new committee, composed of Betty Mallette (kicks), and Anna Malone (Kappa Lambda), for the purpose of making this one of the most lively and interesting of the activities of the Sports Club.

Through cooperation between this committee and the Date Bureau, girls will be allowed to have dates for tennis, golf, swimming, badminton, and archery. Novelties parties and tournaments will be staged for the pleasure of both girls and boys. Moonlight suppers, picnics and hikes will also be a feature of the Co-Rec program.

Following Dr. Reade's announcement of the new rule on pleasure riding, this will be one of the most important ways of solving our "date problem."

Students will be required to sign their names on a Co-Rec list before taking part in any of these sports activities. Co-Rec dates will be for any scheduled day, starting on Friday afternoons and ending Sunday afternoons.

If anyone wishes further information about this, she may see either of the girls mentioned above.
