Gathered Gossip

"The Desert Song," by Sigmund Romberg. This song is a hit, and Alpha Mae Castleberry from Student Life isn't the only one to sing it. Alpha Mae is definitely a B.W.O.C. and lovely, which is why she is chosen. She is president of the Y.W.C.A. president of the Sociology Club and Executive Committee of the Fashion Committee. She is Miss Patsy R. Martin's cousin.

Among her favorite pastimes are concerts and music. She likes to read serial stories in the magazines. Her favorite author is "Flend" for the editorial page of a newspaper, and she right after supper too, or in the rain—particularly in the rain with added sound effects. The raincoat and her hair face being bleached, she said she heard that song before "With the Wind and the Sun in her hair." "That's for Cassie."

Alpha Mae prefers semi-clas-sical music, even though Mr. White says there is no such thing as semi-clas-sical music. The director Herbert's arrangements and compositions, and her favorite is "You Are My Sunshine."
Math - Science Club Solves Exam Problem, Calls ‘Little Willie’

By JEAN LAND

Do you worry about your grades? Are you afraid that you are going to flunk your courses? Don’t despair. Apparently, November 13, 14, 15, say, you are going to be the one to do it. But don’t worry. If so, you need Little Willie as a companion.

Don’t tell me you don’t know who you need. Why, you’re the one who buys his corn bread at the corner store, who keeps his wheat and corn, and who buys his meat at the butcher shop. He is the one who knows all about the science of cornbread and wheat.

Among the first to hit the ground will be Little Willie. He is the one who knows how to make a good cake. He is the one who knows what corn bread is to a good culture of wheat. He is the one who knows what a good culture of wheat is to a good cake. He is the one who knows what a good culture of wheat is to a good cake. He is the one who knows what a good culture of wheat is to a good cake.

Our delegate is back from the G.A.W.C. conference in Alton last week end. Roscoe and Miss kye went to Wesleyan to help plan for the game that was held in the spring. What was that you said about the “Spun- ters,” Rachel?

THE VOLLEY BALL GAME AND “THE” AMERICAN BALL GAME

The two big college sports are basketball and volleyball. Both games have been the best of the year. Experience and practice are going to give the schools confidence and strength to both teams. All games will be exciting; the Lambda and the Kappa games are to be in the American Ball and Kappa, Newson, Carson, and Branson, in Volley Ball. That volleyball games are expected to attract a large number of spectators. The Lambda has won the Plaque last year for the first time in a number of years, and they expect to win it again this year. Needless to say, the Lambda are out to regain the honor and return the Plaque to those who would call the “rightful owners.”

As the score in games stands for this year, the first American Ball game was tied 2-2, which shows how well matched the two teams were. In the second game the Lambda experienced forward line pull a few old tricks out of the bag and topped the Kappas for 2-1 victory. This leaves the third and last game to set that ever present question of “Kappa or Lambda.” The Lambdas are a little more hopeful and the Kappas are fighting mad.

Both teams have shown plenty of spirit and are evenly matched. The Kappas have come up with such line players as Turver, Green, Kidder, Middleton, and Davis, but the Lambdas have their match in Bolin, Downs, Grantham, Wil- kin, Alderman, Remson, and Lupo.

The Lambdas have a slight lead on the Kappas when it comes to experience, but Kenny Kappa Manager, seems determined that his team in top condition with frequent and fast workouts. It is to be the last game both the Kappa and the Lambdas seem to have lost some of that good ole’ pep we’ve been hearing so much about so we’ll be expecting you all to be there next Wednesday to see the climax of the season—the last great battle between the Lambdas and the Kappas on the American Ball field.

Downtown - the plagues read - "Do your Christmas shopping early," and GSWC has taken the suggestion to heart. Over the campus groups are drawing names, hiding presents and addressing Christmas cards to the tune of the beloved "White Christmas." Whether the motive behind the pre-season rush is to comply with Post Office orders or to avoid exam-week complications is still in doubt.

It all began on Sunday when the Sock and Buskin Club presented its After-Dinner entertainment. "The Christmas Carol" was well received by the students. After the program, the junior class will gather to try out Yule in Twin Lakes for a dinner and a last meeting of the officers of the club. The eight girls who will graduate at the end of this quarter are Goodwin, Croce, King, Davis, Price, Peters, Morgan, and Becton. On Thursday evening the Sock and Buskin Club will present "The Christmas Carol." There will be no issue of the Campus Canopy next week as it will be published before Christmas.
