Dormitory Animals

By SARA TYSON

The name of this place could easily be changed to Zoot Zoo if you ever started thinking about all the animals that girls own. This does not include the pets of the boys, for there are many of these also. One of the most unusual is a hamster named "Pinpoint." It is a hybrid of a black rat and a white mouse. It is the pet of Mrs. Walker, the English teacher. There are also many cats, including one named "Buttercup," owned by Mary Jane Smith. "Buttercup" is a Siamese cat and is very fond of chicken liver. She also has a small flock of chickens. There are several dogs on campus, including "Buddy," owned by Betty June Smith, and "Paul," owned by Marie Armstrong. "Buddy" is a Collie and is very fond of the children. "Paul" is a Poodle and is very fond of children. There are also several rabbits, including "Half Pint," owned by Betty June Smith. "Half Pint" is a white rabbit and is very fond of carrots. There are also several birds, including "Buffy," a canary, owned by Betty June Smith. "Buffy" is very fond of seeds and is very noisy. There are also several fish, including "Goldie," a goldfish, owned by Betty June Smith. "Goldie" is very fond of bread crumbs and is very pretty. There are also several reptiles, including "Hoots," a snake, owned by Betty June Smith. "Hoots" is very fond of mice and is very dangerous. There are also several insects, including "Bugs," a ladybug, owned by Betty June Smith. "Bugs" is very fond of flowers and is very pretty.
CAMPUS CANOY

GATHERED GOSPI

By KATHLEEN GRANTHAM

CARSON: Why did that man have his little black pad on campus yesterday?

And what's this we hear about RENTZ liking a horse better than a man? Man shortage must not be so bad as we thought.

It's a bit cold to ride a horse; I'd rather have a better boy—be more at home in the saddle.

NICKY WMS, and JERRY SHEPPARD are beamng with joy now. Their saber wands are made of their old flames again—MARIE ARM- STRONG isn't doing so bad on the market situation herself.

NEZIEU LOU really strouted herself in "Mephs一部ia" last weekend.

QUOTE, "And Billy was sweeter than ever, UNQUOTE.

Poor "GIBB" we are sorry that Ralph went to Nebraska instead of Alabama.

MARGARET JOHNSON is really floating on clouds since she heard that Father MILTON is on the way home—Some gala just have all the luck.

We hear that PEGGY PRESSLEY really got around with the legisla- ture. But it didn't last.

Those letters from BOB really thril CATHRINE MONESE, but she's sh'd of those letters she gets from "BUSSY," old 4H chit.

MARIA CHASTAIN was sad to see L.T. MAC leave Moody, but she's getting just as many thrills through postal service.

Back home is LT. BUTTON from the E. T. O. JENNY SUMMER showed us a picture of him the other day.

True love never did run smooth says DOTTLE—she seems to be having a little trouble with HARRY these days.

JOYCE MOON and CHARLOTTE GOODWIN are constantly feuding over who will get the job of J. E. P.'s assistant.

We all notice that PEGGY WOOD just loves to play tennis—especially with a certain sailor from Lake City.

DOE DOE is up against some strong competition now that JEAN LAND is running unopposed in the student council.

ROSEMOND BURNS just loves to be called "Rosey"—Wonders why?

"WILL SARA TYSON ever make up her mind? The poor chap's can't wait forever, Sarah.

The war can't last forever, MARY NELL (we hope) so cheer up!

THE CAMPUS CANOY

Sketching the Seniors ...

By JEAN LAND

VIRGINIA HODGES and EVELYN MEINERT

Virginia Hodges who is better known around this campus as "Sook," Georgia, and likes any and all kind of picture shows.

Somerset Taylor and Greer Garson are her favorite screen stars and she likes any kind of movies but especially those that are deep and make you think.

When I asked "Sook" what she liked to do when she wasn't studying, Meinert popped up with the phrase, "sleep and eat," which must be hard to do, because she and they both laughed.

Everyone knows the heading of soups, sandwiches and salads which about takes in most all food; but "Sook" doesn't like any in between or for any day for "Sook." She has her pet foods department.

"Sook" likes all kinds of music but especially the music of Brahms and her favorite classical piece is Liad, Triangle Concerto.

Favorite authors include Somerset Taylor and Greer Garson are her favorite screen stars and she likes any kind of movies but especially those that are deep and make you think.

Ohio State University}

A large number of students attended the joint program of Carolyn Mann and Ida Maude McKinnon at the Philharmonic Club meeting, Monday, May 30. Presenting her senior recital, Carolyn Illey, also proved to us what the World Student Relief was doing to prepare people's lives to trees. As seedlings are the ones which stand in a storm, so our lives must have deep roots if we are to stand in the storm of life.

After Retreat Reflections

Ashley Hill
Park and Tyler
Valdosta, Ga
April 13

Hi Folks,

Get back on the road, and get ready for the road. We just got back from a retreat and it was fun. The activities we had were swimming, hiking, and fishing.

The first day started with swimming at Lake Hamilton. We had a great time floating around and playing games. After that, we hiked along the trails and enjoyed the beautiful scenery. We also went fishing on the lake and caught a few fish.

The second day was spent enjoying the lake. We had a picnic lunch and played some of our favorite board games. We also went on a nature walk and observed the local wildlife.

Overall, the retreat was a great opportunity to bond with friends and enjoy the outdoors. We left feeling refreshed and ready to face the upcoming challenges.

Yours truly,
Ashley

To the People of this Community

As we celebrate our engagement with Jenna last weekend, we have an answer to this question but our best advice is to keep it secret before you think it will be a disaster. We have had close to 20 years of relationships and there is no one way to win.

The bridal gown was selected from a variety of designers, and the wedding date was set for May 15th. The ceremony will be held at our favorite venue, and we invite all of our friends and family to share in our special day.

The theme of the wedding is "Beaches of the World," and we plan to incorporate elements from each destination where Jenna and I have traveled together. We are looking forward to sharing this day with everyone.

Thank you for your support and for being part of our lives.

Joe and Jenna

Sidelights from Sports Field

By COMINNE BBELINGER

KAPPAS!! You'd better watch out for "Tug." She hit a pretty one Tuesday so next time she'll probably hit a home run. We pitched like those three guns and the Country Club will get out and through a tentative date has been set for May 18th. This time around they're open for anyone who wants to come and play. We've got a world-class pitcher, so don't forget to get plenty of practice in. And as always don't forget to make sure you have your ticket in hand for a possible reward.

The swim team is also swimming coming up May 18th which is just two weeks off. The swim team is coming right along and it's not too late to join or to get in all of those other things which will need lots of spectators to make it a success.

There is one more match game and one more Upperclassman-Freshman game this year so this is the last time to lose your enthusiasm for softball drop. If you can't play quite as well as the "Star" doesn't stop you. Why not it's all yours to try and stay up for the third week and you can get a chance to make the first score of the game.

The Lambda's came right back in the third with one hit, one man walked, and one run to tie up the score K. L. I.

In the second half of the fourth the Kappas got on top of that ball for five hits and three runs to pull it away and it's a 5-1 win.

The Lambda's let the rest of the game go by without scoring but the Kappas gathered a total of eleven runs to make the final score 11-1 and to give them five more points on the plaque.

The statistics on the game shows hits for the Lambda's with 16 hits, 2 walked, and 11 runs for the Kappas.

needs for campus improvement

Seen by Legislative Committee

After touring the campus last Monday the State Legislative Committee composed of investigating the school discussed the possible improvements on campus. Some of the things which were brought up included the following:

A dormitory building, a health service building, and a gymnasium final building for athletic purposes which have already been drawn upon. A home management house for the home economics department and a dining hall kitchen were considered. There was also assistance given to build a new student union and the Rotunda which was brought up. The means to improve the student union and the South building were also discussed.

The Lambdas may have had a lot of friends, but they also had many enemies. Some of the students wanted to make sure that the Lambdas did not win any games.

Sophomores Win

(Continued from Page One)

What did we get from College work this term? That was the question that the Sophomore Class tossed around.

For the Sophomore Class, the Sophomore Class was a big hit. We had a lot of fun and met a lot of new people. We also learned a lot about ourselves and the world around us.

College Tennis Tournament to Start On May 9

An elimination tennis tournament has been planned to start on May 9th. The tournament will be held on the Ad building.

The tournament is not just for the tourists, it is for anyone who wants to play. A draw will be set up and each player will play someone else of almost equal quality. Each time a game is played every two sets are won and the winner will be the one which reaches that total first. The winner is then advanced to the next round until there is just one Lambda and one Kappa left. Then these two will play to win the tournament. The winner will play off to determine the winner of the tournament.

Sophomores Win

(Continued from Page One)

The Sophomores won their match against the Freshmen and will now face the Kappas in a second round.

FRESHMAN GAME AFTER THIS WEEK SO THIS IS NO TIME TO LET YOUR ENTHUSIASM FOR SOFTBALL DROP OFF.

The Sophomores did a great job in their first match against the Freshmen. They played well and showed great control.

For the Sophomore Class, the Sophomore Class was a big hit. We had a lot of fun and met a lot of new people. We also learned a lot about ourselves and the world around us.
