Introducing Valdosta

By BETTY HUTCHINSON

"S. S. C. is an unusually nice college," are the words of Rev. Leon B. Cochran, a very closely connected with the college and very interested in the welfare of the students. Although Rev. Cochran is not a native Valdostan, with him as Pastor of the First Methodist church and a citizen of the community, Valdosta is greatly enriched. He has lived in Georgia, and attended the county schools and later graduated from the preparatory school at Emory-at-Oxford College. It was here he received his call and entered the ministry, receiving his ordination from the Asbury Mis-

sions College in Winona, Ken-

Wood. During the summers of his years he was attending the ministerial school, he preached revival services, and he is a harmonious social, a stimulating mind, and the abili-

to make people have a good time. Our happy know him are to be congratulated and who do not, should make his acquaintance.

International Relations Club Maps Plans

The International Relations Club met on Tuesday night, October 16, in the House to initiate and entertain the new members. The meeting presided over by Harriet Arrington, the president, was the first of the year.

The projects of the club were to acquaint the new members with the type of work done. Among the projects mentioned were those of Russian War Relief, Red Cross knitting, the rolling of bandages, and the Community Chest Drive.

The I. R. C. has sponsored for several years the Community Chest on S. W. C. campus.

The contributions toward this drive are used to support the foreign aid and International U. S. O. needs. The club asks that every student contribute as much as he can. Members of the club will visit each dormitory room so that everyone may contribute to this worthy cause.

At the latter meeting, a historical quiz was given and refreshments were served.

WHERE IS EVERYBODY?

By Anne Shipp

A question often asked here is "Where is Jane or Anne or Betty or Barbara? What is she doing?"

Wondering myself, I went on a search and looking over the 44-45 sophomores and junior classes I found a large number at the University of Georgia. Among these girls are Joanna Barineau, Carolyn Dozier, Katheryn Green, Rose Hull, Lib Hill, and Elis Hinson. Others, too, are Betty Lee, Dot Reynolds, Virginia Summer, Wade Wiltips, Laura Helen Downs, Carolyn Pittman, Margaret Reckley, Lynda Robinol. You could almost call U. of Ga. an annex of WC.

Several of our girls have joined the married ranks. Those that have tripped down the aisle are Charlotte Taylor, Betty Jane Remson, Mary Crum, and Anne Keene. One girl will jump into the married ranks next month. She is Madge Williams of McRae.

Lambdas Triumph Over Kappas In First Match Game

BY MARIA CHEIN

The first match game of the year was won by the Lambdas 4-2. Below a large crowd of spectators lined up behind their cheerleaders the Lambda team came through with the needed points to win the contest.

Scoring in the first few minutes of the game, the Kappas were up for a goal. A few moments later, with the Lambda forwards hustling down the court, the score was soon tied 1-all by Virginia Bolen’s goal. Not soon after, the Lambdas kept taking the ball down the field and once there, Bolen put it over and under the bar for three more purple points. Horn accounted for the Kappas points.

The Lambdas had grand teamwork but just lacked the vital punch. Morris Smith and Jean Rowdy did some beautiful ball carrying, passing and dribbling. Bobbie Townsend and Joy Roland got the ball deep in the Woods.

Hold First Meeting

The freshmen and Senior Honor Societies held their first meeting of the year Thursday night at 8 o’clock, in the Woodruff Auditorium. Jean Martin, president of Senior Honor Society, officiated. Plans were made for interesting and educational programs to be given at the meetings. The meetings will be held every Wednesday night.

The Assembly Program of October 17, consisting of two pictures, was shown. The first, THREE TO BE SERVED, was about capital, versus labor, versus consumer. The picture was a TRAVELogue ON VERACRUZ. Cotton was narrator. It showed Mexico’s varied colored flowers, odd clothes and customs.

The Atomic Bomb, its principles, manufacture, and political effects constituted the program of the Atomic Bomb. They are asking the cooperation of the clubs and associations, so that each one will have an assembly program during the year. Already several have been scheduled, including the Serenaders.
