Executive Committee and E. C. A. Will Sponsor Ga.
League of Women Voters

A definite step forward has been
taken. The Executive Committee of S. G. A. and the E. C. A.
declined in a joint meeting Monday afternoon to sponsor the Georgia
League of Women Voters on this
Campus. The League of Women
Voters is a national, non-partisan
organization which informs women
voters of national, state, and local
policies that are of timely inter-
est to them. Its active purpose
is to study thoroughly bills and
issues that come up in all govern-
mental bodies and to take a de-
finite stand on them.

To G. S. W. C. information
will come pouring in every day
from the Atlanta League. This
information has been gathered by
the national league in Washington.
Rules, amendments, and all issues
are studied and pro and con a
nearly and opposition is voted for or against the issue is taken.

For clarity here is a concrete example. A Health Bill which will standardize all Georgia hos-
pitals is to be voted on in the
Georgia Legislature at a near-by
date. The Georgia League of Wo-
men Voters investigated several
Georgia hospitals and found some
of them in a deplorable condition.
For this reason the Georgia
League has taken a definite stand
for this bill.

At G. S. W. C. we are informed
of state stand and are urged to take whatever steps we think
wise in passing the Health Bill. The best method of action
is direct communication with our
representatives, senators, and con-
gressmen.

Harrett Arrington was elected
temporary chairman and will be
charge of presenting the League
and its organization to the Stu-
dent Body as a whole. After it has been clarified and presented
to the students, membership will be
open to all who are interested
and these members will elect their
officers.

and its organization to the Stu-

Introducing Valdosta

The person to be introduced this
week is Dr. T. Bonn Gibson, Pas-
tor of the First Baptist church,
who is stationed in Valdosta.
He received his A. B. degree from
Howard University and his Th.D. from the Southern Baptist
Theological Seminary and was or-
dained in August, 1918. During his seminary days, Dr. Gibson

churches.

During the First World War he
was in the United States Army for one year and on
his return to a civilian status be-
came Pastor of the First Baptist
Church in Andalusia, Alabama,
for four years. He went to the
Earle Street Baptist church in
Covington, Ga., where he served two years; from there he went to the First Baptist church
in Canton, Georgia, where he
served as pastor for two years, and
then came to Valdosta where he
was pastor of the First Baptist
Church for two years and a half.
He was then called by the Navy
in March of 1943 to service as a
pastor in the active duty officer
force.

Dr. Gibson was born in Davis-

Peace on Earth

As the time draws nearer and nearer to that season of the year when one turns from selfish, petty thoughts to considerations of others, many things come into my mind that might be worth sharing.

For the first time in many long, tiresome years we can gather around our Christmas trees and sing of “peace on earth, good will toward men.” I hope that soon we will find that key which will unlock the doors that have so long been closed to men, and enter into a new world of everlasting peace.

Peace on Earth! How sweet those words are to a weary world. A million people, torn asunder by the selfish desires of man. A desire for power which they are not worthy. A desire to lead when they were not capable of leading.

Peace on Earth! How true that rings to the ears of those who have fought, that this dream might come true, that those who went to the battlefields from the cities, the villages, and the country, the men who sacrificed so much. Some even gave their lives.

Peace on Earth! A time when little children will not have to turn away from lighted streets instead of a sight which they did not remember having seen before. A time when fathers can come home from the usual days work and play with their little son. A son who has watched his first steps. A son who played in “Day” one day and was thrilled beyond words. Not a son that he will someday have to watch march off to war as he did.

Peace on Earth! No more eternal bickering over a weapon of war because every man fears his brother. No more revolutions. No more internal eruptions over night to gain more power.

Peace on Earth! No more internal eruptions over night to gain more power. Peace on Earth! No more internal eruptions over night to gain more power. Peace on Earth! No more internal eruptions over night to gain more power.

O

Martin Writes on Student Government

The other night as I let my mind wander back over the three years that I have been at G. S. W. C., I came to the conclusion that this was the best year yet.

Have you ever been to a bargain sale in Rich’s basement? If you haven’t, then you have missed half your life. Things have been cleared away. Things have been done instead of just being talked about. Even escalators have been added to aid students in their climb upward. Student government at G. S. W. C., which I have believed in financial matters, but there seemed to be a whole-sale dissention among individuals, groups, and even officers of S. O. A.

They have been cleared away. Things have been done instead of just being talked about. Even escalators have been added to assist students in their climb upward. Student government at G. S. W. C., which I have believed in financial matters, but there seemed to be a whole-sale dissention among individuals, groups, and even officers of S. O. A.

The news comes in that G. S. W. C. is running as smoothly as any Swiss watch made.

It seems that a well-rounded executive can do more for a department store than one who is good only in financial matters. Our chief executive is a person who guides us with her mental hand, and I must say that it is the most gentle, but yet firm and enterprising hand I have ever seen in any department store.

Every store has its troubles, yes. But at G. S. W. C., I am not worried in the least. If things continue to improve as they have done this year, this campus will come out on top in any collegiate matter.

I hope that you read this column, every word rings with sincerity. If it doesn’t, it is entirely my fault for not trying to express myself accurately. Because there is a ten of sincerity for every word of praise.

Through The Keyhole

By GRANTHAM and CARLSON

We’re all wondering when BOBBIE JONES is going to take the final step. She says “maybe in June.” That’s the spirit, Bobbie!

Say Eugio is a serviceman, eh, BOLEN. Looked like y’all were having fun. I’ve seen a lot of fun, but this was the funnest.

BARBARA met Bill at the dance Saturday night and already she thinks he’s wonderful. In fact he’s all she talks about.

James really made JEAN HELTON happy last weekend-end. Sunday was a joyous occasion for “EASY” REESE during Thanksgiving. Seems that ELIZABETH PATE is having quite a time with her date. She says she can’t wait to see him.

CORDIE blow down to see DEKE and WEBB, too. Those freshmen really keep the men coming.

Looks like ILEANA has at last decided on Tom. She tried to explain why she was taking her time about making up her mind.

CORNELIA says Gloomy is her sister’s boy friend, but she calls her quite often just to talk.

BETTY MOORE is working out an international language or something. Whatever it is she is getting along fine with Pierre.

MILDRED HERS says she’s liable to stay home forever this weekend-end. Her man’s going to be there.

GERNICE keeps PACE with the Navy these days. At least she was Saturday night and Sunday.

Twas good to see familiar faces on campus last weekend-end. Visiting were those former beauty-queens of W. C. . . . none other than EMMY DELK and BOBBIE EDWARDS. What was it, Emmy? “Why, just to see how you’re doing.”

MOST DATED OF THE WEEK!!! These two Juniors; Margaret JOINER and ANNETTE HERNDON just skip out of every night of the week to go to the movies. Seems that and RAIFORD has quite a time with their two Epics. ‘That trip back over 5-0, though, wasn’t it?”

It was a joyous week end for “EASY” REESE during Thanksgiving. Seems to have a habit of dating every Sunday night. She probably goes out for BETTY ‘bout half the time. No wonder she thinks he’s wonderful. In fact he’s all she talks about.

The news comes in that G. S. W. C. is running as smoothly as any Swiss watch made.

It seems that ELIZABETH PATE is having quite a time with her date. She says she can’t wait to see him.

Sylvia Gelders seems to have a habit of dating every Sunday night. She probably goes out for BETTY ‘bout half the time. No wonder she thinks he’s wonderful. In fact he’s all she talks about.

It seems that ELIZABETH PATE is having quite a time with her . . . They just want to rock around during the holidays and dance and make up their mind. We think she has decided on the ONE though.

We hear that “WOOTIE” NEWSOME had a jam-up good time at the dance during the week-end. Right one is not there; there are always plenty more . . . for “Wootie!”

Sketching The Seniors

GEORGIA SMITH

Not all Seniors live in Senior Hall because one of the most popular places in the Senior Class is a “town girl,” Georgia Smith of Valdosta, Georgia is majoring in Sociology.

Georgia loves music, especially popular music, and likes to sing and is a member of the trio called “Smokey Three.” Dick Haymes is her favorite vocalist.

Dorothy is Georgia’s favorite type of books and “Leave Her to Heaven” by Ben Ames Williams is a special favorite.

Georgia’s taste in clothes runs to tweeders and silks, and Georgia is her favorite color and hair does. Georgia is a leader among the fads and fashions.

Marching with them in Senior Hall is Georgia’s movie. She likes a lot of music and a lot of dances are rolled into one. Peter Lawford is her favorite actor.

Georgia has very definite ideas about her “ideal man.” She says “will be tall above all else, smooth, blonde or brunette (it doesn’t matter which) and he must be wonderful manners, have good taste in clothes and be able to give the girl the whiz, but most of all he must have a sense of humor.”

People who are secretive are Georgia’s “pet peeve.”

Georgia loves to eat but she says that it is on a diet except for three hours of the day. She loves anything that is chocolate.

Georgia likes to play golf, to play tennis, and to dance and she likes to go on trips. Although she had rather receive letters, Georgia admits she does like to write them but she has to be in the mood.

Meeting people and keeping in touch with them is also a “like” of Georgia’s.

Besides being Editor of the 1945-46 Campus Canopy, Georgia is a member of the Valdosta Club, Phi Delta Phi and is the only member of Eta Sigma Gamma Club and P. S. A. She is also a member of the Glee Club and the Dramatics.

Georgia who will complete her work in March, plans to loaf and rest up till June when she will graduate. After graduation, Georgia will work in Atlanta but then she may do graduate work in Sociology.

Whatever she chooses to do, Georgia will make a success of it and we wish her all the luck in the world.

Collins Reminiscences About 1945

1945 is almost over, and as we look back over it our minds are full of a number of impressions: V. I. L. D, a new baby, a new campus, new returning service-men, gradual decrease of rationing, razor blades and extension cords, a peace-time Thanksgiving—all these make up a part of 1945, but we also record in history as one of the most important years ever past.

As we learned in school that Columbus discovered the New World in 1492, so our grandchildren may study that a new world was discovered in 1945—the world of atomic power.

1945 has brought many things to us, little things like new clothes, a new car, etc., like returning servicemen, home after many years.

The picture has not been all bright, however, there are those who will not return: there are industries which should be back, but are not, and turning the supplies, needed to repair and rebuild, idle due to strikes; there were the tragedies of the outcome of the German and Japanese prisoner-of-war camps; and there was the death of the President.

There have been attempts at justice—the trials at Nuremberg and Manila, and the investigations in Washington of the causes of Pearl Harbor.

1945 has brought us with it a new generation of peaceful people, with a new attitude and confidence. The nation has moved forward to the goal of peace. We must work to see that this goal is reached.

It is our duty to see that the world is made safe for democracy, that the peace is ensured, and that the world is made more stable.

It is the task of every one of us to do our part in making this world a better place to live in.

My Dreams Are Getting Better All The Time

By COLLEEN GEIGER

"Gosh, do you know what I dreamed last night?" (Boomers are mind or dream readers, you know!) I sighed, revising the content to my own interests. "Dreams are just a fancy way of saying that you're really talking to yourself about the events of the day. You feel guilty that you walked into the room and the doorbell rang, and you thought, 'I'll just ignore it.'"

I know the two gals who are among my favorite pin-up gals photo—meaning you'd need, even a place to put his hands—dangling precariously in mid-air into our room and there she was haven't, you're behind time. Yes, she's a real one and only. One of the most coveted has been "Swank." I know the two gals who are among my favorite pin-up gals photo—meaning you'd need, even a place to put his hands—dangling precariously in mid-air into our room and there she was.

Have You Got the CHRISTMAS SPIRIT?

By ANNE SHIPF

Hey you! Have you gotten the Christmas spirit yet? If you haven't, then you're behind time. Yes, you are.

Coming back from church Sunday night, I heard carols. The songs we sing, we sang Christmas carols. Brother, is something good, too. Wandering through a crowd, I heard a man say, "Come on, we're drawing names." There are some girls who have been Christmas shopping for their boyfriends—one and only. One of the most popular gifts is the gift of clothes. Gift shop is one and only. One of the most popular gifts is the gift of clothes. Gift shop is one and only. One of the most popular gifts is the gift of clothes. Gift shop is one and only. One of the most popular gifts is the gift of clothes.

BRING SOME BACK WITH YOU

A Saturday In Senior Hall

By J. ELLEN

So you'd like to know what goes on in Senior Hall on Saturday—well, none are particularly hectic, and I imagine that everyone else's is, too, a struggle like a door. A rain of small scuffed shoes beneath a lid. The fall of moonlight on the silent houses, the look of children sleeping. The touch of silver, and the feel of bread Raising to lightness. Girls or mothers, wives. Women all their lives sort out the odds and ends for keeping. Let the great things go. Letters, buttons, bits of lace. Just as their cluttered cupboards grow, their years are scrapbooks. And they hold, forever, in the heart's hot painful mold, Dreams cherished, and grown shabby, and grown old.

Ballad Singers Attend Reception

An unusually appreciative and enthusiastic audience attended the performance of the American Ballad Singers on December 4. Before the performance was begun, the audience joined in the ardent singing of the National Anthem. Throughout the entire program the personality and character of each ballad and folk song was portrayed by the actions and facial expressions of the group. Their conception of the attitude of informality made each song a delightful story, each tale a picture of the people who originated it. Presenting a composite idea of America with its varied peoples, the program was received with much enjoyment.

The artists, Miss Yorke, Miss Brault, Miss Tobias, Mr. German, Mr. Swing, and Mr. Waldo, were guests of honor at the reception given by the Artist Series Committee. Members of the R.C. and Philharmonic Clubs, the Glee Club, and the faculty attended the reception in the Rotunda.
