G S W C Spring Festival
To Fete Alumnae, 16th

The Spring Festival, which took place at GSWC's prewar May Day festival, will be held on Saturday, March 16, with members of the Dance Club, dance classes, and Glee Club participating.

The Spring Festival takes place of GSWC's prewar May Day festival, which thousands of guests have enjoyed in days past. May Day came too late for visitors to enjoy the full beauty of the campus at the height of spring. Hence, the festival was moved back to March when the azaleas, dogwood, red bud, and other plants will be in full bloom, and the camellia trail, winding through the pines on north campus will be invitingly beautiful.

The Spring Festival program will begin at 4 p.m. in the outdoor theatre on the south campus, which is now known as Drexel park.

Alumnae and other out-of-town visitors will be luncheon guests of the college, at 1 p.m. The Alumnae Association will hold a business meeting at 2:30 p.m., and the buffet supper will be served at the House in the Woods.

Dear Dr. Durrburger,

My first term at Michigan has been completed! Though I left home with such apprehension, I didn't know quite what to expect. I believe that I could have chosen a more difficult one, as the work is very much more difficult than what I have been doing so far. I have noticed that even though the student body totals over one thousand, the interest shown by personal attention. Even the smallest group of students shows such an interest in the welfare of the student body.

The chemistry department must surely be the best in the country. The only thing that is missing is an old adage, "Very true. But, if you're anxious to linger, go and get the license right away. You will cherish those beautiful speeches. And talk of your experiences. Now let's hear one of those speeches.

perience of her life has helped her to the point where she can say with confidence that she may enter the center and may then wish to join the members of the club. She is an excellent speaker, and has had the joy of finding violins, piano, and dance student bodies. It seems far away.

And the physical education depart­

Be just like the chicken who found something new to sing:

Collins Our Time?  

"Peace in our Time." That has been the fervent wish of peoples everywhere since the beginning of time, and with the signing of the peace treaty with Japan in August, we thought that once more peace planes. Russia has called for joint Russo-Chinese what he considers Russia's "indefinite expansion." The one nation washes to retain that control of Manchuria, which the United States German right of a sovereign nation—that of choosing relations with Spain, seeking to do away with the England the money which has been proposed as a loan, it will mean economic warfare between people were not prepared to set up a perfect, workable government in the first weeks of liberation. It has taken a hundred and seventy years to develop a United States, and there are many weaknesses in it after all these years, so we must be tolerant of these people and help them instead of hindering them.
**SPOTTING SPORTS**

By CAROLYN MATHIS

Just for the record—and just to prove they could—the Lambdas Volleyball team took a hot practice game from the Red eight recently.

**Guess what stoked the score of the volleyball game between the Red and Purple? It was that pile-driving serve by Irene Boyette that cost the Lambdas a precious point.**

**Have you seen those tan (and red) multitudes that each day make their pilgrimage down to the pool to protrude themselves beneath the punishing rays of the great god Re? No, they aren't pagan sun worshippers; they are just “tan-ached,” and a little ahead of season at that.**

**“Mops” Collins came out on top of the Kappa tennis match scramble. All we have to do is give a few edges of our chairs and wait for the big clash with “Tugs.”**

**Another spring sport is blossoming on campus. An early blossom, at the House in the Woods, Thursday night, was top scorer for the Freshmen, Tharpe, and Ann Lewis.**

**In Volleyball**

The Kappa quintet staged a brilliant attack Wednesday afternoon to win the final basketball game of the winter quarter, 33-21. Galie Carter, peppy Freshman forward for the Reds, was high scorer with 11 points to her credit. Backed up by a hard fighting and hard playing team of Vim Ansley, Joy Belgian, Mar­tha Collins, Carolyn Mathis, and Morris Smith, she led the Kappas to take an early lead, and at half time the score was 18-6—Kappa.

The Lambdas made a good attempt to uphold their reputation but the Kappas, sparked by a new and vigorous enthusiasm, proved too much for them. Even so the margin remained close for the entire game, making it one of the most exciting contests of the season.
