Who’s the “local yokel” who has taken Roslyn Carter’s heart? Couldn’t be Hershel Hiers, could it?

If you want to break the news of your engagement to your family—just ask Dot Butler, F. S. Get a load of that splendiferous Miss Carter. She’s wearing—

“Singin’ Pete” Miller is lost on you nowadays? You guessed it—Jim’s out of the Navy.

Lucille Douglas is having her “ups and downs”—Emett Roy E. Haven’t seen much of Rosanne K. and Martha Jackson since Carl and Claire shipped out. Miss Hatcher’s new idol is Ann C. Could it be a family affair?

Don’t blame Miss Grace, is it the new car or Ralph that holds your interest now?

The following news items covering Senior Hall were revealed by an anonymous source. “I saw Grace walking in the library.” Here’s hoping her keeping for an eye open!

“Gimme a hand”—Jean Martin made a quick but sweet week-end to fix things with Ros for next week-end. Good work!

Nine o’clock the next time, eh Robblebee? Must love.

Instead of meeting him on Monday, Edith Collins met John on Sunday, dated him on Monday, but do tell us what happened on Tuesday, or Miss Carter came along.

If you see some of the Juniors and Seniors scratching it’s not the itch, it’s just mosquito bites gotten on the weiner roast Monday night.

Ask really seems to be working his way through college, girls—magazines and his music tastes for she likes semi-classic and swing. Jose Ibarbi is a favorite musical artist and Edith especially likes “Clare Dune.” “Shoo Fly Pie” is also number one on Edith’s list.

“The Robe” by Lloyd C. Douglas is Edith’s favorite book. She also likes historical novels. Edith likes to lie up in bed and read and, of course, Edith is an avid reader.

Sports clothes and sometimes extremes in clothes give an idea of Edith’s tastes. She likes slacks and especially wide belts with big gold, shiny buckles. Edith likes to go barefooted and she despises hats. Her favorite colors are brown and yellow.

Food is a specialty with “Slappy,” especially apple pie. She also likes thick steaks, shoe string potatoes, any kind of vegetable salad and French dressing. Edith’s ideal man must be a gentleman, that is, have nice manners. He doesn’t have to be good-looking but he must be tall. Edith’s idea of the perfect man is Dr. George Washington.

Golf and tennis are “Slappy’s” favorite sports but archery runs a close second. Edith is an expert archer and she is always happy

“Slappy” admitted after that statement that she was lazy. She also likes to walk in the rain and get soaking wet.

Bathing suits, shorts and real high heels sum up Betty’s likes in clothes while hats are one thing she doesn’t like, Her favorite color is blue.

Fried shrimp and any other sea food except oysters are favorites of Betty’s. She likes any and all desserts but especially ice cream and cream puff[s].

As far as movies go, Betty likes musich and love stories. John Wayne and Betty are the two favorite actors and songs of Ros and Betty and The Desert Song are still her favorite movies.

Betty’s ideal man must be tall, at least six feet, must have blue eyes and straight brown hair. Also he must be athletic.

There are certain things which “should be told, but to the right people. I think that we have all learned by now that what is good for one is not necessarily good for all. As far as movie stories go, there are certain things which are necessary for the welfare of the whole school and those people concerned. It does not help, however, if we spread these stories to the four winds, thereby making it more difficult for those who must, to find out the truth.

Student Government Announces

The purpose of this column is to announce important changes in the Constitution, By-Laws, and regulations, and to add additional items of interest to students. We hope that this column will be an aid to us all. As S.G.A., we wish to bring a better knowledge of our campus government.

April 29, after a discussion of fire safety, all student athletes were given authority to enforce all fire regulations and to warn persons breaching these regulations. All dormitory residents have been notified of the change in the fire position. It has been decided that an emergency call and a long ring will be given twice.

All classes and clubs should notice the rules that any money-making projects or student activity be taken through the Student Senate committee to the Student Senate committee before it is carried out. Dormitory residents have been warned not to take out of dormitory, club, or recreation centers, etc. that activity, or that they may. From any dormitory, the Activities Book, with Jean Land in charge, is also available to any student. For further information, meetings straight.

Senior Sketches

Regina Geiger and Betty Altman

This week's Seniors are Regina Geiger and Betty Altman. Miss Geiger is from Rasco and Miss Altman is from Jacksonville.

Regina, better known as "Gig," is majoring in English. She intends to teach after she graduates and to finish a long time.

Her favorite actress is Greer Garson and she used to write her name down as "G." She is a favorite male actor. But speaking of actors, she likes for her heroes the real and true heroes, which have brown hair and green eyes.

Gig's favorite foods are steak and artichokes. After Gig now and wish her very the best of luck and plenty of steak and potatoes always.

Betty Altman is a Math major and a good athlete. She is majoring in English, and Gregory Peck is her favorite actor.

Poetry is her favorite type literature and she is a good musician. Spaghetti is Betty's favorite food and she really likes it. She is a good girl and wish her, too, the very best of luck.

A Calendar Pin-up Speaks

By Anne Shipp

Yes, I'm a pin-up girl. I know that some men can't stand them. But I can blame them! After all it is a great way to show off. I've got feet, blond hair, perfect long legs, and the biggest breasts you've ever seen. Not many men turn into a wolf. Too, it is not every girl who can have a pre-war one piece bathing suit, that fits them like a close-fitting girdle. But then, of course, Mr. Varza might have his notions about it.

I get tired of lying on the beach all the time. It is a disadvantage to a wearing a bathing suit. But I drops a few degrees, I shiver and burn. Then some girls who are warmly dressed look up wistfully, "I wish I were in suit." Silly girls!

I wonder what a date is? I heard one girl say I had the cutest date last night. She seemed eddily happy over that fact so I guess it didn't hurt. But it is confusing for another girl who are in and said, "Have a date" and all present took something out of its box and ate it. That was what I thought the first girl had, for it brought her some money to pay her date. What I wonder what I should do on a date? Would get some roses?

I wonder what it would be like to have a date? A date has. She must get tired of changing for dinner, for classes, for "dates"

Dinner, for claves, for "dates"

Your Musical News Letter

By Eddie Lee

Dear Bolo—Reading your letter it just doesn't seem that I have known you for almost ten years. In fact, it seems like yesterday that you were writing to me. I think you're just as right to say that I have. But that only goes to prove that the old Latin expression, "Ut est, ut agam," is very well used to say—"you know, temps false—whatever you do, don't think that I don't know, that in a few minutes. However, once a student comes into the dormitory, she's not allowed to go back again to eat. Freshman must be two groups of two to have this privilege.

May 6 was decided that all students may call in for late leave until 11 or 11:30 after they have left the campus, but they must first have permission of their dormitory head for 12 o'clock leave.

Girls in groups may eat night meals (in Pendleton Park) with Jean Land in charge, and groups may eat night games.

Sox and Buskin Club Goes to Jacksonville

CATHARINE PHILLIPS

Bright and early next Saturday morning, about thirty of the Sock and Buskin Club members are going to Jacksonville. It will be a struggle to crawl out of bed, but in the long run it will be well worth it.

Miss Sawyer and Miss Whitaker are along with us. How we're rating rooms at the Statler Hotel I'll never tell! It will be fun though for Miss Sawyer is located downtown right in the heart of Jacksonville.

To those fortunate individuals with a full billfold there will be a chance to be a member of this year's class. It's the club's own treat to school. I like GSWC, but oh, what a wonderful time.

Kappas Score

The Golf teams played off their final matches Saturday morning at the country club with Mrs. Mathis, P. E. Instructor, acting as judge. The matches consisted of four holes and the Kappas won three out of four of them.

The golfers will make up the golf team for this year and until then keep playing golf so you will have another good chance to be a member of this team.

Softball News

BY MATHIS

Just in case any of you upperclassmen need something to boost your ego—this is it. The upperclassmen have really taught the freshmen to respect their elders in the last two softball practices by trouncing them by scores so big we hesitate to print them. Come on freshmen, nobody will notice if you make "Rousie" sit back and watch as judge. The matches consisted of four holes and the Kappas won three out of four of them.

In Golf Match

The Golf teams played off their final matches Saturday morning at the country club with Mrs. Mathis, P. E. Instructor, acting as judge. The matches consisted of four holes and the Kappas won three out of four of them.

Those competing in the match were Jeanne Painter and Martha Wilcox, Betty Proctor and Jerry Sharpe, Dorothy Peace and Dorothy Black, Mildred Sage and Dorothy Highower.

The eight girls will make up the golf team for this year and until then keep playing golf so you will have another good chance to be a member of this team.
