So Long . . .

As the last Canopy of this year goes to press the staff says so long for awhile. We've enjoyed our work this year although at times it seemed almost impossible to work with. We hope that in some way we have brought you a better Canopy.

Next Fall a new editor and a new staff will take over. We're sure they will do a better job and with them go our best wishes for a successful year.

So with these few words we say "thirty" and bow out of the picture.

Say It One . . .

We know you get tired of us harping on the same old thing time after time, but when it is something as important as voting we don't much care.

You saw for yourselves last week that only a small per cent of those eligible to vote have taken the one necessary step to do so. And it is so simple. All you have to do when you go home to visit is to do so. And it is only fair for you to tell yourAutomatics voting if you would like to register to vote. He will do the rest.

Are we going to be too lazy to do this when thousands of Americans have died in war after war that we might maintain that privilege?

This year's election for governor of the state is an important one so don't let yourselves and your state down by not voting.

We're Going To Miss You

Another class is graduating from G.S.W.C. Maybe it's a little small but then there's the old saying that it's quality that counts not based on actual fact. Anyway, to you who are leaving us in June we want to extend our congratulations and best wishes for all the years to come.

Collins Says Discard Prejudice

We would like to recommend to you this week a small book of about fifty pages which can be read in five minutes. It is called "Discarding Prejudice" and presents to us thoughts which we should have realized for ourselves long ago, but which it is sometimes necessary for someone else to point out to us.

The book discusses some of the prevailing prejudices of the day and how we develop them. With the governor's election, among other elections, coming up soon, it behooves each of us to examine our prejudices, and try to discover how we acquired them, and if they are worth keeping.

There is a difference in a prejudice and a conviction. A prejudice is formed after a person has not been convinced on the same fact, whereas a conviction is arrived at after more or less careful deliberation of the facts. Convictions are certainly worth-while things. The person without a prejudice is like the proverbial ship without a rudder, wandering aimlessly around wondering where he should go and what he should do next. This is the difference in the two. Prejudice versus conviction.

When you go home to visit this summer and if you plan to vote, don't let some of the old things that you have been thinking about life, etc., interfere with your desire to vote. Your vote is just as significant as anyone else's, and you have the right to express your ideas.

As for Dotty's future, you can draw your own conclusions from the following. She entered GSWC in January '44 and is graduating August '46. In September she's Tulane bound for two years and her master's degree in social work. From there on she plans to enter the foreign service and welfare holds her interest at present.

Dorothy Davis is the head of the Fine Arts Club, Valdosta Club, and Sports Club. She is a very intelligent student, among other things. For this reason she is being considered for a scholarship, and she has taught for a while, and she is very interested in art.

Dotty likes art, and especially visiting, despite the broken limb she acquired as a result of a recent injury. She is very fond of her art, her clothing, her music, and her money. International Students Conference to Meet in Prague

An International Student Conference is to take place in Prague this summer from the 17th to the 31st of August.

The main purpose of the Conference has been stated in the appeal sent to all student organizations.

"We consider that the main problem confronting the World Student Congress will be that of establishing a representative international student's organization. By unifying its ranks all the democratic student organizations of the world, the aim of insuring a lasting and stable peace, of promoting friendship among all peoples and of defending the rights and interests of students.

A call to the Conference has been made by the International Preparatory Committee to student groups in every country. This Preparatory Committee is composed of representatives of student organizations of twelve countries and is a development of the experience of the five hundred delegates of the International Student Conference at Prague in November, 1945.

At this first Conference the program is to be taken from the field of student exchanges, student relief and student responsibility for keeping the peace. There was a strong feeling that much closer cooperation is needed between student organizations of different countries if these problems were to be successfully solved.

The Preparatory Committee this summer will have as its main task the establishment of an international student organization to approach these problems.

Support for this Conference is needed and comes not only from student groups but also from many of our leading educators and legislators. In her letter to the executive secretary of the American Preparatory Committee, Helen Ganagan Douglas, Representative from the 134th district of California, says:

"I have learned with a great deal of interest of the International Student Conference that is to be held in Prague this summer. Those of you who go will have an opportunity to sit down with foreign students to discuss the problems and responsibilities of world understanding of one another. Building understanding in the world is helpful to the foundation for peace."

The American Preparatory Committee has been set up composed of representatives of the following organizations; National Inter-Church Committee on Intercollegiate Youth for Democracy, American Friends Service Committee, International Council of Internes and Medical Students. The American Preparatory Committee has decided that 25 delegates shall be sent to Prague. Approximately 17 of these will represent the organizations on the Committee. Fifteen of the 25 delegates shall be delegates-at-large, students representing the deal nations of a particular campus or group of campuses, and who shall be approved by the American Preparatory Committee. All campus groups are being urged to get in touch with Alice Horton of the American Preparatory Committee, 204 West 40th Street, New York City.

This Is My Problem

BY ETHEL BENLEY
Dear Mr. Anthony,

I have a problem, honest I do . . . that's why I'm writing you . . . no, I'm not asking you to marry me. and they're all such wonderful people! Being so uneducated completely in agreement with the consensus of opinion that I'm a natural for spinsterhood, you'll probably congratulate me on doing the right thing being that to ride in it you have to listen to him sing but his most obvious personality trait is 'Raincoat s' protege, only he reached the advanced stage yet!'

Of course you may say that I wish I was just once in the raincoat, stormy weather or no, but his feet can walk in the same block at the same time. and when there's rain he has a beautiful car, the only sad thing about that is to ride in it you have to listen to him sing . . . but cowboy songs are so romantic, don't you think?

As you can see, Mr. Anthony, all these geniuses are very attractive, but I'm not happy . . . because I can never figure how to make a new calendar with someone says it's against the law . . . that's why I'm writing you . . . that's why I'm writing you . . .

Yours hopefully
