Each year in April, Nature, There are many thoughts in the world, It's said that young men think. Choral music is often sung. And the girls think of what they'll wear.

But we girls of W. C. think of not what's so gay—
It's just of love, clothes, or sun, But that of One Play-May Day!

We think of all the games we'll play,
The May Queen, festival and all The wonderful people will be there, And people in their own suits.

We'd like to have all the girls come,
And hope that all of them can come.

We expect them for a marvelous day And hope that they will like us some.

We want to accept and like all girls. And here, we'd like to tell them

The Month of May
May Day! The first day of May brings a busy
month. It is the last month of school until Sep-
tember and for some, the last time they will be in
school at all. There are the Seniors who will gradu­
ate in June and some others who will graduate
after summer school. A few of the underclassmen
will be getting jobs and perhaps will never come
to this campus again. Some will be starting a new life by
getting married.

To those who will probably never go to school
again, May is the last chance to have fun and enjoy
the friends they have made in college. This is the
month for the Junior-Junior Frolics when the Ju-
iors treat the Seniors to a weekend of fun. There
will be a Picnic on the campus and the Senior-
Sunday together. For the Freshmen and Sopho­
more there will be a Picnic at Twin Lakes also.

The Student Council, the Sports Council, and the
Y Cabinet will devote one weekend to making plans
for next year. They will spend their hours at Twin
Lakes in discussions, fun, fellowship, and just plain
loving.

Next on the Calendar is Mother's Day. This is
a time when everyone usually goes home to be with
their family. It is a time when everyone should
remember to be thankful for life, guidance, and
love unending.

There will be a Memorial Day and a Maritime
Day. Here on campus there will be the Aquacade
with the girls demonstrating their swimming abil­
ty.

These are but a few of the days to be celebrated in a
month. As you walk the campus the greenery on the GSW
campus is the one being celebrated today. Games
will be played, friends made, interest created in
the campus. Members of the classes who have al­
ready graduated should be thankful for the good
friendship and talk of old times. Three classes will be
honored, 1929, 1939 and 1949. There will be the
crowning of the May Queen--the most thrilling
event of the month. The May Queen will be
selected from among the Freshmen. The different de-

It will soon be mid-way and the Kappas and Lambdas can battle it out to the end. Several have signed up and the players will soon be posted on the bulletin board.

Oh, Woe!

If you’ve looked on the Bulletin board in the Ad Building (that’s where we have classes, you know) you’ve noticed if you’re a Kappa that—Hooray—you’re way ahead. And if you’re a Lambda you’ve seen—oh woe—you’re way behind.

I’m the oh, woe type.

“Swim, Swim, Swim...”

About the aquacade, if you’re in the Glee Club and want to swim in it there will still be time enough for you to join and even make the team. There will most likely even be extra practices some afternoons to assure you of that. Even though the Glee Club Concert will come in May, there is still time.

P.D.—M.D.

Now that Play Day—May Day is here and will soon be gone we can all settle down to enjoy ourselves today and get out and make our teams for this quarter in the weeks remaining.
