Student Government Election To Be March 2nd

The CANOPY apologizes

The staff of the CANOPY would like to apologize for mistakes in the February 2 issue of the paper. In a previous page 4x0 to 848x1129, there appeared an article "May I Present Target?" which carried no by-line. This was written by Miss Iris Moree. The staff regrets the omission, which was due to a mix-up in the typesetting process.

Sophomores Are Still in Lead For SGA Cup

The sophomores are still in the lead in the contest for the SGA cup, but the seniors are running very close behind. The approximate percentages for the four classes are: sophomores, 22 percent; seniors, 21 percent; freshmen, 33 percent; and juniors, 43 percent.

Mad Woman at Chaillot to Be Presented at S&B

The date of the February meeting of the Sock and Buskin has been moved from February 21 to February 28. The program will be presented by members of the play directing and acting class. Miss Mary Owen is directing a scene from "Mad Woman at Chaillot." Those attending the meeting will be present at 7:30 in the play production room.

Romance Language Club Sponsors Bridge

Tonight, February 28, the Romance Language Club is sponsoring a bridge party, the benefits of which will go toward a fund which is being sent to a French orphanage.

The affair is to begin at 8 o'clock and will be held at the House in the Woods. The admission is twenty-five cents, and this entitles you to play as long as you wish.

Alia Irene Wilson, president of the club, announced that there will be free refreshments and a prize will be given to the highest scorer.

Provisions will be made for groups who want to make up their own tables.

Skitt Night To Be March 8

The annual Skitt Night sponsored by the YWCA of Valdosta State College will be held on March 8 in the auditorium. The admission to this is 25 cents.

Each class is responsible for getting and presenting their skits. Three of the class presidents have appointed the committees to work on this project. They are: freshman, Jane Krumrine; junior, Mary Brand; senior, Nancy Thornton and Mary Duncan.

The judges for the occasion will be Miss Deavor, Mrs. Odom, and Mr. Gabard. A prize will be given to the class with the skit the judges decide is best.

The present junior class is the last class to have won the Skitt Night, since it was not presented last year. This program is always very interesting, and should be supported by the student body.

Home Ec Club Plans Fashion Show

The Home Economics Club of Valdosta State College in collaboration with Whittington's will present a fashion show in the college auditorium on February 28 at eight o'clock. The latest in spring styles will be shown at this time. Bathing suits, playsuits, casual dresses, and evening gowns are among the items being shown.

The models are: Misses Edwina Ford, Joanne Gimler, Mary Ann McLendon, Marjorie Noell, Mary Owen, Margaret Stabler, Jeannette Weems, and Clara Neil Whelchel.

The admission to the "Clothes A Fashions from Whittington's" is thirty cents.

Faculty Reveals Hidden Talent

On last Wednesday night the faculty of Valdosta State College presented a minstrel for the benefit of the senior class. The program included original compositions, which was added to the "Cuba trip fund."

Mr. White served as a very able host, and was aided by Mr. Pember, Mr. Logan, Dr. Durrenberger, Mr. Dusenbury, and Dr. Thaxton, the end-men.

Betty's Boogie was played by none other than Miss Betty Carter of Ashley Hall. Miss Fink, known as Libby Roff, rendered a very touching violin solo, aided by Mrs. Pardee who was the wildest of the dancing numbers. "Mammy", was presented by Mrs. Morgan, who has perfect strains of Debussy. The crowning achievement was the old favorite "Peggy O'Neel" sung by none other than Dr. Thaxton.

In addition to the solo numbers which were given by group numbers, the Gold Dust Twins, Misses Jenkins and Lagrange gave an authentic version of "Shortnin' Bread." Masters Moore, Dusenbury, Bubba and Mr. Dusenbury made the rafters ring with their "In Her Hair She Wore A Yellow Ribbon" and "They're Going to Call Me Joe."" The Old Grey Mare, The Rocky Fellows, composed of Mr. Logan, Miss Herndon, Mr. Garard, Miss Find, Miss Owen and Miss Roff showed flawless technique and precision in their dance routines.

During the intermission a committee of seven was appointed to select Mr. August Childs narrated "The Rocky Fellows." The program was concluded with the presentation of "A Man of No Importance." This was conducted by Mr. August Childs, and Miss Betty Gunther, and was supported by the student body.

Gold fish are selling very cheaply in these days of peace and save. A part of the charming crea- tures now graces our bookcase. They come in an oval bow fully equipped with a box of wa- ters to feed them, and small chips in the bottom of the bowi add delightful color to the whole outfit. When we first purchased them we were a little afraid they would not be very capable of making us happy with them. We named them Myocoma and Mysotoma (Comm- a and Tomma for short), we thrived on their movement.

Now that they are a week old to us, we find ourselves wondering how they can possibly be happy in such a small world. A world of four inches of water in an oval bowl six inches long, with colored chips, equipped with sharp edges, in the bottom. When someone comes near them they hurry, swimming violently, but after a moment they leave where but in that bowl, there is no other place for them to hurry. When they swim around, their every movement is restricted to the jail that is the bowl. It seems as if it would get very monoto- nous, just like a town. Of course, you say, the fish knows nothing else, therefore he is happy. Perhaps.

From a small study of fish we know they have a brain but a small one, limited in its ability. In turn, we, as members of one of the highest groups of life, our own, know how they can possibly be happy in such a small world. To Have or Not To Have

BY ANN SMITH

The rumor is going around that a number of the students have enlisted in the VSC Junior Service Program. They feel that too much money is being spent on sports, not enough is being given to the various clubs and classes, and that we should have more articles presented on the subject.

First, here are some statistics on the matter. The Student Ar- tist Series was first quarter each student bought a ticket costing five dol­ lars, which is to cover all perform­ ances. This past year money was also paid into the fund by Emory and the citizens of Valdosta. The few tickets sold at the door go in­ to pay the expenses of VSC.

Incidentally, it has been sug­ gested that a campaign be waged in Valdosta State High School to try to interest more people in the Series - high school students who might be interested in some programs presented here. It would be rather futile as the number of seats in the auditorium is limited. If we are to have an improved Series we must have more money. To have more money there must be more tickets sold, and this in turn must mean such programs as the one tonight that is being given.

One of the students has sug­ gested that less money be spent on the Series. This cannot be done for other uses. They also recommend that a larger num­ ber of artists be presented.

Contrary to this is the idea that the proposed municipal auditorium for Valdosta and do our share in financing it. As we stride over life's bumps we learn, so that you may know. And if you don't know these companies, it is hard to choose one in which to invest.

The mayor of a small city was saying, "We know the adage, "Seek and you shall find new car." Father: "We'll, son, how about a boy's car." Mother: "Why, I want a car."

Professor: "Can anyone tell me how to prevent rusting on a car's body?

Father: "I'm a会员 of the Air Artis. My system," he volunteered, "is to paint the body with hammer and brush."

ME Post: "Who was the great­ est inventor of the age, do you know?"

Father: "An Irishman by the name of Pat Pending."

HDAD POST

Today's a sunny day. You can hardly believe it. You don't believe it. Now what do we do? We don't do much. We don't do much, but we do do a great thing, not for glory but for the good it will do or the pleasure it will give. We do a new truth in reading, not for the ability, to respect it to others and thus prove yourself "educated" but seek it for the inspiration it may bring to your

All of us can't help but notice the Sports Club bulletin board in the Ad Building because there is always something interesting there for our attention. Do you know who is responsible for the variety of ideas that appear on this board? Take a second look? She is Betty Briggs, the chairman of the Sports Club committee. If you want to find something interesting to do, stop by and say hello to Betty.

The Ping Pong tournament is still going on, and the Kappas and Lambdas are still competing. Both Kappas and Lambdas had won one or the other, according to a recent U.S.D.A. survey. About half of the States own both a truck and a trailer, but nearly half of them own only one. About 40 percent of them own dairy cows, and 30 percent own pigs. With the prices of roughage and concentrates rising, it is almost impossible for missionaries to get a re-entry permit from the states for quite some time as it is. About 1,000 new members of the GSCS were crossing the Delaware, and many more were on the favors committee. Miss Margaret Looper, who has been on furlough and is a medical missionary, will return to the aid of the hands in the Match Factory with a George Washington entertainer. Mrs. Thoroughman gave a very interesting talk on the present affairs in China. It is still going on with the Kappas and Lambdas, and the group won present "Ritual Fire Dance," the "Search," "Harmonica Player," and a selection from "Fancy Free." Mrs. Thoroughman visited the meeting of the Student Council three years, leader of the Student Volunteer Group, and a selection from "Fancy Free.
