College Enrollment Shows Increase

First Artistic Series Program
To Be Sunday, Oct. 8

The first Artistic Series program for the season 1961-62 will be presented Sunday, October 8 at 3:00 P. M. in the Valdosta High School Auditorium. The performers for this season will be the well-known United States Air Force Band and the "Singing Sergeants." "I'll Call. George S. Howard is the conductor and CWO John F. Yeoulalatis is his assistant.

The one hundred members of the band have been selected from all points of the music world. They are former members of 20 different symphony orchestras and 16 "name" dance bands ranging from the Philadelphia Orchestra to the Honolulu Symphony, from the Woody Herman dance band to the Arthur Pryor concert band.

This group is also noted for its versatility. It consists itself into a 14-piece marching band, a 90-piece symphony orchestra, an 85-piece symphonic band, a 25-piece glee club, (the "Singing Sergeants"), 5 dance bands, and various instrumental groups.

Many people feel that bands play only marching music, but they will find a very diversified repertory being presented by this band. The type of performance presented by the USAF Band bears no more resemblance to the standard "type of show-crooner" band than an airplane of the "Kitty Hawk" type does to an ultra modern transcontinental aircraft. Selections range from operas to "olgy" and from symphony to swing.

The program for this performance will include:

- Overture-Patrie
- Bizet: Love's Embrace
- Fire Dance
- DeFalla: Kepner, Valse Malicieuse
- Kastan: I Got Rhythm
- Il Lacerato Spirito
- Verdi: Homeowners Band
- Keper: The "Singing Sergeants"
- Did's My Lord Deliver Daniel
- Big Band Viola
- Enrietto Spirait
- Dry Bones
- Second Hungarian Rhapsody
- Last Salute to the Armed Forces

Campus Scenes

Bettie Henderson has been named Miss Shower Curtain of Senior Hall.

Gene Hackett was noticed one morning recently wandering around the dining hall hall sleeps at all the tables. He told one of the waiters, "I'm a freshman and I'm looking for something to eat."

At her first meal here in the college Monique locked at the ice cream machine (a new occurrence) and said, "What is this, is it beer?"
Here and There

With the increase in enrollment it seems that we could have quite a bit of improvement in our extra-curricular activities. There will be more students on campus that the boys feel that they haven't shown too great an interest in joining the Fine Arts Club has opened its doors to anyone for everyone to pay attention to the announcements. Maybe they concern you, or yourself.

MONIQUE BRINGS A BIT OF PARIS TO V. S. C.

By ANN SMITH

"Isn’t your roommate come yet?"

"When is your roommate coming?"

"Hasn’t Monique come yet?"

These and many other questions like them greeted me on all sides when the students learned that our "French student" was to be in my room. She is 20 years old and Monique Pasqualini from St. Etienne, France.

She left France on September 11, and traveled to Canada by boat. From Canada she went to New York and there boarded a train. She arrived here the morning of Thursday, September 28.

Monique has attended a School of Commerce in Paris for the past three years. Her first quarter at V. S. C. she is enrolled in Cinema, Novels, first quarter Spanish and Early American Literature. Naturally everyone has been curious as to the various ways her customs and country differ from ours. Instead of leaving four years of high school as most of us have, she had seven years of high school. Her courses were quite different from those found in American schools. She had six years of Latin, four years of English, teacher training in English, physics, mathematics, geography and many other subjects.

More revealing for the States Monique had seen "Gone With the Wind," and was rather surprised that she did not see fields of cotton. "because it is so warm here," she said, "because it is so warm here."

"I was glad to come to Georgia," she added. "They have good sun here."

"I am very glad to have Monique here with us and we hope she will find her stay in Georgia interesting as well as educational."

Miss Jewell Durrence has been selected as Coordinator in Elementary Education, Miss Durrence holds a Master of Education degree from the University of Georgia, and has graduate work at Duke University.

She has had teaching experience in the elementary grades. Her most recent position was that of Superintendent of Gray County schools.

Miss Florence Mullis has been appointed recent nurse at VSC for the coming year. A native of Largo, Florida, Miss Mullis was graduated from the Pasco County, Florida, High School and earned her B. N. degree from the Grady Memorial Hospital School of Nursing in Atlanta. Miss Mullis is a member of the Baptist church.

Cut Regulations

For Fall Quarter Announced

The Office of the Registrar announced the following regulations concerning cuts.

Students will use cut privileges at their own discretion, and will be held responsible for knowing how many cuts they have used. A student will not be notified until he or she has overcut, at which time he or she will be placed on cut probation. Cut probation extends throughout the remainder of the quarter in which the cut is taken, and ALSO through all of the next quarter.

All absences are recorded in the Registrar’s Office. The absence recorder will be in the Registrar’s Office to check absences with students during the day Monday through Friday. Hour will be announced later. Checking on absences will not constitute an excuse for being tardy.

All students on academic probation are automatically placed on cut probation. Seniors not in line for graduation will have Junior College cut privileges.

Students are reminded that this system provides for ALL class absences, including those due to illness, absence-mindedness, etc., and are cautioned to allow for absences due to illness or other emergencies which may occur late in the quarter.

Absences from class on the first and last days of class and the last class days of Fall quarter will constitute double cuts. Three tardies will constitute the equivalent of an absence.

Following is the maximum number of absences allowed Fall quarter, 1950:

Upperclassmen: (Juniors and Seniors—Classes meeting 5 times weekly, 14: 4 times weekly, 11; 3 times weekly, 8; 2 times weekly, 3.)

Underclassmen (Freshmen and Make-Shift Mumblings of Greetings

HENDERSON

I have heard from at least two sources that this present freshman class is by far the best one that has ever been here at VSC. As I stop to think about it, could it be that it’s the only freshman class that has been here since we added boys to the curriculum? Anyway, these two sources of information I was telling you about were two very cute gals on Campus, and this is about what they said. "Golly, those Seniors... we wrapped up in plans for a Cerneal, and so frustrated. Glad I’m not one. The Juniors are a right good bunch, but I can’t imagine living next door to a Torch-Slinger. And the Sophomores all speak so darkly in a strange tongue or ‘re’ version and ‘radical.’ And since we haven’t really been here long enough to get familiar with most of our foods, I’ll have to either embarrass myself by the quantities of food generally consumed by me, or starve to death in preventative of the above mentioned happening. Imagine the pleasure which pulsed through my veins, when I found that everyone at the table had considerable vacancies! (see Webster’s) Incidentally, has anyone here been to Georgia?"

I happened to see Dot make a dash across the campus the other day. You can see her ‘activity’ if you but look, I also saw, this time not on campus, but at the Motel, heading for the Ritual, Pon that I mention, I found that our ‘Le Gusto’ admit’s it fills the space, and that’s just what I was trying to do. And let me put in a plug for my campus, too. We do welcome anything I have, except my Kell’s, and I had none!"

And then there’s the Bush I discovered outside Converse Hall, known to Botanists and Non-Botanists alike as Dot. And the Bousette freshman is also the Dinky-est. Another discovery, and I think this is the most important of all, was made the day we first had our seating arrangements, I claimed Table 1 as my very own, feeling sure, however, that I was able to either embarrass myself by the quantities of food generally consumed by me, or starve to death prevent the above mentioned happening. Imagine the pleasure which pulsed through my veins, when I found that everyone at the table had considerable vacancies! (see Webster’s) Incidentally, has anyone here been to Georgia?"
