The Heiress

The Sock and Buskin Club and the Play Production Class of the Valdosta State College presented its first dramatic performance of the year, "The Heiress," in the V.S.C. Auditorium on December 4th and 5th at 8:15 P.M.

The setting of this 2-act play was Washington Square, New York City, in 1850. The entire action took place in the front parlor of Doctor Sloper's house in Washington Square, Miss sulphur and Lavinia Penniman, respectively. The role of Marion Airnold is played by Marion God- wick in her assist rant. Miss McDonald was cast as Arthur Townsend, Morris's cousin. Betty Threatte, Lottie, portrayed Mrs. Montgomery, Morris' aunt, and Ann Kirby, Quitman, appeared in the play as Mary Jane McMillan, Miss Louise Sawyer, associate professor of speech, directed the play, and Elinor Jones, Van Ferguson, Valdosta, was her assistant.

The Social Committee

The Social Committee, composed of Mrs. Nightingale, chairman, Mrs. Gunter, Miss Books, Mr. Pemberton, Mr. Gahard, and Mr. Cuthlington, met Tuesday, December 4th. They discussed the chaperones for the social occasions, and decided that there should be at least four in each of the dances, and two in the smaller functions. All faculty members will have the opportunity to chaperon during the school year.

Social Committee Meets Dec. 4th

The Social Committee, composed of Mrs. Nightingale, chairman, Miss Gunter, Miss Books, Mr. Pemberton, Mr. Gahard, and Mr. Cuthlington, met Tuesday, December 4th. They discussed the chaperones for the social events, and decided that there should be at least four in each of the dances, and two in the smaller functions. All faculty members will have the opportunity to chaperon during the school year.

All social functions must be cleared through the Social Committee, which will distribute the dates for the occasions on a "first come, first serve" basis.

The Log Cabin Reservation Book, which originally was kept in General Office in Ashley Hall, will now be kept in Mrs. Knight's office.

Seniors To Sell Student Rosters

A list of the names and addresses of the students and faculty who will be sold for the Seniors this week. The roster is very helpful when sending Christmas cards and packages.

At a later date the Seniors will sell postcards and prints of the administration buildings. They discussed the dates for the occasions on a "first come, first serve" basis.

Advice To Freshmen

Advice To Freshmen

Gather good grades while ye may. The second year is tougher for this same prof that smiles at you today. Tomorrow will be rougher. That year is best which is the first. Gather good grades while ye may.

A New World

MARI E THEIRE BERGEN

I think, in France, we do not know anything about the United States. Our knowledge of your nation and its people, we get from the purpose of education, the extra-curricular activities. To add a few points for each student, we were served during the last lab of the quarter.

There is no this fine in its place but they just haven't found that solution from which the gold is recovered. Hamby has successfully completed an experiment the past twenty years at this college. By a very medium In that manner.

It is indeed ironic that there are men being killed in the vernacular of the clergy; "Be sure your sins will find you out." Asking Santa Claus for these gifts isn't as far-fetched as it may sound. For, after all, Santa Claus is the spirit of Christmas— and the spirit of Christmas is God.

The magic of believing in Santa Claus.

We all grow up thinking we lose our belief in Santa Claus, and possibly Christmas—but do we really lose this belief? Christmas is the time when many of our hopes, dreams and wishes come true—no matter who you are.

It's not our faith in Christmas that changes so much, it's what we wish for. In Christmas we wish for more durable things, than dolls, balls and bikes. We turn to more beautiful and valuable things. But sometimes these wishes get a little out of hand.

This Christmas some of our wishes might turn into a better understanding among the races and creeds of the world. We might wish that we would be more understanding of each other's point of view, the use of the other side of the question, at least once in awhile. And, too, we might wish that we would be able to create a genuine friendship with the people around us—casting aside our selfish traits.

Asking Santa Claus for these gifts isn't as far-fetched as it may sound. For, after all, Santa Claus is the spirit of Christmas—and the spirit of Christmas is God.

Judgment Day

SAM TODD

The day of judgment is fast approaching; make ready to meet it.

There is no this fine in its place but they just haven't found that solution from which the gold is recovered. Hamby has successfully completed an experiment the past twenty years at this college. By a very medium In that manner.

The second cause of distress is brought about by those inscrupulous people who are unable to approach the curve into the stratosphere. Perhaps, they don't do this for the purpose of establishing the rest of us on, but that is what happens. In the interval of applying for the final exam, the college dance or party we attended would help us so much and hurt no one.

Women's Sports: The catalog is out for the Winter season. Don't forget your Sports Calendar! They must be given to your Dormitory Representatives before exams. Town girls, give yours to your Town Girl Representative, Payye Siskind. Everyone must have at least fifteen hours of practice.

Points for the Plaque: Both teams are tied in the number of points toward winning the Plaque, which will be awarded at the Year-End Banquet. The Lambdas took the Valleyball by winning two out of the three games played.

Team Shirts: Do you have your Phi Lambda or Kappa shirt? The dormitory representative still has some of these shirts. Here's a chance to give yourself a Christmas present.

Winter Sports: Next quarter, soccer and basketball are the major sports being played, and of course there are still archery, tennis, golf, and the minor sports. Plan now to join the fun and practice, ad our fun! There will be a secretarial science meets to give you an opportunity to make one.

Business Club Adopts Constitution: At the November meeting, the Business Club adopted a revised Constitution. This makes it possible for the men students to become members of the club. There will be a secretarial science meets to give you an opportunity to make one.

Airman Is Guest Of Philharmonic:
The second meeting of the year for the Fine Arts Club was held on the 17th of Oct. in the Music Studio. A brief business meeting, the president, Billie Critten, turned the program over to the guests.

The program was opened by a group of piano duos played by Billie Critten and Rebekah Smith. The group consisted of the First Movement of Sonata Op. 27 No. 2 by Beethoven, Artie's Dana and Morning from Peer Gynt Suite by Grieg, and Hungarian Dance No. 5 by Brahms.

The piano duos were followed by a selection of songs presented by the Alabas. Alabas

Merry Christmas and a happy New Year.

Fine Arts Club:
The Fine Arts Club met Monday night, November 12th at 7:30 in the Art Lab. All members were welcomed into the club. The following people were admitted in the club: Margie Smith, Cornelia Caldwell, Susan Tulia, Mary Gallagher, Dolores Darrin, Evelyn Brogden, Bertha Miller, Nashville, Lucie Pattillo, Dafien; Anne Petrey, Barbara Harwick; Peggy Maxwell, Pat McGee, Mouri; Shirley Tomkinson, Barbara Streisand, Josephine Gooding, Woodhite; Rose Riner, Habita; Dorothy Barteau, Cairo; Dot Bash, Decatur; Emily Lou Rechtort, Boston; Carolynn Gaines, Cordell; Betty Her bert, Fort Valley; Martha McNeil, Bluffton.

An interesting program on making clay pendants was given, after which each person was given an opportunity to make one.

National Research Council Announces Fellowship Program

The National Academy of Sciences—National Research Council has announced several large national fellowship programs for the academic year 1952-53. The Academy, organized at the request of Abraham Lincoln to advise the Government on matters scientific, with the Council its operating agency, initiated the first National program of fellowships over 30 years ago. Since then other nations with programs have been added. Fellowship programs for the academic year 1952-53 must be received by the Fellowship Office of the National Research Council by January 7, 1952.

Postdoctoral fellowships in electronics are also administered by the National Research Council and are available to students who have completed one year of graduate training.

Postdoctoral fellowships were initiated by the National Research Council in 1919 to give selected scientists who had demonstrated a high order of ability in research an opportunity for further education, training and development. These fellowships are open to citizens of the United States who have completed all the academic requirements for the Ph. D. and M. D. Study in all the natural sciences and inter-allied fields is open to these Fellows and may be pursued in any institution of advanced training in the United States or abroad approved by the Fellowship Board. Awards are for one year with stipends from $3,000 to $5,000 and additional funds are available for travel.

Applications for the post-doctoral awards must be in the Fellowship Office of the National Research Council by January 1 and January 15, 1952. Because the post-doctoral fellowships are available in a large range of subjects and programs, potential applicants are encouraged to write to the National Research Council stating their field of specialization, age, and study plans so that appropriate information material may be sent.
