Mr. Hicky Visits Pine Cone Pictures Are Placed

The Pine Cone of 1953 is in its third week of publication, starting October 13. The freshmen will have their pictures made beginning at ten o'clock Monday. Blouses, Boys should wear dark coats. Set your appointments in Room 233, Senior Hall. After you are entering from the south-end of the building to the north, you will be made the weeks of October Thursday and Saturday of this week. Several photos of the Freshmen and Juniors will have pictures made Wednesday and Thursday of this week. The number of photos will be the same of the first week. Jackie Green, a junior transfer from South Georgia College, is the first of two new members of Valdosta as associate editor. Jackie will be in charge of the Janitor; a student in the College and Porta Club. Each member of the staff is asked to place her picture on the proper page of the schedule as will be announced this week. The Freshmen will have their pictures made beginning at ten.

Vacancies On Committees Of SGA Filled

The Executive Committee of SGA announces the following appointments to the committees: Nancy Colie, Social and Cultural Affairs; council, Leslie Dallin and Lila Loop, Musical Affairs; Larry Chellie, Dramatic Affairs; Van Ferguson, Social and Cultural Affairs; and Redmond, Social and Cultural Affairs. Other new members of the staff are: Barbara Smith, Donald Murray, John Fowlkes, and Valda Newton. These new members, the staff hopes to turn off the college and Porta Club. The Freshmen will have their pictures made beginning at ten.

Slight Decrease In Enrollment Shown

Enrollment at VSC for the fall quarter has reached a total of 348 students. The total number of students enrolled in the fall quarter was 350. The decrease in enrollment is due to the transfer of some students to other institutions.

Seniors To Sponsor Carnival On Nov. 1st

The seniors will sponsor a Carnival on November 1st, in connection with the annual Fall Carnival. The students are urged to attend and bring friends to the event. There will be a variety of games, refreshments, and entertainment. The seniors hope to raise funds to support their upcoming trips and events.

Math Science Club Will Meet Oct. 17th

There will be a call meeting of the Math Science Club on October 17, at assembly period—10:30. The meeting will be held in the Administration Building. All members of the club are urged to attend and bring friends to the event. The Math Science Club will be discussing the upcoming programs and activities.

NO CRUSADE

By JOE COPELAND

If you will bear with me, I am going to refrain from my usual slippage and try to be serious for just a minute. By this time you have probably given up on me as one who is always too busy to try to be one at this time, but I am glad to see as many of the old students as I can find in the hall to-night. Last year I promised you that I would do better this year and I have not been able to keep my word. I am going to try again and see if I can do better.

By the time you reach this stage of your education there is little that one can do to help you. The effort of making you study books. You have absorbed all the good and the bad ones in good and bad, trying, toiling, and he has nothing left to do but to try to get the worst. Any time anyone has a story worth telling, you can always catch the good things far from the waist as possible.

Anybody can join if you plan to be a roll call member then stay out and let a worker take you to the office. Work is a little better than getting into trouble.

It takes as much or more guts to get out and mingle with the crowd than to sit at home day and night and face a book. A book represents a lot of labor and work. It is a little bit of work and effort at the last minute.

Anybody can be a social worker, but they are a start anyway. Of course, cards hinting for a date. And if a boy speaks, girls, we aren't trying to lay on the rest of us.

Have you ever really thought of what a smile and real honest to the students. It is not easy to catch a heart, go from Dr. Thaxton or Charlie the janitor. Being one of the students is one of the positions of position of authority. And the good thing is that it costs so little.

When a girl speaks it doesn't mean that she's flirting or even hungry. Once you've tried girls, we aren't trying to lay down on the rest of us.

Everybody get in the act and make this the greatest group of friends ever assembled under the banner of a college institution.

Frightened Freshmen Adorn Campuses

By DOROTHY SWINDELL

Shaking, shivering, and terrified the freshman class of 1952-53 arrived on the campus various freshman week of September 22.

The moment a car stopped in front of Confederate Hall we were besieged by sophomore yells friendly greetings and grabbing suitcases, beginning the annual ritual of pinning cards. Freshman week is the time that Freshmen are given the opportunity to express their opinions of position of authority. And the good thing is that it costs so little.

We were taken to our rooms and with the help of the sophomore clothes were unpacked and beds made up in a minute's time. Then the freshmen attacked the hall and were "pinned" immediately thereafter. Of course, cards bearing one's name and address are not quite as fraternize place as they are not.

We were taken to our rooms and with the help of the sophomore clothes were unpacked and beds made up in a minute's time. Then the freshmen attacked the hall and were "pinned" immediately thereafter. Of course, cards bearing one's name and address are not quite as fraternize place as they are not.

Between placement tests, library tests, (which no one passed) physicals, skits, and parties little time was left for anything but sleeping and eating.

After the week had passed it seemed it had flown by and was not nearly so awesome as it seemed to be at the first when we arrived shaking, shivering, and terrified.

Our Invitation To 'Go Home'

By CARR GLOVER

All over the world today, wherever the American is outside his little nation, there are populations who secretly or outwardly wish and will the Americans to "go home." There must be some definite reasons for this wish, but installing may say the least.

I often wondered why we Americans were so avidly disliked. My opinion is that the world is made up of different nations and by down right lies.

There have been a number of additions to the faculty, and I feel sure that the faculty has been strengthened by the various changes that we have made during the summer.

The Student Government Association did a very fine job with Freshman Week; and, for this, I wish the faculty of the school, and I hope that all the old students who are here will help the new members.

Much repair work has been done on the campus during the summer and is being continued in our effort to make our buildings fire safe for everyone.

The VSC Library will accommodate the large number of books, activities, and its campus. No one knows where this will last, but as soon as supper time came it was located in a minute flat.

Between placement tests, library tests, (which no one passed) physicals, skits, and parties little time was left for anything but sleeping and eating.

Don't join more clubs; just make friends. There are the short, innocent little "quizzes". If you study all your time to parties and clubs, but by all means enter in the activities.

The (trades Fell

Three months have passed and we are back at VSC for the big year. What is new? What has happened?

Have you met Bert Hardin, our new exchange student from Finland? Bert says that everyone has been very friendly to him. He enjoys his classes because he can discuss his problems with his instructors. The rain did not disturb him. She says it always rains every day in Sweden during the month of November; so she is used to it.

Annum Durham and Jackie Thomas have something new. Surely you want to possess their rings. An even more recent engagement is that of Florida Clark to her Spence Field beau.

Sam Todd was here for two consecutive weekends to visit Grace McCord. It is rumored that he will be going to South Carolina this weekend to return his visit. Marianne Joiner was excited over her call from Sonny Welch. Sonny told her he had solved for the first time.

Becky Cotrell got a package of much interest this week. It contained a fraternity mug. something any girl would cherish; since it has the one and only happenings.

Of interest to everyone will be the new exchange student from France, Monique Pasquaillini. French exchange students who was with us two years ago.

Declared that adequate provision for national security requires maximum effort in the field of scientific research and development. The fullest possible utilization of the nation's technological resources. It authorized the President to direct: the development of any or all categories of persons whose activity in study is found to be necessary for the maintenance of the national health and safety. The intent of Congress was that these students should be deferred only until they completed their college training.

Any registrant who was deferred in a deferred classification on June 19, 1951, or who was thereafter placed in a deferred classification is liable for training and service until he reaches the age of thirty-five.

Freshman Girls Receive Bids From Sports Club

Most of the Freshman girls who didn't know it were being early Saturday morning. Does that sound strange? Well, there was a good reason for such an early rising. Sports Club bids from Lambda and Phi Lambda teams were to be given out. At last the suspense was over! Now the Freshmen knew what team to root for and defend in the Sports Club manner. Over coffee and doughnuts, an eager bunch of girls joined in the fun of a Sports Club huddle and lost no time in playing like an old-timer.

This year the Women's Sports Club will be very proud of their pledges. When the first sports practice was held, Monday afternoon, a good portion of the new Lambda and Kappa as well as the old ones turned out to support their team and have a good time.

Fall quarter, the Kappas and Lambda will take to the volley court, and the fullback field. Freshman coaches will be on hand to teach the games from the very beginning for the benefit of those who have never played either sport.

Here is a good opportunity for Freshmen, Sophomores, Juniors, and Seniors to take an active part in a workable-organization, and competition are offered for the taking. A good Active Sports Club member will be a good sports person. Be An Active Sports Club member. Be a good sports person.
