special Committee of SGA Make Recommendations

A special committee composed of Miss Weaver, Miss Raitt, Miss Perkins, Miss Burt, Mr. Burt, Mr. Hamilton, Miss McLaughlin and Mr. Uhls have made a careful study of the whole problem of student clubs and recommend that the following be done:

1. That the student make careful study of many and with clubs they affiliate, thus learning to choose.
2. That the student make careful study of the whole problem of student clubs and recommend that the following be done:

3. That a special committee of the student body is appointed to formulate and submit recommendations and present them to the student government for approval. The committee shall consist of the following:

- Mr. Burt
- Mr. Hamilton
- Miss McLaughlin
- Miss Raitt
- Miss Burt
- Mr. Uhls

4. That the committee make a thorough study of the student club problem and submit their recommendations to the student government for approval.

We recommend that a special committee be appointed to formulate and submit recommendations and present them to the student government for approval. The committee shall consist of the following:

- Mr. Burt
- Mr. Hamilton
- Miss McLaughlin
- Miss Raitt
- Miss Burt
- Mr. Uhls

5. That the committee make a thorough study of the student club problem and submit their recommendations to the student government for approval.

We recommend that the following recommendations be adopted:

- All clubs shall be required to submit their budgets for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their officers to the appropriate college authorities for approval.
- All clubs shall be required to submit their programs for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their rules and regulations for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their membership lists for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their financial statements for the coming year to the appropriate college authorities for approval.

We recommend that the following recommendations be adopted:

- All clubs shall be required to submit their budgets for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their officers to the appropriate college authorities for approval.
- All clubs shall be required to submit their programs for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their rules and regulations for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their membership lists for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their financial statements for the coming year to the appropriate college authorities for approval.

We recommend that the following recommendations be adopted:

- All clubs shall be required to submit their budgets for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their officers to the appropriate college authorities for approval.
- All clubs shall be required to submit their programs for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their rules and regulations for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their membership lists for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their financial statements for the coming year to the appropriate college authorities for approval.

We recommend that the following recommendations be adopted:

- All clubs shall be required to submit their budgets for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their officers to the appropriate college authorities for approval.
- All clubs shall be required to submit their programs for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their rules and regulations for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their membership lists for the coming year to the appropriate college authorities for approval.
- All clubs shall be required to submit their financial statements for the coming year to the appropriate college authorities for approval.

**DILLISIVEL RESOLUTION**
by BECKY CULMERTH

Be it resolved that this individual will neither fuss, fight, beat up, or otherwise do all manner of foolish acts for the remainder of this academic year, or any more this quarter—right—all right, anytime this week, so there, are you all satisfied? If so, then pass—unless you have any more questions? If not, may I suggest that this glorious student body make...and just how well have you brought it? (Better than this staff member, I sincerely hope.)

THE CAMPUS CANOPY

Opportunity
For Seniors

Valdosta College seniors majoring in chemistry, physics, or engineering are eligible for Atomic Energy Commission scholarship funds. This is the case with three students who are to receive scholarships.

Radiophysics is a new and exciting field for research. It is concerned with health physics, radiobiology, and control. Radioisotope measurements and similar activities associated with the use of radioactive and other release of nuclear energy.

Up to this time, scholarships may be awarded, with full-accredited grades, to seniors carrying out three in three locations. One program is operated by the University of Rochester, Brookhaven National Laboratory, another by the University of California and the Hanford Works of the AEC, and the third by Vanderbilt University and the Oak Ridge National Laboratory.

In each case, nine months of copurse work at the university is followed by three months of additional study and field training at the respective installations. The program is accredited for graduate-level training leading toward the advanced degree.

Basic stipends for fellows is $300 per year, $500 for each dependent child. University tuition, fees and housing scholarship may be paid by the Oak Ridge Institute of Nuclear Studies, which administers the program for the AEC.

Additional information on the program may be obtained from science departments throughout the country.

Marianne is Hungry

Do you suppose Marianne Joh­ner is hungry?—No. For the day she calmly removed an orange from Mrs. Wisenbaker's desk, peeled and at it right in Mrs. Wisenbaker's presence without any sort of a reaction. wise, much less ask Mrs. Wisen­baker for an orange.

Albemarle-mind professors are rather commonplace, but it is rare to hear of a student who has ever given up without something belonging to him (her) or not. A very interesting day it was! She discovered the real truth when she was approached with the question, "Marianne, how do you get two oranges at a sup­per?" With its shocking quality Marianne almost choked to death on the last piece of bread, but she was very brave and continued to eat her next meal without a care of the cold immediately, and permanently.

Flu Has Flown

(Continued from Page Two)

Flu Has Flown

The plague continued and more students were grappled into the grip of the disease. Dick once again demanded the release of war and terror and occupation; and the diseases would have been very grateful. You and I know how to have fun. and I just began reading the newspapers. Without any assistance from the students, the campus would have been deserted.

But we can do something about the present crisis. Our generation is soon to become the leaders of the world. Our problem is to plan and organize for the defense of our country.

A QUICK CURE FOR COLDS

A QUICK CURE FOR COLDS

This condition persisted for a while and never went away over the weekend and brightened up when the classmates returned.

Sororities Come To V S C

Three sororities have invaded the campus and the charter members are working hard to maintain their top notch sororities. Although all three sororities are local chapters, present national charters will be secured as soon as possible.

Kappa Delta Epsilon sorority held elections of officers and the results were: Fat Heath, president; May Forster, vice-president; Hal McHugh, secretary; and Margene Jones, treasurer.

Alpha Xi Delta sorority members chose Helen Grace Ford as their president, Janet McHugh, vice­president, and Peggey Jones treasurer.

Kappa Delta sorority chose Helen Grace Ford as their president, Janet McHugh, vice­president, and Peggey Jones treasurer.

In the Kappa Delta sorority the officers are Glenda Smith, etc., president; Martha Davis, vice­president; and Nancy Cole, corres­ponding secretary; Susan Fuller, treasurer; Glencie Daughtery, par­liamentarian; Sara Bell, histor­ian, and Peggey Jones, constable.

All the sororities are planning rush week for the last weekend of the month. There will be fun in store for everyone as many of the rushers are from the special functions which will be held under way.

Business Club To Sponsor Emory Junior Glee Club

On February 27, at 8:00 p. m., the Emory Junior Glee Club, which appears in Concert at the Valdosta College Auditorium, is sponsored by the Business Club at one of its monthly meetings. Admission will be 50c for students and $1.00 for non-students.

The first concert of the season for the Emory Junior Glee Club will be held at the university. The group will render a 90-minute program with selections from such songs as "Come, tell me love" and "Carousel." The program will be held on Broadway. Due to the per capita of the group, Val­dosta shown by past attendance, a large

MARIE BERGEN LAUNCHES EXCHANGE PROGRAM

British student, who studied last year at Valdosta State College under the sponsorship of the Valdosta Rotary Club, is directing a student exchange program one year at a time. The idea is to exchange students between the world, of independ­ence, equality, and the United States.

Mrs. Bergen, who returned to the University of Bordeaux this fall, is spending a year in the United States, writes that she is pleased, concluding that the student exchange program is the best means of understanding the world of independ­ence, equality, and the United States.

McCoy, Blackwell Lead Team

Sportslite

Rheda Blackwell Elected

Members of the Woman's Sports Club attended the annual conference of the Georgia Athletic Federation, held at GSCW this year. Rheda Blackwell was elected at this meeting to be the recording secretary of the federation. To hold this office is quite an honor and by having a VSC girl, as a state officer, the Sports Club will gain a great deal of state recognition.

Those attended the meeting were: Carolee Goines, Rhoda Blackwell, and Dolores Barry. Miss Ivey, advisor for the Sports Club, also was present at the conference.

During the course of the week-end, many meetings were attended at which a great deal of new ideas for a progressive sports program were given a debate. A debate held on the subject of faculty-student cooperation and integration of organizations with the sports activities.

Dolores Barry participated in this debate as well as five other sports club presidents from other colleges in Georgia.

The GAPCW conference will be held on the VSC campus during the year of 1953. At this meeting, representatives from all the colleges in Georgia will invade the campus to plan the work for the following year.

Volleyball Practice

As for sports practice, Volleyball has invaded the campus. Practice is every Monday and Wednesday afternoons at 4:15. You have been coming regularly, keep it up and you who are staying away regularly, come out and have all the "expenses paid" fun. Yes, the same old story, you don't know how to play. Well, forget it, that's what the coaches are out there for.

Ping Pong Tournament

Two tournaments are being played this quarter. They are ping pong and tennis singles. Faculty and students are being given a chance to play against all other students. The coaches are out there for. You who have been coming will get a break as you who have not been coming will get a chance to prove yourself.

The up and coming Freshman Class has one thought in mind these days. Money, money, and more money. Why? Well, the senior trip to New Orleans of course. It has to be financed. So to meet this problem they gave an informal dance in the dining hall on Jan. 31. The theme was the school colors and a joke box provided the music. A great time was had by all. The seniors are selling assorted cards and stationery also to bring in some more money.

Class News

Freshman Class--

The Freshman class has but one thought in mind these days. Money, money, and more money. Why? Well, the senior trip to New Orleans of course. It has to be financed. So to meet this problem they gave an informal dance in the dining hall on Jan. 31. The theme was the school colors and a joke box provided the music. A great time was had by all. The seniors are selling assorted cards and stationery also to bring in some more money.

Junior Class--

With Junior-Junior Frolics in mind, Juniors started this new year off with a picture contest in which all of the pictures of the girl's boyfriends were entered. There were judges to pick the best looking fellow of the school. Each team was given a space in the student center where the pictures were posted. A great deal of laughter from the spectators. Needless to say, a lot of discussion went on as to the quality of the pictures. Needless to say, the best looking fellow was crowned as the winner.

Sophomore--

The Sophomore are the big winners at the time of this writing. The Sophomore class, with the theme of "Today's Hit Parade", went all out to make this event a success. The Sophomore class also was present at the conference.

Drives and Tracks

Two tournaments are being played this quarter. They are ping pong and tennis singles. Faculty and students are being given a chance to play against all other students. The coaches are out there for. You who have been coming will get a break as you who have not been coming will get a chance to prove yourself.

Details of the tournaments will be announced in the next issue of the campus newspaper.

Help Wanted

The Campus staff is in dire need of additional staff members to work in every capacity. If you are interested in writing feature stories, news stories, sports, or whatever your services may be, we will appreciate them even if it is just minimal support.

You don't have to be a professional journalist to serve on the staff. We are looking for people who are interested in writing for the campus newspaper. If you are interested, please come to the next Campus staff meeting and help us build a better campus newspaper.
