The Winter Wonderland in Front of the AD Building

Cold Here Too

You see the "winter wanner" on our front campus a days ago? Well, maybe to our northern neighbors it was too much, but to a "Red Devil" deep in the Heart of South Georgia it was indeed a rare sight, as singing from all the limbs, twigs and branches in the early morning was something not often seen in Valdosta, and we are even better friends on our friends the north. How many of them ever seen Spanish moss in solid?

There's a reason for these strange goings on, unlike frozen moss and ice tree shivers, but don't happen in our sunny southland on our sunny and shiny Georgia, "Snowball Croft." It seems that on the night before from their dates. The "red-eyed" somebody goes and left water sprinkler going, giving the "Red Devil" a real feel for the matter of work with, he just made the most of it.

The SGA Council met at 7:30 on January 10. V. L. Daughtery called the meeting to order.

"There followed a discussion of plans for Homecoming. A definite date could not be set since there were plans for the Homecoming weekend to coincide with the dedication of the gymnasium and the dinning hall.

Omer McLean, treasurer, reported additional contributions to the Athletic Fund. Sophomore Class, $50; MCA, $50; Recreation Club, $5; and Education Club, $2.

Dan Casey suggested placing tags in the jackets recognizing their honor. A motion was made and carried.

A suggestion was offered to give the cheerleaders who had served two years sweaters and the other cheerleaders, letters. Dan Casey made a motion to award all the cheerleaders sweaters. The motion was seconded and carried.

In connection with Homecoming, Bob Dixon suggested that cheerleaders decorate the band stands, student body and their dates will honor the class secretaries elected this year. List of secretaries were: Carle B. Carter, Barbara Little, and Graybeal. The formal dance is to be held at 8:30 on Saturday night. Januniary twenty-second, and at the Valdosta Country Club.

Charm Fashion and Beauty

"Charm, fashion, beauty, is only worth what you put into it. "Charm is not what you spend, but how you look. There is no woman perfect in the sight of man—that is, there is one fashion, or one charm, or one addition to your beauty," says Miss Alice Bell.

Miss Alice Bell is the South's foremost authority on charm, beauty and fashion. She is a star of radio and television. She is the author of two books on beauty, "Alice Bell's Beauty Book" and "Beauty Can Be Fun!"

Miss Bell has recently toured New York to Hollywood. During her tour, she appeared on television, lectured, and worked in the studios of Hollywood, where the pursued the secrets from the stars on how to be more charming and beautiful. Her most recent book, "Secrets of Hollywood," is the latest of her books. Miss Bell is considered the foremost authority on charm, beauty and fashion. She is the star of Time Inc.'s education plan which was begun in early May and provides for the tuition costs of after-hours courses approved by a committee. Employees are allowed a wide latitude in the selection of courses along with occupational and personal lines. Subjects undertaken during the period covered by the grants ranged from office management and Japanese to elementary cooking.

"Everyone is aware," Mr. Larsen said, "that industry is being asked to help prepare growing numbers of institutions of higher education and we feel that this new program is the most important of its kind. A logical part of any company's plans for investing the development of the present and future manpower. Over (Continued on page 2)

SAO Honors Initiates

The new members of the Sigma Alpha Omega Sorority were presented at a formal dance Sunday night, January second, at the Valdosta Country Club.

Guests were welcomed upon arrival by the officers of the SAO and their dates. Seated at tables around the dance floor the guests were introduced to the sorority members. Introductions were made and carried. Barbara Little, the President of the sorority, announced that the sorority will continue to build up the fraternity until charter status is reached by the chapter. This is the first of its kind, and is a logical part of any company's plans for investing in the development of the present and future manpower. Over (Continued on page 4)
Have you ever heard the old riddle of which came first, the chicken or the egg? That is a very good question. Now one of the best books ever written is "The Chicken or the Egg?" by Hal Lodge. It is not just a book about chickens and eggs; it is a book about everything. The book is divided into three parts: the first part is about the egg, the second part is about the chicken, and the third part is about the world. The book is written in a very humorous way, and it is sure to make you laugh out loud.

Do you remember the old saying, "If you don't know where you're going, you'll end up somewhere else?" That is one of the main ideas in the book. It tells us that if we don't have a plan, we are likely to end up in a bad situation.

One of the most interesting parts of the book is the discussion about what happens to the egg after it hatches. The author describes how the newly hatched chicken goes through a series of experiences, learning new things and making new friends. It is a great reminder that we too must learn and grow if we want to succeed.

In conclusion, "The Chicken or the Egg?" is a must-read book for anyone who wants to learn more about the world and the many different ways in which we can succeed. It is a book that will make you think, make you laugh, and make you want to learn more about the world around us.
BARNEY PURVIS

There is on the V.S.C. campus a man who plays his fielder in every way and enters an able student in any course he takes. His name is Barney Purvis, whose sister is Olulis, Georgia.

Coming to this campus from South Georgia College where he was very active in an extracurricular and social program, Barney has moved into a position of prominence among students here. One reason for this fame is his applied personal philosophy, which is simply, "Do unto others as you would have them do unto you".

Barney is Barney? major, history is his minor. His favorite leisure activities are found in the realm of the out-of-doors, as well as competitive sports. When asked what he thought of the opposite gender, he replied, "I like men of medium height, blonde or brunette, fun to be with, and—well—you know the measure, I guess."?

Including his campus activities, Barrett is a member of the S.G.A., the Wesley Foundation, the Math-Science Club, and the basketball team. Barny is President of the Men's House and a member of the Y.W.C.A.

Beverly is a star to watch—present and as well as future.

Attention boys!! We need some more male voices in the Glee Club—especially baritones! So come to rehearsal on Tuesdays and Thursdays at 7:30 and on Saturdays at 1:00.

In order that we may have a "perfect" first performance in GA., on the twenty-second of February, the glee club is practicing from 6:30 to 9:30 on Tuesday evenings. We have been working hard this quarter for our performance in Cairo, singing mostly parochial songs that are "This Is My Country." During the Spring Holiday, the Glee Club plans to make trips all over Georgia. On Thursday night of the last week of school, the Glee Club will sing in Camilla. Some people of this town have promised lodgings and breakfast for our stay there. Friday we will try to get to Atlanta and then to Fort Benning A.F.B. on Friday night, where we will practice and rehearse before we plan to go to Warner Robins Air Force Base. There is a possibility that we will also go to Savannah and it is almost certain that we will go to Brunswick.

The Glee Club members have an excellent spirit as they think of all the work done this quarter, and we feel assured that these places in the not to distant future

Members of the V.S.C. Glee Club and their dates enjoyed a weekend trip on Friday night, January 14. The group consisting of about 25 people, met at the roadside park near Twin Lakes at 7:30. After eating hot dogs with all the trimming including sausages, marshmallows over a large fire, various games, were enjoyed by the group. A great deal of the success of the party can be attributed to Nan Stairing and Violet Gifford, who did all of the hard work in planning for it. As a result of the meeting, the Glee Club voted to contribute $1,000 to the Athletic Fund of the S.G.A.

Education Club Meet

"Education in IRAQ" was the topic of an educational talk given by Dr. C. B. Jordan at the Education Club meeting.

Dr. Jordan Ellington was in charge of this most interesting talk. After the talk, future teachers asked David questions concerning training of teachers and the necessity for a college education. During the meeting Janice Thomas was elected secretary because of the vacancy made by Beverly Marshall, Beverly did not return to school for this quarter.

Wanda Bishop and Claire Wiggins our presidents and vice presidents were present with this quarter for they are practicing teaching in Waycross. They will remain to be teachers and will assume the duties as acting president and secretary respectively.

The big project of the club is the Charm School under the leadership of Miss Alice Hill. The final plans have been organized and will be presented to the chairman and Mrs. Knight, the chairman and Mrs. Knight, the cooperation of each member and the participation of every girl on the charm school committee is going to be a great success.

The last meeting was prepared by Janet Hughes and Jackie Wade and Charlotte Knight were acting hostesses.

By Elizabeth Waliman

One of the curries in the five Mary T. Smith, who was also selected as Secretary, D. G. R. K., made a special trip to teach high school after getting her degree. She saw V.S.C. because it offered a wholesome, friendly atmosphere. Another thing she liked about V.S.C. was the high academic standing. For Georgia, she believed in her education coming before anything else. She gave this reply; "I hope for the ability to finish college and to someday settle down and raise a good Christian family.

Well, Georgia, with an outlook like that, how can you miss?

Civil Service Jobs

The United States Civil Service Commission has announced a Student Trainee examination for positions paying $3,500 to $6,100 a year, in the fields of physics, metallurgy, chemistry, cartography, and engineering located in various Federal agencies in Washington, D.C., and vicinity.

Applicants must complete an appropriate high school curriculum, or or the must have had 1, 2, or 3 years of appropriate college study. A written test will be given. The age limits are 17 to 23 years. Applications waivered for persons entitled to veteran preference, between 16 to 23 years. Persons appointed will participate in training programs consisting of periods of on-the-job training in a Federal establishment alternating with periods of school training in accredited college or university.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D.C. Applications will be accepted by the Commission in Washington until May 1, 1933, however, any person who wishes to take the first written test to be given must have their applications on file not later than February 13, 1933.
Under The Boards

There has certainly been a lot of basketball all in Valdosta since our last look a few weeks ago, with the V.S.C. Rebels still fighting to get into the “final four”. This has certainly been a disappointment to the Rebels fans who thought they would be fighting for the “final four”. This has certainly been a disappointment to the Rebels fans who thought they would be fighting for the “final four”.

During the past few weeks, the Rebels have traveled all the way to Florida and back with also a three day trip to the Northern part of Georgia. The Rebels were hoping to get revenge on the high scoring Chipnina Indians who doubled the that didn’t know when to stop. In the first two quarters before the third quarter, the Rebels found the shcocr end of a 91-76 score. They were looking forward to their full week of road encounters. But again they found the stocr end of a 91-76 score.

The stay at North Georgia was certainly a fine one as far as hospitality goes, but when game time came around, the Rebels again found a high scoring five awaiting them. The Rebels just didn’t have the height to compete with the tall boys of North Georgia. Jesse Long took his school’s record for points scored in one game, Roy McQuig took individual honors for V.S.C with 18 points. This just about closes up shop for this time, except I would like to ask all of you guys and gals to keep supporting the Rebels because you certainly should be surprised to know how much the team appreciate the support of the student body. Yes, yes, you faculty members can contribute your well developed lungs to support the V.S.C. Rebels.

Study Fellowship

A fellowship at the Free University of Berlin and an International Honors award at the University of Kiel are among the grants for German study open to American students during 1955-56. These and other opportunities for graduate study in Germany were announced yesterday by Konnoth Helfeld, President of the Institute of International Education, 4 East 67th Street, New York City.

The Free University of Berlin offers two awards which include tuition and a small stipend plus lodging at the student home. The Haus Welt-Club of International House of the University of Kiel offers a tuition and maintenance fellowship in the field of economics, political science, or sociology. The award is for research work at the University’s Institute of World Economics.

The Deutscher Akademischer Austauschdienst offers ten fellowships to be used at the universities and institutions of higher learning in the Federal Republic of Western Germany. Candidates must be unmarried.

Fellowships usually available to American students for German study include a tuition and maintenance award at the University of Kiel. In the past the Aachen Technische Hochschule offered a fellowship for research in the field of construction, mechanical, or electrical engineering; architecture; or mining. The Bavarian Ministry of Education and Culture has offered two tuition and maintenance awards for six months at either of the Universities of Munich, Erlangen, or Wurzburg, or at one of the four philological-theological institutes in Bavaria.

Information on the German awards may be obtained from the Institute. Closing date for application is March 1, 1955.

Medical Schools Advise May Test

Princeton, N. J. January Candidates for admission to local school in the fall of 1955, are advised to take the Medical College Admission Test in May, as announced today by Liaison Testing Service, which prepares and administers the test for the Association of American Medical Colleges. These tests, required of applicants by almost all medical colleges throughout the country, will be given during the current calendar year. Candidates taking the May test will be able to inform their schools in early July when many medical colleges have given the selection of their entering classes.

Candidates may take the MCAT on Saturday, May 19, 1954, or Monday, October 31, 1955, at administrations to be held at more than 300 local centers all over the country. The Association of American Medical Colleges recommends that candidates for admission to class starting in the fall of 1956 take the May test.

The MCAT consists of two parts: general, a test of general understanding of modern scientific, and an achievement test in science. According to ETS, a special preparation other than a review of science subjects is unnecessary.

Application forms and a $25 fee, which goes to cover details of registration and administration, as well as special questionnaires, are available from premedical advisors or directly from Educational Testing, 20 Nassau Street, Princeton, N. J. Completed applications must reach the ETS office by April 15 and October 15, respectively, for the May and October 31 administrations.
