Car Regulations Set By Student Gov.

The Student Government Association has announced the following regulations for cars on campus:

All cars must be registered at the business office. A five penalty fee covers costs of registration and parking sticker.

Illegal parking includes parking out of marks, parking in "no parking" zones, parking in post offices, taking up unnecessary space or any illegal parking is set at $1.00 for first violation, $3.00 for second violation.

Road blocking includes speeding, horsewhipping and driving wrong way on one way streets. Fines violation of traffic laws for regulation is $5.00. Violators may be protested to SGA with two witnesses. Persons will be called for SGA after second offense, and when fines are not paid.

Those not cooperating with regulations will be required to park off campus.

Mr. Murray Jolley, manager of the student center, is becoming a very familiar face to the majority of Valdosta State College students.

Valdosta State College Faculty

The most outstanding innovation of the 1956-57 school year at Valdosta State College is the modern Student Center—really two centers in one. There is a center for students and faculty.

The Student Center is a place for eating, including equipment, was completed shortly before freshman orientation week. According to SGA, efficiency for the Student Center building itself cost approximately $60,000, and the total building cost was about $15,000.

The center, located on the main campus on the site of the former rec- room hall, is a sand-which and cold drink bar in addition to the book store, rest rooms, student post office boxes, and a juice box. Books for sale at the center, including VSC stickers, and T-shirts are also sold. Mr. Murray Jolley, manager of the Student Center, is responsible for the supervision of the center.

The book store has on sale regular textbooks for all classes. Also offered are other books that will be study helps, dictionaries, and college outlines. Registration gym suits for physical education courses may be purchased here. Last year the center was crowded with the room occupied by the Public Relations office.

Mr. Jolley has announced the following business hours: weekdays, 9:00 until 11:30; Sundays, 2:00 until 6:00. The bookstore will close at 5:00 daily and will not open on Sundays.

In the office section the ceiling is constructed of natural finish pinewood. The floor is covered with green, sweetened pine. Elsewhere a color scheme of cool green is accentuated by white walls. The center is equipped with fourteen booths. Plans call for more improvements in facilities in the patio. In- direct lighting is used extensively in the men's section. The store book and snack bar are equipped with new furnishings.

The east patio opens toward the tennis courts while the west patio is the west side overlooks the swimming pool. Both are screened.

The post office will be operated by students, as it has been in past years.

Registrar Anticipates Record Enrollment This Year at VSC

Although enrollment figures are not complete, present figures show interest in college is extremely high. Since the college became a co-educational institution in 1955, the college has grown rapidly. Close to two-hundred freshmen have registered. If other classes show proportional increases, Valdosta State should boast of a 9% enrollment increase.

Free Admission To VSC Students

Full time Valdosta State College students will be allowed to purchase tickets for the civic music performances.

Students paying all activity fees will be admitted to these presentations upon showing identification cards. It will not be necessary for them to purchase tickets.

Serenade Named

Members of the Serenaders, a college singing group, have been named by Dr. Bettman's students as the "Chemical Who's Who." A newly selected member included in the current edition of "Chemical Who's Who" returned to the Valdosta State College campus after a short vacation. He is Dr. Bernard Bettman, professor of chemistry and head of the department.

Selection for the "Chemical Who's Who" is based on a degree from a recognized college, ten years work or distinguished work in the field of industrial chemistry, and personal recommendations. To the best of Dr. Bettman's knowledge, the "Chemical Who's Who" will be published every other week. Plans for this year are to have the next edition will be distributed at the staff meeting. If you have any ideas for features or editorials, be there!
Make Valdosta Your Church Home

One facet of college life that is sometimes overlooked is taking part in the local church activities. That Sunday morning service is not something to be taken lightly, but to be a part of the church is a great way of meeting people and learning about our heritage. To be a part of the church is a great way of meeting people and learning about our heritage.

By joining a church, you will meet more people, make more friends, and be an asset to the church of your choice. It will provide you with a sense of belonging and help you feel more connected to the community.

The Valdosta churches want you and need you. There are activities planned for your interests. Transportation has been provided by a number of congregations.

The expression, “What you get out of life depends upon what you put into it,” is familiar to everyone. It is especially true in relation to religious affiliation. Whether you are a part of the church or not, it is important that you are a part of the church. The church can be a source of strength and comfort, and it is important to be a part of the church.

It's All In The Name . . .

'Moore' or Less Anyway!

Everybody has a name but have you ever stopped to think about how they would sound if there were different combinations? For instance, wouldn't it be funny if Jackie were Less instead of Moore; if Levon were Queen rather than King; if Paula were Maid not Butler; if Sandra were Lower instead of Champion; if Frank were Mouse not Rouse; or Carol were Sharpe rather than Keen.

What if Jimmy were a Runner and not a Walker; if Paul were Moore not Rouse.

AFRAID OF BLACK CATS?

The next edition of the CAMPUS CANOPY (Oct. 19) will feature an article on various superstitious little habits of students and perhaps faculty. If you have a ritual such as saying "broad and brown" and a couple separates to walk around a chair or if you know someone who does . . . drop the CANOPY a line at the post office in the student center before October 15th.

Tell 'em you saw their ad in the CANOPY!

Reader's Digest 

$41,000 CONTEST

Open to All College Students (Faculty, too!)

Nothing to buy...nothing to write
...and you may find you know more about people than you think!

How well do you know human nature? Can you tell what subjects interest people most? Here is a chance to test your judgment—show how good an editor you are—and you may win $5,000 for yourself, plus $5,000 in scholarship funds for your college.

It's fun to try. Maybe you can top other students in colleges across the country...and you can match wits with the editors of Reader's Digest.

Why do far more college graduates read Reader's Digest than any other magazine? What is it that makes the Digest the most widely read magazine in the world—with 11 million copies bought each month in the United States, plus 9 million abroad? Why is it read each month by at least 60 million people, in 12 languages—Arabic, Danish, English, Finnish, French, German, Italian, Japanese, Norwegian, Portuguese, Spanish and Swedish?

Can you spot in a typical issue of Reader's Digest the universal human values that link scholars, statesmen, scientists, writers, businessmen, housewives? Can you pick out the articles that will be most popular with the average Digest reader?

You may find...you know more about people than you think!

Here's all you do. Study the descriptions (at right) of the articles in the October Reader's Digest—or, better still, read the complete articles in the magazine itself. (But you are not required to buy The Reader's Digest to enter the contest.) Then simply list the six articles—in order of preference—that you think readers of the magazine will like best. This will be compared with a nationwide survey conducted among a cross section of Digest subscribers.

Follow the directions given below. Fill in the entry blank, paste it on a post card, and get it into the mail before the deadline. Additional blanks are obtainable at your college bookstore.

All entries must be postmarked not later than midnight, October 25, 1956. Don't delay. In case of ties, the entry with the earliest postmark will win.

You may win...

$5000 in cash prizes plus $5000 for the scholarship fund of your college or college of your choice.

$1000 in cash prizes plus $1000 for the scholarship fund of your college or college of your choice.

Any of TEN $500 cash prizes plus $500 for the scholarship fund of your college or college of your choice.

Any of 100 $10 prizes in book credit from your local college bookstore.

You can win:
