Vaccine For Asian Flu Given To 200 Students And Profes

Asian flu vaccine has recently been given to approximately 200 students and faculty members, in an effort to prevent an outbreak of the disease on the Campus should one develop in the area. The current epidemic of Asian flu, first reported in Hong Kong and Singapore during the latter half of April 1957, is caused by a new strain of Type A virus known as the Asian strain.

For the first time in history, the strain is ahead of an impending epidemic of influenza. The vaccine, containing the new strain of Type A virus, has been developed and is proven effective and safe. The vaccine was given to VSC students at a minimum cost. An attempt was made to secure a second dose, and students who wish to receive the vaccine should notify the Health Service personnel.

Sock and Buskin Holds Meeting; Elects Jerome Clegg President

Fifty Students Hold Part-time Campus Jobs

Approximately 50 students at Valdosta State hold part-time jobs in 12 fields of work on the campus. This number of student assistants is divided up among the departments of library work, student life guards at the pool, dormitory monitors, and assistants in the dining hall. Some of these workers are connected with the work, art, speech, biology, chemistry, physical education, and other relations departments. In addition to these workers, a number work in the student center.

A few students are employed as clerical workers in such sections as the help given to the Dean of Women.

In addition to these employments, off-campus jobs are open in various places and applications are made for these positions. For all other jobs, through the direction of Miss Louise Sawyer, the office of the Director of the Administration Building.

Among the old members returning to the club were Jerome Clegg, Dixie Weger, and Francine Jones. New members included: Barbara Sengraves, Virginia Bolling, Marsha Whaley, and John Hulbert.

Jim Low of NAM Will Speak Before VSC Student Body

Jim Low, staff speaker for the National Association of Manufacturers, will be the guest speaker during assembly Wednesday, and his talk will be on the phases of human and practical sides of economic life in Great Britain. He came to the United States at the age of 14, and went to work in an American factory the day after his arrival. He became a citizen in 1929.

Speech Classes Present Program On WGAF Radio

The members of the speech classes of Valdosta State College have presented a variety of children’s stories for a number of over radio station W G A F. The program is directed especially to younger children up to elementary age. They are heard each evening at ten o’clock. All of these programs are under the direction of Miss Louise Sawyer.

Sock And Buskin To Present Three One-Act Plays

The Sok and Buskin Club announced that it will present 3 plays on December 5. Those plays are "Carnations," a short comedy satire by Glenn Hughes; "Hello Out There," a drama by William Saroyan; and "We Were Dancing," a sophisticated comedy by Noel Coward. The plays will be held this week and all who are interested urge to participate. Copies of the plays are on reserve in the library.

A veteran of the Canadian infantry during World War II, he is a resident of Springfield, Massachusetts.

More than 1,200 delegates to the 136th annual Georgia Baptist Convention have gathered here at VSC.

The convention officially got underway at 10:00 A.M. Tuesday when a benediction made by Lowndes County pine was presented to President James Wescott by W. E. Lowndes Sr., prominent layman of the First Baptist Church here in Valdosta.

The presentation was made in behalf of local Baptists.

Monday night in Drexel Park, a hotel in the city, the reception was given to the wives of the officers of the local First Baptist Church.

For weeks every available hotel and motel room has been reserved as far away as Lake Park and Quitman. Many of the delegates are staying with local Baptists.

The major meetings are being held in the VSC gym with other meetings held in the Baptist churches in this area.

Several Baptist students have been attending the convention.

Katherine Gibbs School To Award Two Scholarships

The Katherine Gibbs School is offering two national scholarships for college senior girls for 1958-1959. These awards were established in 1956 by Mrs. Katherine M. Gibbs, founder and first president of the school.

Each scholarship totals $1,285 which includes $575 for tuition and a cash award of $500. The winners may study in one of the eleven city carriers and two rural carriers will be employed in the post office.

Pictured above is the new post office that will open November 18. The office is open for production are regularly employed as clerical workers in such departments as the help given to the Vice-president, Secretary, and Student Government Association representative were to be filled.

The competition for each office was very keen but the final count of votes found the office of Vice-president filled by Palsy Langford, the office of Secretary filled by Marilu NeSmith, and the office of S. G. A. Representative filled by Jean Harrell.

When the Babylonians did their writing on soft clay tablets, they used a rod made of a stiff reed or of metal, and with one end of it they stamped marks in the soft clay. The marks that resulted were usually squared or with edges, and in style.

This cuneiform writing was used for many centuries by many groups of people, but when the Hittite Empire fell, the writing was forgotten for hundreds of years.

Today, thousands of clay tablets are being dug up out of the ruins of the ancient Babylonian cities, and a great deal is being learned about the kind of life people lived in those far-off days. Among the Babyloni a.
LET'S GET A FOOTBALL TEAM FOR V. S. C.

By Joe Patterson

When in the course of human events, it becomes necessary to answer the question as to whether a college is to grow or to decline in size, there can be but one sensible answer. Yes! However, Valdosta State College cannot grow unless it is ready to do its part to share the responsibility that must be shared by the student body. It is a responsibility that must be shared by the student body.

A college without an active, intelligent, and energetic student body is like a plane without an engine. It is not just the job of the administration to help the school to grow, and to provide leadership. It is a responsibility that must be shared by the student body.

If a college is to grow, then the student body must be helped to prosper and grow in all ways. We already have the finest dormitory in the state here at Valdosta. So far, the obvious fact that the answer does not lie in the academic regions. Perhaps the answer can be found in a more active sports program.

Let's let the present class half-asleep tomorrow morning when I start to write for an article printer!...
**Society News**

**Alpha Chi Holds First Meet, Discuss Activities**

The Sigma Alpha Chi Honor Society held its first meeting of the year October 23 at the House in the Woods.

President George Wallace called the meeting to order to fill the office of historian left vacant by Dillard Ensley. Jeanne Cowan was elected and the club scrapbook was turned over to her.

A roll call revealed the possibility of becoming affiliated with Alpha Chi National Honor Society. A charter from Alpha Chi was granted and activity plans were made.

**Filii Fortunae Opens Seventh Season At VSC**

Filii Fortunae of Pi Kappa Phi has opened its seventh social season at VSC. The oldest fraternity on campus got into high gear Saturday night October 26, when it entertained the pledges and their dates at the lake home of Joe Smith on Twin Lakes. Officers report that the turn-out was very good, and the fraternity showed how well措 their chaperones were Mr. and Mrs. Shelley McCoy.

On Monday night, following the purty at the lakes, the brothers of Filii met to vote on the selection of new pledges into the fraternity.

Filii announces the pledge and their chosen officers: Stanley Houston, president; Blanton James, vice president; Jack Rowe, treasurer; Dale King, secretary; Billy Kitchens, sergeant-at-arms; Jim Hathaway, historian; and Billy Hayes, parliamentarian. Sponsors chosen for the incoming group are: Miss Miriam Burns, Miss Charlene Griffith, Miss Beverly Monroe, and Miss Marianne Morgan.

**Zeta Chi Gives Ceremony; 9 New Pledges**

The Zeta Chi sorority and its sponsors performed the very beautiful ceremony with nine new pledges, October 21.

The pledges are as follows: Catherine Bell, Charlotte Coppage, Fay Denton, Marilla Newman, Marilla Pennington, Phyllis Davis, Carroll Howard and Marilla NeSmith.

**Tau Kappa Epsilon Fraternity's Hayride**

An old fashioned hayride and dancing contributed to making Tau Kappa Epsilon Fraternity's social event of Friday night a success. The group left the college and boarded a truck filled with straw for the hay ride to Mr. Glenn Robinson's cabin in the country.

The warm glow of a fire in the large open fireplace greeted the fraters and their dates when they arrived at the cabin. Refreshments in keeping with the theme of the affair were cooked over the fire in a pot brought by the fraters and their dates. During the rest of the evening everyone enjoyed dancing and singing of TKE Songs.

When the last flicker of firelight died out everyone made their way out to the "truck" for the ride back to town.

The social event was chaperoned by TKE's faculty advisor, Mr. Marlin Patterson.

**Alford, Skiles Lead W R H C, Circle K**

by Dillard Emley

Almost any time a student walks across the campus he can other see Dwaine Skiles or Dorothy Ann Alford journeying to and from class or devoting time to their outside activities.

Dwaine is a junior at Valdosta State and has been preparing himself for a degree in the field of music. He takes his music seriously and is a member of the Glee Club and the Serenaders.

In addition to these activities Dwaine is President of the Circle K Club, which is one of the most outstanding organizations on the campus. He also devotes much of his spare time as Chair Director of the local Pyle Baptist Church.

As a member of the S. S. U. he is in charge of the Deputation and Extension department also for the past twelve months has played basketball on the Rebel squad, but this year's schedule prevents participating in the sport.

Dwaine was born in Elizabeth, Louisiana, and he moved to Valdosta in the fourth grade after graduation from high school. Among his outside activities such as hobbies, there is the enjoyment of building model airplanes.

Dwaine stated that the "Big Wheels" feature in the campus paper presents the individual student as he is through the informalities of the writing and the pictures.

Dorothy, better known among her friends as Dottie, is President of the VSC Residence Hall Council and devotes a great deal of time to fulfilling that office.

Dottie, a native of Columbus, Ga., is a senior at VSC, and she spends much of her time at the North campus due to the fact that she is majoring in biology. She plans to enter the field of medical technology after finishing at VSC.

Among Dottie's many extra-curricular activities are her interests in sports and swimming. She also enjoys working with arts and crafts as her hobbies.

In her past years as a student at Valdosta State, she has been a member of the Sports club and also participated in the Fins and the Fins Pettes. At present she is a member of the Math-Science Honor Society.

When asked what she thought about the Big Wheels feature in The Campus Canopy, Dottie replied, "I think it's really good because it gives the students a chance to tell about the other students such as where they are from or what they plan to do. Without this feature many students couldn't ever know these things unless they were close friends of the person.

The Big Wheels will receive a free chicken dinner, compliments of the S & K Enterprises.

**TRAMP, TRAMP, TRAMP, The boys are marching. This could almost be the theme song of many of the boys of Valdosta State College. Every Monday night, the halls of the boy's dormitory echo with the shouts of, "Fall out men, let's go." For a while, a visitor might think that the President had again called out the troops, and his guess wouldn't be too far wrong.

Many of the boys are veterans and have seen service in the far corners of the globe. One or two of them are the so-called "six-month wonders." The six-month wonders numbered veterans who have spent six months on active duty and now have seven and one half years more to pull in the reserve. Several of them have never been in the army, but had the foresight to join the reserves when they were in high school or during their early years in college. So long as they remain in the reserves, they are draft exempt, so most of them say that they will remain in the reserves.

The reserve meeting lasts two hours and consists of fifteen minutes of drill, fifteen minutes of report, and an hour and a half of classes, and a fifteen minute break.

For the past several months, the number of reservists has been reported to be 125. Lt. George Hines, Commanding Officer of the local reserve unit, reports that he can accept men up to the age of 36, if they are veterans and recruits for his company. If anyone is interested in joining the reserve forces the next meeting will be held on Monday, Nov. 18 at 8:00 p.m. at the Y. M. C. A. located across from the Farmer's Market on S. Patterson St.

**FINER MEN'S WEAR**

CASTLE PARK

**VSC Students Participate In Local Armory Unit Activities**

People from V. S. C. participating in the Army Reserve are (l. to r.) -- Webster Teague, Gene Gilby, Carl Free, Joe Patterson, Roy Weatherington, Curtis Bailey, and Bill Moncrieff.

Previous to rushing and pledging, the brothers of Filii had put to select new officers and fraternity sponsoring for this year. The new officers are as follows: Carl Houston, president; Charles Powell, vice president; Jack Rowe, treasurer; Dale King, secretary; Billy Kitchens, sergeant-at-arms; Jim Hathaway, historian; and Billy Hayes, parliamentarian.

Sponsors chosen for the incoming group are: Miss Miriam Burns, Miss Charlene Griffith, Miss Beverly Monroe, and Miss Marianne Morgan.

The social event was chaperoned by TKE's faculty advisor, Mr. Marlin Patterson.
Sportin’ Around

With Sidney Futch

With all these stories about Spuntik rockets to the moon, and "Unidentified Objects", no one had much time to think about Sports, but let's forget all this for a while and talk about sports.

It looks like, if nothing happens, Oklahoma will finish in the top slot again this season and will battle in the Orange Bowl in Miami. Right now it looks like the number one prospect to battle the Oklahomans is the Blue Devil of Duke, who were beaten recently by the Engineers of Georgia Tech.

Many people criticize Oklahoma, Mississippi and others for playing an easy schedule, but we forget that the schedules that most college teams play today were scheduled as many as four years ago. A football team can develop into a powerhouse or a very weak team in four years so when the schedule is made it is not known how powerful a team they will be playing. I admit though that some of the top rank teams of the nation this year are playing a pretty easy schedule. I don't think that very many teams will go unbeaten this season.

Now that basketball season is approaching, the VSC Rebels are settling down to scrimmaging and polishing up weak spots. After watching a scrimmage game last week it looks like the Rebels will be a threat to most any team. There were a few mistakes made, but they can be ironed out by the first game against the University of the top rank teams of the nation this year are playing a pretty easy schedule.

The Rebels got off to a fast start and ran up a 35 to 19 score at the end of the first half with Johnny Purvis, Skeet Hodge, and Doug Parrish figuring in the scoring. In the second half it was rail and two most of the way with Louie Shipes and Al Stevens dominating the scoring.

The entire Rebel squad played. Leading scorers for the Rebels were Parrish, Hodge, and Stevens with 12, 10 and 8 points each. Ed Gandy rang up four points in the first half, was outstanding on defense, Louie Shipes and Johnny Purvis scored three apiece, Gene Gargyl scored one point while Dale King scored two. Jim Stovall was also outstanding on defense.

As far as the Athletics club was the games leading scorer with fourteen points.

A large number of fans attended the game and were impressed with the showing of the Rebels.

New Football Series

Open; Filii Drops

Reade Hall 12-0

The Filli gridsters defeated the Reade Hall team last week by a tune of 12 to 0 in the first of a series of football games.

The first half was a very good one when quarterback Bill Kitchens tossed a pass to end Jim Hathaway for ten yards. The extra point failed. Late in the second quarter after a series of punts, Kitchens tossed a pass to end Clyde Smith for a first down and paydirt. The PAT failed again.

It was tie for ten in the second half with neither team scoring.

The lineup for the dormitory team was as follows: Lavon Cook, Clarence Chauty, James Baster, "Doodle" Hall, Raymond Bradly, Bob Trammel, Bob Miller, Max Jones, Bill Hay, Jimmy Hick, and Wayne McCullum.

Making up the Filli team was Ben Wood, Clyde Smith, Buddy Whitlock, Bill Kitchens, Jim Hathaway, Bob Yemenor, Bill Kent, Jackson Taylor, Walter Schor, Oliver Temper, Walter Stovall, and Bill Voight.

Referees for the game were Blanton Prince and Jack Browe.

VSC Cagers Take 52-44 Win Over Valdosta Athletics

The VSC cagers rolled by the Valdosta Athletics Club 52 to 44 last Thursday night in a scrimmage game.

The Rebels will be a threat to most any team. There were a few mistakes made, but they can be ironed out by the first game against the University of the top rank teams of the nation this year are playing a pretty easy schedule. I don't think that very many teams will go unbeaten this season.

Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist. For perhaps this reason, the Navy has taken steps toward the "Nautilus" for the only sub and drink vending machine in the entire submarine fleet. Naturally, for you wouldn't hear about it from an Eye in a Sub-Chamber, but can be found around the Sub Base, at the Sub Base Diner, and various other spots. The machine is quite respectable. Figure that these submariners have quite a habit.

Wave of Good Taste

A new problem is facing college students. It was called "the Octagonal Room." It just couldn't be solved. Then a new program was started at the College of the Atlantic. The students were divided into groups and given a chance to try different new techniques in solving problems. The results were surprising. The students learned that they could actually work together and solve problems. This led to the creation of the "Octagonal Room." The students were then able to work in a more effective way and solve problems that were once thought impossible. This new technique has revolutionized the way students approach learning and problem solving. It has led to more effective communication and collaboration among students, leading to a better learning environment. It is a great example of how a simple change in approach can lead to significant improvements in problem solving and learning.
