MISS BETTY LOU ELDRIDGE is crowned "Miss VALDOSTA STATE COLLEGE" by last year's beauty, Miss Shirley McGowan. Pictured above left to right is Susan Chance, second runner-up, Betty Lou Eldridge, Shirley McGowan, and Penny Williams, first runner-up.

Betty Lou Eldridge of Thomasville, Georgia was crowned "Miss Valdosta State College" last night at Valdosta State College after being selected from nine contestants by a panel of judges. Miss Eldridge, daughter of Mr. and Mrs. L. G. Eldridge of 336 East Jackson Street, Thomasville, is majoring in Sociology.

She was crowned by Shirley McGowan, last year's winner.

Selection of "Miss VSC" is an annual affair sponsored by the local Filii Fortunae fraternity.

Penny Williams of Valdosta was named to second place, and Susan Chance of Quitman was third place winner.

Participating in beauty reviews is nothing new to Miss Eldridge. She was first runner-up for Rose Queen in Thomasville, first runner-up in the "Miss Georgia Chick" contest in Gainesville, and she represented Thomasville at Daytona in the "Miss Dixie Frolics". For her talent last night, Betty Lou rendered a piano solo, "Moonlight Sonata".

Miss Williams, daughter of Mr. and Mrs. Ralph Williams of Valdosta, is also a freshman at VSC, and is majoring in Elementary Education. In the talent competition she did a modern jazz dance.

Miss Chance, daughter of Mr. and Mrs. Frank Chance of 909 E. Screven Street, Quitman, is a sophomore at VSC and is also majoring in Elementary Education, with a minor in speech. Her talent was a pantomime.

Other contestants included Jeanne Connell of Perry, and Judy Starling of Hahira who were among the top five; Palsy Langford, Waycross; Miriam Barnes, Americus; Peggy Wolfe, Albany; and Frances Little, Waycross.

Husbands and wives of students are extended a cordial invitation to this event.

\$12,000 In Furniture Added to Men's Dorm; McCoy Reports

"Approximately \$12,000 of new furniture has been added to the Men's dormitory here at VSC", reports Mr. Shealy McCoy, Comptroller.

Steel-framed single beds were placed in the rooms of the ground floor. New inner-spring mattresses were also added.

Other furniture items include chest of drawers, steel desks, table lamps and mirrors.

The added furniture completely equips 32 rooms in the Men's dorm, added McCoy.

Many complaints had been made by men students living in the dormitory about the poor condition of the furniture, the installment of the new furniture seems to have stopped the complaints and several of the men students have commented that they are very pleased with the new editions.

These beauties came from the pledge class of Filii. Attired in feminine costume, they were judged on their beauty, talent, and personalities.

Letters To The Editor

Dear Editor:
 'Twas the day of assembly and
 all through the crowd
 Few students were listening, most
 talked aloud.
 The students were seated; some
 wiggling, some bored,
 While over the audience the
 speaker's voice poured.
 He spoke at length, but we heard
 not a word.
 Now don't you think the noise
 was absurd?
 So hear us exclaim are we fade
 out of sight,
 To listen attentively is only po-
 lite!
 There is a time and a place for

BOOK REVIEW

Between The Backs

by Dillard Ensley

This is a novel of mystifying
 science fiction—the story of one
 man pitted against the universe
 in the twenty fifth century.

Gulliver Foyle was catapulted
 into the very midst of the death
 struggle between the planets
 when he sought revenge against
 those who refused to save him
 from death in a space ship. But he
 did not know he held the key to
 winning that war, and both sides
 would stop at nothing to get it.

A sole and battered survivor in
 a wrecked space ship, Gully was
 drifting amid the planets. He
 spotted a possible rescue vehicle,
 signalled his SOS for help, and
 was ignored.

THE STARS MY DESTINA-
 TION is a fast-paced and suspen-
 sive novel. It is a superlative new
 novel of tomorrow by the author
 of one of the most popular of re-
 cent time science fiction pro-
 ductions, THE DEMOLISHED
 MAN.

Many readers of science fiction
 find THE STARS MY DESTI-
 NATION a well-written book with
 plenty of adventure entwined with
 the individual actions and thoughts
 of Gully fights a friendly well-
 equipped people who would rather
 let the universe go up in flame
 than relinquish their own power.
 Why not try a change-of-pace
 and read some science fiction?

The Holly Hop ...

Blue and silver "Stardust" theme.
 On the stage stood a tree,
 Big, and white, and glittery.
 Behind the tree, a blue back-
 ground,
 With stars sprinkled all around;
 Candles bright, and angel hair,
 Streamers, streamers everywhere.
 And now I've reached the nicest
 part,
 The presentation of each class
 sweetheart;
 Betty Lou, Glennie, Lucille, and
 Sue
 Are the lucky gals elected by you.
 Just who planned for this gala
 ball?
 To name a few, Perry, Key, and
 Stovall.
 For the senior class there should
 be heard
 A round of applause for their work
 superb.
 If you weren't there, all I can say
 Is I hope you'll live to rue that
 day.
 Perhaps for dances you don't care,
 But I'll tell you now, it was a
 grand affair.

The following benefits will be
 yours . . . "If" you drive within
 the law:
 —You spare yourself arrest . .
 A court appearance . . . The cost
 of a fine.
 —You are less likely to be the
 cause of an accident yourself.
 —You are better able to pre-

 from the violation of another
 driver, or a pedestrian.

Campus Poll

What do you think could be
 done to improve the traffic safety
 on campus?

MAJORIE BROOKS—Stronger
 enforcement of present traffic laws.
 JO RABUN—If there were more
 parking area, people wouldn't take
 risks in parking in unsafe places.
 ELLIS WILEY — Speed brakes
 placed along in front of the dorms.
 MARY MOORE — Impress on
 students the necessity of traffic
 safety.

LARRY CHELENA—I don't feel
 that there are any problems that
 need correcting other than park-
 ing.

KHALDON ABDULLA — Have
 something similar to policeman—
 maybe campus policemen.

MYRNA WALTERS—I feel that
 if the main thoroughfare could be
 widened, thus making possible a
 walkway as well as a street.

JOHN BASKIN—The problem
 is parking. An increase in parking
 area will do much to eliminate the
 problem.

— DUST —

Dust and Death and Dust . . .

Early one cold winter eve he
 prepared for a date. He rushed
 and scurried and scampered, not
 to be late. Then racing the clock
 to meet an impatient girl he hit
 a patch of ice and gave his "rod"
 a whirl.

Dust . . . Death . . . Dust . . .

On another cold, bitter day his
 friends shed every tear as hesita-
 ting by they follow to help him
 start his first eternal year.

What his everlasting fate not a
 single one of them knows, know-
 ing only this: From Dust he came,
 to Dust he goes.

 that the life of the mind can be
 more fully rewarding than the
 life of what William Whyte calls

 are not using this experience to

Letter To Santa

Dear Santa Clause:

My letter is going to be early
 this year, not because I want so
 much, but because I want to be
 sure that you get it in plenty of
 time. Santa, I really have a prob-
 lem. There are so many thing
 that I want. A bright new car, a
 new fur coat, a new record player,
 a new living doll, or to pass ac-
 counting, these are just a few of
 the things I could ask for. But in
 a few months all these things
 listed above would grow old and
 then I would be wishing for some-
 thing new.

Santa, the thing I want most
 of all is strength and consideration.
 The strength to live and enjoy
 life and the consideration to show
 others during the next year. Santa,
 things to a lots of people our
 country would be a better place
 to live.

Santa Claus, you can also bring
 me a few small supprises if you
 like. Please don't forget me for I
 will be waiting on Christmas night.

Love,
 Sandra Stanfield

Densonian Suggests Elimination Of Required Majors

Looking for an "intellectual re-
 volt" on its campus, the DENI-
 SONIAN at Denson university,
 Granville, Ohio, suggests that re-
 quired majors be eliminated.

Reasons the editors gave for
 dropping the traditional idea of
 students majoring in something at
 college were:

We now are limited to one spe-
 cialized field. Instead, students, by
 the definition of "liberal arts",
 should be allowed to delve in all
 interests.

More than 50 percent of liberal
 arts college graduates do not prac-
 tice their specialization after grad-
 uation. Many go into large cor-
 porations which have their own
 training programs. Many of these
 companies, the editors say, are not
 essentially interested in the grad-
 uate's major field. "It is the . . .
 ways of thought, understanding of
 a situation and ability to cope with
 problems that seem to be impor-
 tant rather than specific knowl-
 edge of a particular subject", says
 the DENISONIAN.

The student is mature enough
 to determine his own values and
 should be entrusted to choose
 courses wisely to fit individual
 needs and interests.

The editors' words were written
 after hearing a talk by associate

Drive Carefully ...

In a few days students of Valdosta State College will be
 making their way home across the state (or states).

Some may not return.

Not because they didn't intend to. But
 because someone was careless. There are ac-
 cidents that cannot be avoided but many
 that take lives each year could be prevented
 by exercising due care.

According to a survey made by Univer-
 sity of Nebraska professors, the age group
 having the least regard for speed laws was
 16-25. Drivers under 26 were responsible for
 36 per cent of the speed law violations. Fifty
 per cent of the total violators were under 30 years of age.

When you're traveling during the holidays, stay alert.
 Don't get the "holiday haze". If you've hit the bottle, don't
 hit the street.

Make sure that your lights are operating efficiently before
 driving at night. Remember that the speed limit in Georgia
 falls from 60 miles per hour to 55 when darkness arrives. If it
 is necessary for you to walk at night, wear clothing of a light
 color.

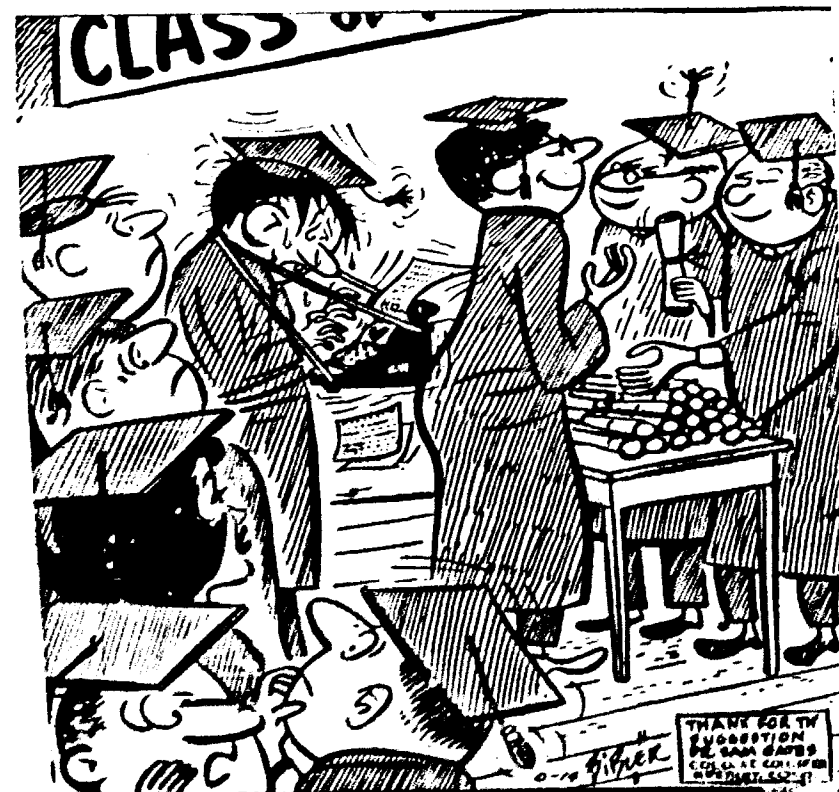

Bad weather influences the accident rate. Several weeks
 ago a student here at VSC was treated at the general hospital
 for injuries received in an accident that occurred returning
 to the Main Campus from the North Campus during a rain.
 Since the car in which she was riding crashed into the rear of
 a car in front, this accident might have been avoided if the
 driver had been alert or if there had been better visibility. So
 keep your windshield wiper and brakes in serviceable condi-
 tion. Keep your fog lights on during rainy or foggy weather.

It is mportant to keep your vehicle in "top-notch" con-
 dition in order to insure more safety for you and others.

So drive carefully all the time . . . particularly during
 the holidays.

IRC Holds Meet; Foreign Countries Theme of Program

The IRC held its regular monthly meeting Tuesday, December 4, in the House-in-the-Woods, with President George Wallace presiding.

Mr. Murray Steward, a club member, presented a very colorful and interesting group of pictures slides which he made when he served as an Air Force Officer in Japan and Korea. Mr. Steward also made some interesting comments on Japanese culture, religion, and government.

Miss Bennie Baker, club, vice-president, and Miss Mildred Price, club advisor, gave an interesting program. They showed various articles which were purchased in foreign countries. Many of the articles were of historical interest. It was pointed out that one should be familiar with some of them through his studies of history.

After the meeting, refreshments were served by Deannie Buford and George Wallace, hostess and host for the month.

Ema Dell Hendley Reviews "A Long Day's Journey.."

Miss Ema Dell Hendley reviewed Eugene O'Neils play, "A Long Day's Journey Into Night" at the December 2nd meeting of the English Club.

Dr. R. D. MacCann Reveals Personalities Of Hollywood

University of Southern California assistant professor of cinema Dr. Richard D. MacCann gave some impressions of Hollywood personalities he has known.

In a speech report in the DAILY TROJAN, Dr. MacCann told about interviewing the stars for his weekly CHRISTIAN SCIENCE MONITOR column on Hollywood.

"I found," he said, "that most of the cliches one hears about Hollywood simply don't apply." A few actors live exciting lives and are erratic in their work, but the majority are fine people, he said.

His easiest interview? "With Rhubarb the cat. I simply had to stand there and look."

James Dean and Marilyn Monroe were surprises to him. "Dean was intelligent and extremely concerned about juvenile problems." Miss Minroe impressed him as a "sweet, troubled girl" who does her best to live up to her "role, both publicly and on the set."

He thinks Bill Holden one of the "nicest guys in Hollywood, a real citizen of the community."

Some interviews were difficult. "For example," said Dr. MacCann, "I had the same trouble with Marlon Brando that I have with many of my students. I simply couldn't get his attention."

"Persistence paid off, however, and I finally succeeded in getting some very intelligent answers."

the seriousness of the disease. The medicines are included in the health fee, and except for special drugs there is no additional charge for medications.

The college physician's clinic is open at 9:15 a. m. on Weekdays. If a student is unable to be on time, he is asked to phone the Health Service by this time and the physician will wait for him.

The hours for routine visits to the Health Service are 8 a. m. to 1 p. m. and 2 to 5 p. m. on weekdays. Hours for Saturday are 8:30 to 12:30 p. m.

THE BIG WHEELS: Lucille Helms and Tommy Newsome

Newsome, Helms Lead Freshman, Junior Classes

Both students chosen as the Big Wheels for this issue of the Campus Canopy, Lucille Helms and Tommy Newsome, are graduates of Valdosta High School. Both of them have made outstanding records in leadership here at VSC.

Tommy, who is only a Freshman, entered VSC this fall. Within the short time that he has been here, he has already shown himself to be a leader.

He has been elected by his fellow freshman as president of the Freshman class. He is also a charter member of a new college discussion group to be formed on campus next quarter.

Tommy plans to major in Journalism and hopes to write a best-selling novel someday.

Tommy is getting plenty of practical experience in Journalism. Outside of school he is kept busy working for THE LARK, a weekly tabloid newspaper in Valdosta, of which he is the managing editor.

When asked about his likes and dislikes, Tommy's answer was very original. "I like to pull up to a bar, down a cherry coke and bat the breeze with people. I don't have any special dislikes although I am not fond of consoited people or pickled beets. I am not a teetotal conformist, I like to follow my own dictates at time. I think everybody should retain some individualism other than blindly following the cliques along."

Lucille is a Junior at VSC. She is a biology major with a chemistry minor and plans to specialize in some field of medicine, probably anesthesia.

Within her three years here at VSC Lucille has managed to accumulate quite a number of coveted honors.

She is president of the junior class, the rush chairman for the

SAO Sorority, Sweetheart of the Filli Fraternity, Sweetheart of the Junior Class, Panhellenic representative for the SAO, the secretary of the SGA and a member of the Math-Science Club. In addition to these more recent honors, Lucille was vice-president of the freshman class and won third place in the Miss VSC contest last year.

Lucille was born in Buena Vista and graduated from VHS in 1955.

She says that cooking is one of her favorite hobbies—pies are her specialty.

She is an active member of the First Methodist Church in Valdosta and holds the office of President of Methodist Older Youth for the South Georgia Conference.

Well the 1957 football season has drawn to a close with VSC finishing in the top slot as many people expected.

Ten teams have accepted invitations to play in the major bowl games, all to be played on new years day except the Gator Bowl game which will be played on December 27th.

In the Rose Bowl, powerful Ohio State with an 8-1 record will battle it out with Oregon who has a 7-3 record. Ohio State has a better season record and a stronger team than Oregon so I predict the winner will be OHIO STATE.

Navy, 8-1-1, and Rice, 7-3, tangle in the Cotton Bowl. I'll have to go along with NAVY who shouldn't have too much trouble in Rice.

In the Sugar Bowl, Mississippi, 8-1-1, and Texas, 6-3-1, will be out to defeat one another. This should be a close game, I think MISSISSIPPI will come out on top.

Down in Miami in the Orange Bowl Oklahoma, 9-1, will tangle with the Blue Devils of Duke, who have a 6-2-2 record. Oklahoma should take this game pretty easy unless Duke has an extra good day. I predict OKLAHOMA.

On December 27 in Jacksonville the Vols of Tennessee with a 7-3 record will make their eleventh appearance in a bowl game when they lock horns with Texas A & M, who have a 8-2 record. Tennessee is the only team returning for a bowl game from last January. Although the Aggies have a better record than the Vols, I'm going to gamble and pick TENNESSEE. This should be the most evenly matched teams playing in the bowls this year.

Many people, including myself, were very pleased with the showing of the Rebels last week when they played their first home game. I was also very glad to see so many students attending the game. I had been told that the school spirit here at VSC was very low last year and that hardly any students attended the games. Lets keep up the large attendance and let the Rebels know we're behind them 100%.

I hope you pass all your test and have a Merry Christmas.
