PAGE TWO

Here and There . . .

Today marks the beginning of one of V. S. C.'s annual events — Senior Weekend. This activity is primarily to ac­ quaint high school seniors, who are interested in attending V. S. C. with the facilities of the college.

A special program has been planned and includes a repeat performance of excerpts from the opera, "The Magic Flute," by Mu Alpha of Tau Kappa Epsilon to be presented tonight, a coffee to be given by Eta Gamma Sigma, and a dress rehearsal of "Death Takes a Holiday" to be presented by the Sock and Buskin Club Saturday. The "Campus Canopy" extends a most cordial welcome to visiting seniors.

UNCOUTH!

Homecoming dance was a grand affair and afforded a good time for many, even at the expense of others. The frater­ nities reserved tables for couples at a minimum fee and many couples arrived with the expectation of finding a table reserved for them. Tables reserved bore a name card and some couples searched for their tables only to find none reserved. The fraternities were not to blame. Who then? Some students who find it convenient to remove the place cards and destroy them and take the table even though they had not reserved one. In my opinion, a person guilty of committing such an act should be charged with theft but also should be charged with aiding and abetting the theft of a thief.

College For Those Over 21?

Recently, in the Georgia legislature, a bill was intro­ duced which would permit older students, who are not matriculating in any college in the University of Geor­ gia system.

This bill was not passed but perhaps the idea behind it should be investigated. Who introduced it? Against whom was it aimed? Your editors do not have the answers, but we have developed an hypothesis.

This bill was aimed directly against veteran students, since they are usually older than 21 years of age. The author of this bill may have been aware of the fact that veterans, Negroes, but this argument does not hold any validity; since not many Negroes and many whites are over 21 years of age. The author of this bill may have been aware of the fact that veterans came here to train and not to seek for advanced degrees while Negroes would be affected.

Our Army today is filled with young men who plan to attend college after completing military service. These war veterans have been over 21 years of age when they were separated from service. Sup­ ported by the government and many of these young men returned to Georgia to find that they were not permitted to return to their own state. Would this not have been true if those young men were not permitted to complete their active duty military obligation before attending college.

Consequently, the passage of this bill could have caused a chain reaction which would eventually effect the nation. The number of veterans would decline rapidly, and would neces­ sarily reduce the number of students entering college.

Parade of Opinion

What do you think is most im­ portant, excellent grades and no participation in extracurricular activities, average grades and participation?

Dick Laverette—Average grades and participation are more important.

Marilyn Hughes—Participation in extracurricular activities is more important than the things that forms a students personality.

Robert Baker—It's not the grades you earn but your relationships with other people that counts.

Penny Williams—A student in my opinion would lead a very dull life without outside activities.

Troy Spicer—The employer of today has become more interested in the employees extra-curricular activities than his high grades.

Inda NeSmith—Grades and extra-curricular activities should be on equal level.

John Jackson—Good grades and fine, but we must remember that we go to college to develop more than our intellectual talents, Carolyn McGee—For a student to go to college they must have activities other than studying.

Book Review

DRAFTEE'S CONFIDENTIAL GUIDE

(How to get along in the Army)

By Levy, Kirisher, and Cox

Published by Indiana University Press, $1.95.

A brief glance through this book reveals a wide assortment of literature. It is a "Probable Draftee," the order of training and what they have to learn. The book describes eight to a week's of a draftee's life. It contains the master schedule of training activities, with an explaination of each.

Other chapters include sections on OVERSEAS DUTY, MARRIAGE OR THE BARRACKS, WHO CAN HELP YOU, and DRAFTING. There are chapters on RECREATION and—

"You CAN GET FROM THE ARMY, and discussions on KP, guard duty, food,饷, as well as how to handle the basic training given to basic training given to the recruits. It also gives a description of what "some young man should know." For very good reading, a very good book.

One of the best sections in the book is the section on "How to deal with LINCOS." Such terms as POE, REE, PX, IMO and AO as well as AWOL, are defined in the book. There is also a section on "What every young man should know!" For very good reading, a very good book.

Ego

By Roy Wetherington

Am I not 1? Only 1 am 1. Am I only 1 — 1. Am I only 1?

What's Wrong

By Gene W. Deal

President of Thespianus

Lately it seems exceptionally apparent that something is wrong at V. S. C. Even the citizens from the surrounding area are wondering what is happening. Many explanations have been off­ ered, of which the most common is that the spirit is dead. I believe that this lack of spirit is a symptom rather than a cause.

I think the answer could be found in the current concert given by Carl Pangel in the V. S. C. gymnasium. The concert students made a splendid attempt, though the concert took place on this campus it looked as if the concert were performed by a high school. There is no excuse for this.

With V. S. C.

Every student of this college who possibly could should have come out to see the concert. They are very good students, they don't care for that kind of music. So what! No one ever did. I believe that this college is not fully educated without such entertain­ ment.

What do the students think they are here for? To make high grades? If that is so they must stick to their studies. The students who do not care for this college are those who don't understand that music is an art form that is not taught in any college. It can only be understood by listening to it and enjoying it.

An educated person is some­ one who knows everything in the world. (Continued on Page Four)
A college campus in the deep South was a place of excitement on February 12. It all began about 10:30 that morning when students found it snowing for the first time since the beginning of the semester. Students said, "It is rain, most paid no attention at all, but a few said it was snow!" Snow? All wondered how it could be in February? In Valdosta? But the snow was real, live snow for everyone to see.

The boys really enjoyed the snow, spreading snowballs, making snowmen, or just standing and asking questions of anyone who came to look. Everyone seemed in such a good mood that lasted through the entire riot — because how could people who just came to look walk away?

TALENT CONTEST—
(Continued from Page One)

Mrs. Ralph Williams of Valdosta, a freshman at V.S.C., is majoring in Business Administration. She won in the competition with her dance selection.

Wayne, who is a junior at V.S.C. and is majoring in Elementary Education, won in the competition with his vocal selections.

Other participants in the contest were Mary Lou Martin, Richmond Hill, pianist; Dwaine Skiles, Valdosta, vocalist; Erroll Sewell, Valdosta, vocalist; and impressionist, Marjorie Brooks, Chlous dancer; Marilyn Hughes, Valdosta, vocalist; and Jo Bobus, Valdosta, vocalist.

Jeanne Connell was unable to present her dance due to a sudden illness. She was substituted for by her roommate, Jeanne Trabue. Jeanne is a sophomore at V.S.C. and is majoring in Business Administration. She was selected from Old Man Adams and His Women. The Glee Club is now busy preparing for its annual tour, which will take place during spring vacation.

Jerry Studdard
Most Valuable Player Award

By Sidney Futch

Jerry Studdard Rebel forward and player of the year was named to the south all-star team. Jerry also lettered in baseball two years at VSC playing an outfield position.

After graduating, Jerry received a small athletic scholarship to Abraham Baldwin Junior College in Tifton where he lettered in basketball and averaged about twenty points per game.

Jerry attended Georgia Teachers College last summer but did not play basketball. He came to VSC at the beginning of this quarter and joined the Rebel team. Since then he has led them in scoring and is now leading the state in point and shot making, won the players of four year colleges.

At present time he has a fantastic 25.6 average.

Jerry remarked that he came to VSC because it was an excellent college and it was close to home. He graduated from Valdosta Wildcats had to play powerful Berrien County in the first game of the region 2 AA-south tournament. Both of these teams boast good season records.
