Valdosta State College, Valdosta, Georgia, Wednesday, May 13, 1959

Number 44

STUDDARD, MARTIN TAKE TOP STUDENT AND FACULTY HONORS

At Random With Clegg

I have tried for three days to write my column and each time I didn't get anywhere. However in newspaper work one has a deadline to meet and one often is forced to put something down when pressed for time so here goes.

VSC IS INVADED BY THE BIRDS

This is not as strange as it may sound. The History 400 class was invaded the other day by a Parakeet. Where he came from no one knows but from what I gather he hid in one of the maps and after much prodding from professor Gahard came out and was in competition with a reporting student. I guess they were competing as to who should say the most.

The Spanish class has been getting visits from a Redbird who has tried desperately to get through the glass in the window. Some say he sees himself in the glass (a reflection that is) or may want to get in to learn some Spanish. What do you think?

CONGRATULATIONS

To the charming and talented Miss Valdosta of 1959, Kay Domingos. Good luck to you Kay in the Miss Georgia. VSC was well represented in the Miss Valdosta contest. Jean Hooks was first runner-up and Penny Williams second runner-up.

To the Teacher of the Year and the man of the Year, Professor Martin and Jerry Studdard, Jerry needs a double congrats because he also won the Trophy for the most valuable Basketball player. This seems to have prompted a sign I saw on Jerry's door. It read "Ten cents admission to view Jerry Studdard's Trophies."

This comes from the Hospital. It seems that two girls that work out there were very embarrassed the other day when they mistook one of the doctors for a pre-med student. You guessed it the two girls are Lucille Helms and Gaye Griffiths, Medical Technology students.

I'll close out for now as the dead line has arrived with its though "Happiness Is A Habit—Cultivate It."—Hubbard.

SGA Sponsors Banquet For VSC Athletes

Monday evening the Student Government Association sponsored an Athletic banquet honoring the Basketball and Baseball teams of Valdosta State. The banquet was held at Minchew's Restaurant. About 60 people, including the Student Government, the Teams, Cheerleaders, and guests, were in attendance. The main speaker of the evening was Mr. Bill Crook, a well known sportsman.

This event is annually sponsored by the Student Government to honor the Athletes of Valdosta State.

Left to right; Dr. J. Ralph Thaxton, Jerry Studdard, and Associate Professor James E. Martin.

Honorary Drama Fraternity To Be Installed

Alpha Psi Omega National Honorary Dramatic Fraternity will be installed on this campus during the month of May. Professor Louise Sawyer, director of College Dramatics and the Sock and Buskin Club, announces.

Fourteen members of the local Drama group, Sock and Buskin, plan to be initiated.

Alpha Psi Omega is a Honorary organization for students who have attained a required number of points for their work in college Dramatics. The local group will be designated as Iota Eta Cast of Alpha Psi Omega. The fraternity is not intended to take the place of the regular Dramatic club, but as students qualify, they will be rewarded by election to membership in this society.

Cover Contest For V-Book

A contest is being run, in order to get the best possible cover for the 1959 V Book. This is a chance for each and every person on this campus to show his artistic capabilities.

All entries will be judged by the Public Relations Office, the Editor of the V Book, and the Art Department. The entry selected for use will bear the artist's name when printed.

Since the V Book is the first student publication that is a point of contact with the incoming freshman, it is your V Book, our V Book. Anyone may submit entries and any person may submit as many entries as he wishes. They must be turned into the Public Relations Office, or to Steve Sevits on or before May 24.

Dr. Thaxton Named "Ugly Man"

As a climax to the student assembly on April 29, Dr. J. Ralph Thaxton, president of VSC, was crowned the Ugly Man on campus.

The contest was sponsored by Alpha Delta Pi sorority. Dr. Thaxton was entered by the Kappa Delta sorority. The other contestants were Buck Etheridge, Charles Green, Mr. Gahard, Coach Cottingham, and Jim Broxton.

MISS VALDOSTA, 1959, Kay Domingos a Freshman Music major from Milner, Georgia. (See other picture and related story Page 3).

Dr. Whitehead Speaks On "Uncommon People"

VALDOSTA—Jerry Studdard of Homerville, star VSC athlete, yesterday was named as the college's "Man of the Year" at the annual Honors Day program. Studdard is a senior at VSC.

Another top award — for the faculty member who has contributed most to student activities during the current year — went to James E. Martin, Associate Professor of Physics.

Dr. Thomas H. Whitehead, Professor of Chemistry at the University of Georgia delivered the main address of the day.

Dr. Whitehead chose for his talk "The Uncommon People," using this phrase to describe the honored students. In his remarks he defined the "uncommon people" as being those who have "worked themselves into a place above the average."

In other awards, five students were acclaimed for having done outstanding work in academic areas at the college. Doyle Wetherington, Valdosta, received an award for the outstanding student of History. The award for excellence in English was presented to Chandler Christian of Valdosta. The freshman Mathematics award went to Mamie Laura Herring of Lake Park and an award for achievement in first year Chemistry was presented to Juanice Forte of Adel. An award for the top Biology student went to Bennie Ruth Baker of Tifton.

Penny Williams of Valdosta received an award for excellence in dance. The Inter-Fraternity Council award to the fraternity having the highest scholastic average went to Tau Kappa Epsilon fraternity.

Jerry Studdard was honored a second time when he was given the trophy as the outstanding basketball player of the year.

An annual feature of the Honors Day Program is the presenting of certificates to the graduating members of Sigma Alpha Chi honor society. Students who had been previously announced as members of Who's Who in American Colleges and Universities were also given certificates.

Four students who had been named "Marga and Mac," (best all round students) were presented their awards. They are Pam Paulk, Valdosta; Palsy Langford, Waycross; Joe Tarpley, Manchester; and Joe Webb, Bryn Mawr, Penn.

Aqua Show At VSC Pool

The Fins and Flippers, local Aquatic Club at VSC, has announced plans for its annual water show to be held at the college pool May 29 and 30. The group also has tentative plans for presenting the show at the Youth Center and the Country Club the nights previous to that at the college pool. The theme of the show will be hit songs from Broadway productions. Jerome Clegg will emcee.

EDITORIALS

Canopy Policy

It has been customary for the Campus Canopy to publish what its policy will be for the remainder of the spring quarter and the coming year.

The editorial policy will be confined to comment on the local scene and on the college level.

We believe the purpose of the college newspaper is to comment and report editorially on issues vital to the college.

All material presented objectively and impartially with the exception of the editorial page where opinions and comments will be presented. Two types of articles will be presented here those signed columns written by staff members or individuals and unsigned editorials. Signed columns will reflect individual opinions not necessarily the same as the views of the Campus Canopy Staff.

The Editor, associate editors, and business manager were selected by a student faculty committee. All other staff members are appointed by the editor.

In conclusion we will at all times try to keep the doors of the Canopy open, the mental as well as the physical doors, so that all will have a right to express themselves to an open mind. We will try to improve school spirit by getting behind the student activities program and supporting it. We will at all times strive to keep the student body informed and aware of the needs and the accomplishments of the college.

Water People Politics

By Stephen W. Sevits

Water everywhere and not a drop to drink. That's how the old saying goes. In some respects this has been all too true on the VSC Campus recently. Some weeks ago the administration of this institution decided to have the plumbing overhauled.

The plumbing was in perfect working order at the beginning of this project. After many days and weeks of diligent work, the situation has changed. The downstairs showers in Reade Hall have been repaired to a point where it is impossible to get any hot water. Hot showers have to be taken upstairs. The washing machine in Reade Hall has met some kind of untimely fate that has rendered it useless. Did it perhaps drown? Efficiency and speed were the

keynote during the aqueous reconstruction.

For several weeks the water pressure in some parts of Reade Hall was enough to fill a cup in half a minute. After much weeping, wailing and gnashing of teeth, the situation was corrected.

This time of the year is the perfect time to start on extensive, time consuming, repair projects, when the school is in full session and operating fully. The water system was working perfectly, so why couldn't it wait until the summer to be "repaired?"

On one occasion, there was nothing but hot water coming from any and all faucets in Reade Hall. As the situation is now, the water is warm and hot. If a person wants a drink, the fountain in the hall is the only place, besides the shower, where a refreshing drink may be had.

Similar word has been received from the womens dormitories.

After all is said and done, let's give the administration the due credit that it deserves. At this date of publication, it is believed that the water crisis might have been skillfully worked out by the administration as another subtle measure for . . .

SEGREGATION!

Bermudas In Class ?

Students, rise up! Now, is the time for united action on the part of the Student Body. Again VSC falls behind other colleges in that the students are not permitted to wear Bermudas to classes. We are being deprived of the comforts that all college students should have. It is my belief that the faculty will be open-minded enough to consider and respect our opinions on this matter should it be brought before them. I'm sure that they are not as "old fashioned" as many of us would like to believe.

After talking with many students, I believe that Bermudas would improve the atmosphere on campus. Some coeds suggested that they should be permitted to wear them to the Library and to supper. This would eliminate many time-consuming changes and induce relaxation. It is a known fact that one can think and study with better results when he is enjoying the benefits of complete comfort.

We can put this thing across if we make an honest effort. The only problem that it poses in my mind is that some of the girls may want to wear Bermudas that are entirely too small. If so, I'm against the whole idea. Who would be able to concentrate???

What's A "ZLOTY"

By Sandra Pattillo

If someone walked up to you and asked you what you would do with a "ZLOTY" if you were given one, what would your answer be? Here are the answers that were received from some around campus.

Clifton McDuffie: "I'd marry it."
 Jody Wisenbaker: "I'd run away from it."
 Gail Luke: "I'd put it in a cage!"
 Buster Wasden: "I'd eat it."
 Kay Domingos: "I'd put it under my pillow."
 Dorothy Carter: "I'd psychoanalyze it."
 Sandra Massey: "I'd bury it."
 Lucille Helms: "Put it in a testube and see if I could culture it."
 Gaye Griffis: "Autoclave it" (Kill it.)
 Anonymous: "I'd study it because it'd probably be on Miss Price's next test."

The correct answer? Well, a proper answer would be something like this, "I would give it to a collector of foreign coins because it is a coin from Poland." What would you have answered?

Why Caps And Gowns For Your Graduation ?

This June, as parents applaud their favorite graduates someone will wonder where the custom of graduating came from.

As diverse as graduation ceremonies are around the world, they all have one thing in common: the graduate receives gifts. These may vary from the small plot of land an Australian aborigine gets upon having proved his prowess to the

WHY FREEDOM ?

By Gene Deal

Late in 1950 a friend wrote me a letter which began, "The air smells fresher; the birds sing sweeter; the food tastes better; am I in love? No! The answer is that yours truly is free. Freedom is an abstract term which is appreciated only when one is deprived of it. I find it the most precious of the rights granted by the creator. Without it there is little difference between man and an animal. After casting off the yoke of three years of servitude in the U. S. Army I find this new entity (new in the sense of never before was I so acutely aware of its value) makes life worth living. This is my most deeply felt realization upon release from the army."

Webster's definition of "free" is "Not being under necessity or restraint, physical or moral; exempt from subjection to the will of others; being at liberty; not in confinement; not under an arbitrary or despotic government; instituted by a free people; capable of being used, enjoyed, or taken advantage of without charge; unrestricted; open; not obstructed; going beyond due limits in speaking or acting; candid; frank; without care; unconcerned; liberal; not parsimonious; profuse; gratuitous; given with readiness or good-will; clear; exempt; having got rid; not encumbered, affected, or oppressed." Freedom is "the state of being free," and these above phrases are the important aspects of being free. Only when these conditions are met is man truly free.

gleaming Underwood portable typewriter with which you may be surprised, but they are all rewards for having mastered the knowledge each culture considers important.

Our form of graduation goes back to the 13th century, when the University of Paris was founded. Students attended lectures until

We in America talk of freedom and accept it lightly, as if it were the most inconsequential thing in the world. We do not truly understand it. As my friend said, "one when one is deprived of it" can one really appreciate and understand it. Peoples who have never been free can have no concept of freedom. Those who have had freedom and then lost it value it most highly. We who have always known freedom do not think it half so important as do the people of France, Hungary, Tibet, and other countries which have been over-run by dictators such as Hitler and the Communists. Freedom is the most important of man's rights.

But freedom without discipline is anarchy. Discipline by external forces destroys freedom. Only when there is self-discipline does man become truly free.

Why have freedom? Man must be free to discover and develop his full potential, to improve himself to the greatest possible degree, with but one restriction. In improving himself a man must never be allowed to interfere with another person's right to self improvement.

Man has one other freedom which he must never be denied. This is the right to choose for himself whether he will live in harmony with the laws of the universe, and thereby aid in the evolution of man (for man is a product of evolution), or work in opposition to these natural laws, and thereby deny the very thing which created him. Harmony means life, denial means death.

This to me is freedom.

their teachers felt they were ready to practice the profession of their choice (usually medicine or law). Those pursuing the liberal arts concentrated on a four-subject curriculum known as the quadrivium. This consisted of arithmetic, geometry, astronomy and music. De

 From Britannica Film "Passenger Train"
 With 6 per cent of the world's population and 5 per cent of its land area, the U.S. has 29 per cent of the world's railway mileage.

Society

The Latest Word

By Sandra Massey

The Alpha Xi's were recently hostesses to the three fraternities on campus for desserts given for the respective organizations. At each dessert pie and coffee were served and an interest center was set up which featured the pins of Alpha Xi Delta. For entertainment, Jean Hooks presented a short skit and Angela Smith's father presented a program of accordion music. To top the evening program, fraternity songs were exchanged. Other Alpha Xi social events recently held included a cook out held at Twin Lakes on April 4, to which the sisters took dates and spent an enjoyable evening dancing and partying. On April 7, Miss Persis Clark was entertained with a dessert at the home of Miss Angela Smith. Miss Clark, bride-elect of April, is an alumna of Alpha Xi Sorority.

"Saddle Bags" lodge was the scene of the Red Carnation Ball which was held recently by the Tau Kappa Epsilon fraternity, which was attended by sixty brothers and guests. The decorations were carried out with the Fraternity colors — cherry and grey, and magnolia leaves filled with red carnations. Chairman of the Ball, Stephen Vaughn, presented the new chapter sweetheart, Miss Penny Williams, to the group, and also presented the award for the local chapter's "TEKE MAN OF THE YEAR," Silas Pittman.

The local chapter of TKE recently elected officers for the oncoming school year. Those slated for officers are as follows: Levis DeWeese, president; Emmett Taylor, vice-president; Robert Waters, secretary; Bernie Brown, treasurer; Joe Webb, pledge trainer; Stephen Vaughn, historian; Lamar Pearson, chaplain; Jerome Clegg, Sergeant at arms. The chapter also welcomes a transfer brother, Carroll Alexander, from the University of Florida. Levis DeWeese, Joe Webb, and Hal Worley were delegates to a recent planning retreat held at Auburn. Five TKE chapters from Georgia, Alabama, and South Carolina were in attendance at the conference, which was climaxed with a buffet luncheon held at the Auburn chapter house on Sunday afternoon.

Kappa Delta Sorority and Tau Kappa Epsilon Fraternity held a joint party recently at the home of Mrs. Margaret Smith, a KD alumna. The group which consisted of about forty students enjoyed swimming, dancing, and hamburgers. After the meeting Thursday night, May 7, the combined group went to the House-in-the-Woods and viewed movies taken at the party by Beverly Ann Greene, Kappa Delta. After the showing of the film, the TKE brothers served the visiting KD's refreshments.

The KD's are planning a program to be held in assembly on May 20, which will be the selling of Slave Girls to interested boys. These young ladies will act as their "master's" slaves for the rest of the day and the "ball and chained" couples will be feted by a swimming party in the afternoon at Mrs. Margaret Smith's home. The minimum bid will be one dollar which will be used for the Kappa Delta's House Fund. Auctioneers for the event will be from the three fraternities on campus.

Alpha Delta Pi Sorority recently entertained Kappa Delta Sorority and Alpha Xi Delta with an informal open-house for the respective fraternities. Light refreshments were served by the ADPi sisters and the groups exchanged songs and the evening entertainment.

The list of outstanding personalities from the fraternal organizations on campus include Miss Dot Harrell, president of Alpha Xi who is incoming president of the Panhellenic Council and also dormitory representative to the SGA; Miss Sandra Ford, Beverly Ann Green, and Sandra Massey, Kappa Delta, who were recently inducted into the Sigma Alpha Chi Honor Society; Silas Pittman, who was elected "TKE Man of the Year;" Jo Seagraves, who was elected as president of the Women's Residence Hall Council. This list of personalities should also include all those who were honored in or took part in the recent Honor's Day Program, and especially the brothers of Tau Kappa Epsilon, who captured the Scholarship Award given annually by the Inter-Fraternity Council.

Kappa Delta and Alpha Delta Pi Sororities sent delegates recently to Emory University to attend the installation of their respective sororities on the Emory campus. Those attending from ADPi were Sandra Pattillo, Pam Paulk, Gail Luke, Becca McGraw, Patricia Luke, and Marie Smith. The sisters going from Kappa Delta were Sandra Massey, Beverly Ann Green, Ginger Culpepper, Sue Wright, Barbara Bates, Carroll Howard, Leslie Brown, Kathryn Bell, and Charlotte Coppage. Joyce Denson, a KD sister who had to withdraw from school because of illness, also attended the installation with the Kappa Deltas.

EDITOR'S NOTE

As a new column the editor would appreciate any news of student interest around campus — including news of sororities and fraternities, recent engagements, interesting trips to be taken by students, or any other "LATE WORDS."

Fraternal Initiations Held Here

By Sandra Massey

Fraternal organizations on campus recently held Spring Initiations for pledges. Tau Kappa Epsilon initiated four men into the Zeta Nu Chapter. Those initiated were Aubrey Fowler, associate member, George Boyd, associate, Bernie Brown, active, and Wayne Fowler active. Mr. Aubrey Fowler, the father of Wayne, was the speaker at the Initiation Banquet which was held in the private dining room of the school cafeteria. There was also a party given in honor of the new initiates at the House-in-the-Woods with approximately forty brothers and guests present.

Kappa Delta Sorority held initiation for two pledges at Northside Baptist Church on April 25. The two new sisters are Louise Wight and Jean Twilly, both active sisters. On the Sunday morning following initiation the sisters attended the First Methodist Church in a group.

Two new sisters were also initiated into the local chapter of Alpha Delta Pi Sorority recently. Those initiated were Dee Robinson and Inky McBride.

VSC Students Europe-Bound

If you travel to Europe this summer you are bound to run into one of your friends from VSC. George Bennett has obtained a job in Germany through the American Student Information Service. Bennett, a Freshman, will work in Nordenham, near Bremerhaven, in an agricultural Experimental station testing productive ability of marsh lands. In July he will participate in an ecumenical work camp in Stockholm, Sweden. In addition to Germany and Sweden, he plans to visit Denmark, Netherlands, Norway, Switzerland, and France.

Mike Singletary will spend his summer in Kochel-am See, south of Munich in Oberbayeros. Mike, a studious young man, will take an eight week course in Language and history at the University of Munich, a school sponsored for foreign students. The books will not keep him tied down too much as he intends to see Switzerland, Italy, France, Netherlands, and Austria.

We wish these students "Bon Voyage" and a pleasant summer. George plans to do some hitchhiking. Have thumb, will travel. Good luck, George!

Caps and Gowns

(Continued from Page Two)

degrees were conferred only after a student had successfully defended a thesis of his own — in Latin — in public.

One theory has it that the four-cornered quadrivium is still symbolized by the rectangular hat, the mortarboard, that our graduates wear. A more down-to-earth explanation is that the peculiar shape of the hat protected its wearers from rain — a boon to English graduates, who often attend commencement under a lowering sky.

Our knowledge of the gowns worn at commencements is more sure. Originally devised to keep English dons warm during lectures in dank halls, they have been retained in our ceremonies to this day.

Each one is tailored to the degree and subject pursued. Thus, a sleeveless gown is worn by Bachelors of Art or Science; an elbow-length gown may be worn only by men and women who have earned their Master's degree; the Doctor of Philosophy sports a full-sleeved gown. And while the B. A. and M. A. gowns are made of worsted stuff, the Ph.D. walks resplendent in silk.

The color of the graduate's hood is significant too, and if you know

(Continued on Page Four)

VSC Co-Ed Named Miss Valdosta, 1959

A bubbling green eyed brunette freshman at Valdosta State is Miss Valdosta of 1959. Her name is Kay Domingos. She is a native of Milner, Georgia near Atlanta. A music major Kay sang for her talent in the Miss Valdosta Contest. This reporter asked Kay how she felt after being named Miss Valdosta. She said she felt strange because her father and mother didn't even know that she had entered the contest. It seems that Kay had decided she wouldn't be very optimistic about winning and so she didn't even tell her parents. It was the next day before she could get through on the phone to tell them she had won.

"I don't know how to feel. I've never won a contest like this before."

Kay tells me that the swimsuit

and evening gown which she wore to win the Miss Valdosta title were not even hers but were borrowed from girls in her dormitory. She has a beautiful white satin gown on order to wear in the Miss Georgia Pageant which is May 15 and 16 in Columbus, Georgia. She intends to sing for her Talent here also. Kay will leave from Valdosta by plane on May 11. She says she has never flown before and that this will be an experience she is sure she will enjoy.

Here at State Kay is a member of the Serenaders, the Glee Club, and Kappa Delta Social Sorority. I ask Kay her hobbies and likes. She replied that she enjoys playing tennis and swimming and likes Wayne and the Tekes. (She happens to be one of their sponsors)

CAMPUS CO-ED

SPORTS

From The Bench

THE END IS NEAR!

Intercollegiate sports at VSC have almost reached their climax. Only three games remain on the schedule, they are Jacksonville University's "Dolphins," Mercer's "Bearcats," and Oglethorpe University's "Stormy Petrels."

WHAT A YEAR

The Rebels have really got sizzling hot as the temperature increased. Sore arms have vanished, bats have come alive, there isn't the frequent wave to the bull pen anymore and the Rebs have captured four out of their last five contests.

SPORTS ACHIEVEMENTS

Hansel Faulkner and Emory Mobley the fiery keystone combination have amazed fans around the loop as they have demonstrated their lightning double play combination, and as they have ripped the cover off of the ball at the dish.

At Berry Hans went 4-6 and Mobley 5-6. Tommy Thomas relieved Hampton at West Ga. and mystified opposing batters with his sweeping curve balls and his blazing crossfires.

STRING EXTENDED

Buck Ethredge, tall righthander for the Rebel mound staff, continued to throw peas and split peas into catcher Tarpleys mitt, as he still manages to mow down opposing batters. Several teams have come very near to suffering bat portages as Bucks high hard one's have a devastating effect on Louisville sluggers.

TENNIS

The first round of the tennis tournament has been completed, and we find in the men's singles that Billie McDaniel will play Bernie Brown; in the men's doubles McDaniel and Warwick will play Ethridge and David, and in the mixed doubles McDaniel and Boone will play Paulk and Warwick.

INTRAMURALS

At the latest count the town and dormitory teams are deadlocked for first place in the softball league.

SWIMMING

The pool is being used very much these balmy days and it serves as an ideal recreation area. The students should take advantage of these excellent facilities.

Caps and Gowns

(Continued from Page Three) presents, you tell at a glance whether a man is an engineer, teacher, lawyer, whatever.

For example, purple stands for the law; white, for religion; yellow, for science; green, for medicine; light blue, pedagogy; brown, architecture; lilac, dentistry; olive, pharmacy; drab, business.

Similarly, the hood lining is a tip-off on the school which conferred the degree. If, at commencement, you see a professor wearing a hood lined with light blue and white, you are looking at a Columbia graduate. If his hood is lined with Yale blue, he attended Yale. Lining royal blue and white, with a white chevron? He studied at Duke University. Its all a matter of what color he's sporting.

Madison Avenue...

Yes, up and down ad alley you'll find the smartest account execs call for Coke during important meetings. The cold crisp taste, the real refreshment of Coca-Cola are just what the client ordered. So up periscope and take a look into the situation. Ad men of the future!—start your training now—climb into a gray flannel suit and relax with a Coke!

BE REALLY REFRESHED...HAVE A COKE!

Bottled under authority of The Coca-Cola Company by Valdosta Coca-Cola Bottling Works, Inc.

A woman driving the family car made a slight mistake one afternoon — the out-of-control car smashed through a fence and into four feet of water. The driver wasn't hurt, but the car was water-logged.

Problem: How to tell hot-tempered husband in a way to occasion a minimum display of fireworks. She decided on the casual approach.

Wife (to husband, that evening, who was well fed and comfortable) Dear, you know that quarrel we had last week. You snapped at me and told me to go jump in the lake. Remember? Well, I did it today.

Husband—What!
Wife — Yes, I did. Oh — and by the way — I took the car with me.

Bill—Gosh, you have a lovely figure.

Ruth — Oh, let's not go all over that again.

Another good thing about small towns is that a fellow doesn't have to explain a black eye. Everybody knows.

On the ship going to Europe last summer one of the officers got angry about something, rushed to the speaking tube and yelled to one of the men below:

Officer — Is there a blithering idiot at the end of this tube?
Voice (calmly) — Not at this end sir

As the little man crept into the movie theatre and took his seat in the last row it was obvious from the doleful expression that he had much on his mind and was sadly in need of recreation.

On the screen an old-fashioned melodrama unfolded, a production doubtless made long ago and now "re-issued." Came the scene where the heroine lured all unsuspecting, to the villain's lair, suddenly realized with horror that his intentions were anything but honorable! Luckily, she discovered the handy carving knife.

Heroine — Stand back, you unspeakable cad. (brandishing the weapon) I may only be a poor, week, friendless woman — but . . . by Heaven, I shall sell my honor dearly!

Little man — Profiteers. Everywhere you go, it's high prices!

Happiest Man — She said I was interesting and brave.

His Best Friend — You could never marry a woman who deceived you from the start.

husband's coat that read "Jezebel Johnson, Gramercy 7-9999."

Mrs. Miller — You've been holding out on me. (accusing her husband) Exactly who is Jezebel Johnson?

Mr. Miller — Stop jumping to conclusions. Jezebel Johnson is the name of a race horse. Somebody gave me a tip on her yesterday. The phone number belongs to the bookie who placed my bet for me.

Two days later Mrs. Miller was waiting for her husband when he came home.

Mrs. Miller — You'll be interested to know that your race horse called you up a few moments ago.
