Number 7

RELIGIOUS EMPHASIS WEEK JAN. 25-28

AT RANDOM

with Clegg

Well, nothing much has happened since At Random last visited you. Had a great time over the holidays, hope all of you did. A new decade has begun and the experts are predicting that we're going to have a "roaring" 60's. Here at State, however, come February 11-13 we will move back into the "Roaring Twenties" for the Homecoming celebration. By the way if anyone has an extra racoon coat Random sure could use it.

At Random was very impressed last Wednesday by professor Martin's excellent assembly address. Dr. Martin happens to be also from Waynesboro. ("At Random's hometown") and readers it's true what he said about the gnats.

The Atlanta Symphony under the very able baton of Henry Soper will play here January 26. I understand they have a very fine program lined up for us. They are also to play a matinee at 3 o'clock in the afternoon. This will be a much lighter program, than the evening's performance. High performances are to be held at the college Gym. Students are admitted by showing their ID cards.

(Continued on Page 4)

NOTICE! All Seniors

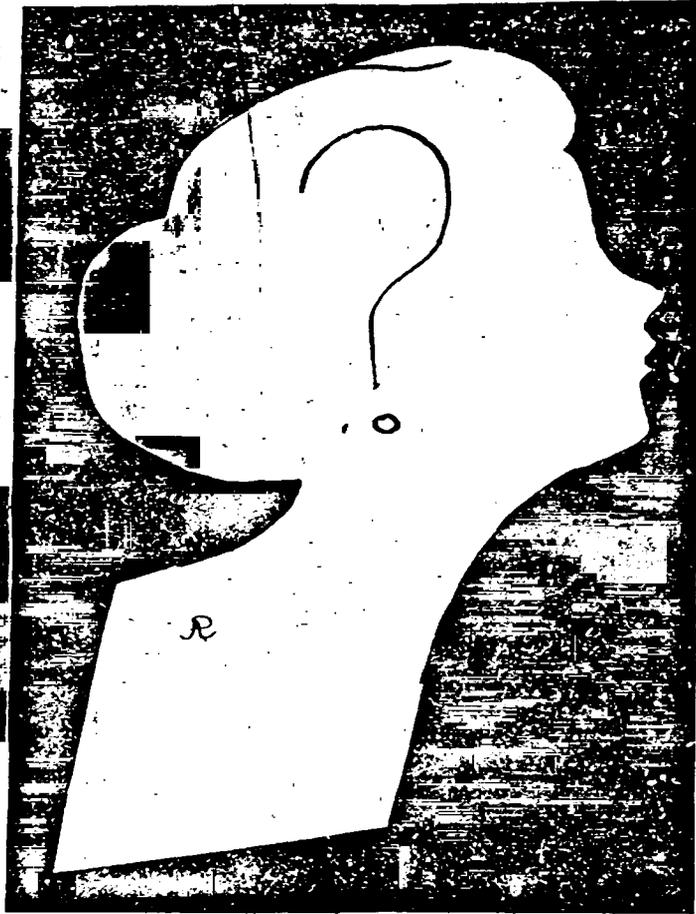

Class meeting Friday of this week (January 22). This meeting is called for the purpose of deciding on Graduation Invitations.

GA Announces Homecoming Plans

Plans are in the process of being completed for 1960's annual Valdosta State College Homecoming. Neighboring highschool bands are being contacted to play in the Homecoming Parade, and most of the campus organizations are entering floats in the float contest.

Friday, Feb. 12, 1960, the Homecoming Queen and her court will be presented to the Student body. The festivity draws to a close on Saturday night when a fine band plays for the Homecoming dance.

The theme that has been selected for this event is the "Roaring Twenties" so men drag out their racoon coats and women your mother's short skirted-dressless dress.

WHO WILL SHE BE? A lucky VSC co-ed will be named soon as the "Best-Dressed VSC College Girl"

Glamour Magazine Announces 1960 Contest

For the fourth year, GLAMOUR magazine is inviting colleges throughout the United States and Canada to assist them with the preparation of their August College Issue. We have been asked to select the "best dressed" girl on our campus, taking the following criteria into consideration:

1. Good figure, beautiful posture.
2. Clean, shining, well-kept hair.
3. Imagination in managing a clothes budget.
4. Good grooming--not just neat, but impeccable.
5. Appropriate campus look (she's in line with local customs).
6. A clear understanding of her fashion type.
7. Individuality in her use of color and accessories.
8. A workable wardrobe plan.
9. A neat way with make-up (enough to look pretty, not overdone).
10. Appropriate--not rah rah look for off-campus occasions.

The young woman in our campus who best meets these requirements will be entered in GLAMOUR's 1960 "10 Best Dressed College Girls in America" contest. Three pictures of her--in an on-campus outfit, a daytime off-campus outfit and a party dress (full or cocktail length)--will be submitted with the official

entry form to the magazine in competition with hundreds of "best dressed" candidates. In March, a panel of GLAMOUR editors will name the ten most outstanding young women the "10 Best Dressed College Girls in America."

A committee consisting of the Editors and faculty member, Dean Wisenbaker, dean of Women, will choose from nominations by the staff of the 10 Best Dressed Women for the winner.

If our candidate for the national contest wins we will receive publicity nationally.

Atlanta Symphony

The Atlanta Symphony will appear on the campus on Jan. 26. They will give a matinee performance that night at eight o'clock.

The expense of the matinee is being paid for by several corporations in Valdosta and is free to everyone. The evening program is open to all students with ID cards, and to Civic Concert members. It is sponsored by the Civic Music Association of Valdosta.

The Atlanta Symphony is composed of about 100 pieces, and Valdosta is very special to them as it was here that they gave their first out of town concert years ago.

What do you believe? What is your Creed for Life? This year here at VSC during Religious Emphasis Week, January 25-28 the theme will be "This I Believe - A Creed for Life".

The speaker will be the Rev. Mr. Frederick Wilson, graduate of Emory University and Candler School of Theology of Emory University. The Reverend Wilson was Professor of Literature and Bible for four years at Emory-at-Valdosta. He has held various pastorates in the South Georgia Methodist Conference and is now the pastor of the First Methodist Church of Albany, Georgia.

There will be two services daily, the morning service at 10:20 a.m. and the evening service at 6:15 p.m. Tuesday morning will be our regular assembly and the Reverend Wilson's subject will be announced. Wednesday morning the topic will be "Is it Right?" - this will be a seminar-discussion on campus morality. Thursday morning the topic will be "should I?" - this will be a seminar-discussion on courtship and marriage.

The topics for the evening services will be centered around the theme for the week. Monday

Rev. Wilson

evening, "I believe in God"; Tuesday evening, "I Believe in Jesus"; Wednesday evening, "I Believe in the Bible"; and Thursday evening, "I Believe in Myself".

All the religious organizations extend to you, the student body, this invitation to attend the Religious Emphasis Week services.

Personal Cards On Sale By Seniors

It has just been announced that the Senior Class will be glad to take orders from students and faculty members for personal cards. A style sheet is printed on page 4 of this issue showing the various styles available for your selection.

The cards are conventional in size with the gentleman's card slightly smaller than the lady's. They are selling for \$2.45 per hundred. Please contact Jerome Clegg, president of the Senior Class before February 4 for your cards.

Fall Quarter Dean's List Announced

A total of 66 students made the Fall Quarter Dean's list. Those students' names are listed below by their respective classes.

Freshman

Douglad Thomas Calhoun, Elijah Neil Carter, Neil Anderson Coddington, Danny Connell, Marcia Diane Cowart, Dortha Linda Darbyshire, Joseph William Dasher, Harry Douglas Davis and Jolene Marin Fulp.

Charles P. Goodloe, Gloria Jean Grissett, Martha Viola Harrell, Patricia Herrington, Gail Patricia McMillan, Jon E. McMillan, Ruby Zell Mann, Grace Helen Moore and Patricia Little Parker.

Gloria Jeanette Reagan, Roger Allen Reed, Linda Joyce Robinson, Harvey Burton Roddenberry, Jr., Betty Jo Shehan, Joy Warren Smith and Barbara Jean Stevenson.

Sophomores

Raymond Maddox Bennett, Dorothy Rae Carter, Peggy Idella Crew, Sandra Elizabeth Ford, Carolyn Elizabeth Garner, Bever-

ly Ann Greene, Barbara Ann Langley and Julia Orris McNeal.

Sandra Elizabeth Massey, William Henry Oliver, III, Jeanne Godwin Pace, Lucy Bedell Proctor, Joseph Edward Rossman and Willie Daughtrey Watson.

Juniors

Phillip Edward Dillard, Katherine Bailey Frazer, Betty P. Googe, Max Harwell Harris, Bascom Asbury Raulerson, Jr., Marie Converse Smith, Carolyn Lucy Thrift, James Madison Varner and Larry Charles Waters.

Seniors

John William Baskin, Jr., Laura Nell Bowen, Charlotte Ruth Chapman, Lester Seely Duncan, Jr., Dillard Dewey Ensley, Juanice Forte and Eugene Gravitt.

Dorothy Anita Harrell, Margaret Hanes Hiers, Marian Horne, Roseva R. Husbands, William Franklin Kent, James Oren Lewis, Jr., Martha W. McKey, Felton Wray Thirft and Lona Janice Tomberlin.

Unclassified

Anne Bente Mittet and James Warren Moorman.

EDITORIALS

Short Copy Tonight

By Steve Sevits

Now that we are all back from a glorious holiday we can rest up until the next one. Happy Easter! Strangely at this time of the year, each and every student who has ever had a course in economics, accounting or other related field is suddenly a tax expert. What diligent and untiring effort is expended in the direction of cheating our government out of the last damned cent possible. At this point one question is posed: What would happen if the same amount of effort was expended in the direction of math, history or whatever? The results could be disastrous, scholarship would rise and several well known professors would have heart attacks. The teaching shortage is bad enough, let's not make it critical. Although, no court of law

would call getting an A in economics direct and premeditated murder. Now there's a thought! Enough for humor in a jugular vein, which, by the way reminds me, there has been a great deal of weeping, wailing and gnashing of teeth on account of the fact that our (VSC) blood reserve program is under the set quota. Mrs. Rogers, the college nurse, is at this time making an appeal for you big healthy people to donate a pint of your blood to this worthy cause. Just the other day I saw three freshman girls give blood with no coaxing. Now if that doesn't put you upperclassmen to shame. Don't let it be said that a freshman woman is braver than YOU! For your convenience blood can be donated through the VSC blood program at pineview hospital any day from 9 a. m. to 8:30 p. m.

SGA Minutes For Dec. 7

The meeting was called to order by the president, Jimmie Broxson.

Lamar Pearson gave a report on ratting, stating that the freshmen expected to be ratted and would have been disappointed if it had not been carried out. The freshmen hope that it will be continued with a little more emphasis on the tradition of ratting.

Douglas Parrish was appointed to see that all clubs have a float in the Homecoming parade. Jimmie Broxson announced that Joe Webb had accepted the position as parade marshal.

The theme for Homecoming was discussed and a motion was made by John Jackson that it be "The Roaring Twenties." The motion was seconded by Tony Corso; motion carried.

The meeting was adjourned.

Respectfully submitted,
Jean Hooks
Secretary.

PETER GUNN - TV detective Peter Gunn obtains some valuable "info" to help solve a mystery.

The 'Eyes' Have It

(EDITOR'S NOTE: With careful study of VSC students who watch television, the editors have chosen TV's "PETER GUNN" as the most popular private detective series of those viewed by the students. This prompted the following feature on detectives. Peter Gunn, and the TV media.)

Is it possible to pin down a reason for the popularity of fictional detectives? Craig Stevens, who plays the heroic "Peter Gunn" on television, says the answer is "yes".

The Brand Image

Within the last 10 or 15 years, notes Mr. Stevens, advertising experts have recognized that every product has a "brand image" in the public mind; certain characteristics of the product come to people's minds when they think of it.

"The brand-image idea is old hat to writers of detective stories," says TV's Mr. Gunn. "These writers have emphasized the unique, memorable characteristic for more than 100 years."

Gunn is right on target, and the World's very first detective story, written by Edgar Allan Poe in 1841, makes this clear. Poe's character, Monsieur Dupin, was the first of the great fictional sleuths. Sitting in an armchair, applying his mathematical logic and knowledge of science, Monsieur Dupin could solve any crime. The unique characteristic; the analytical mind of a sleuth. In those days it was an unusual kind of image - and it sold.

Elementary

Sherlock Holmes, whose favorite expression was, "Elementary, my dear Watson," was a more complex character than Monsieur Dupin; Holmes had several unique, memorable character traits rather than one. Each trait attracted a segment of the population.

For intellectuals, shrewd Sherlock was a violin virtuoso, composer author and philosopher. For athletes, he was a boxer. For a far larger group, Holmes had minor human weaknesses which endeared him to imperfect readers; he smoked heavily, kept his Baker Street apartment in a mess, and occasionally failed to solve a case. He cap and pipe were other memorable symbols.

The Psychological Twist

By 1911, literacy was so high, and characters with unusual characteristics so common, it was dif-

ficult for an author to create a character who was really unique. But G. K. Chesterton solved the case by creating the memorable Father Brown, a detective with three new dimensions. Father Brown was a priest, he relied heavily on psychology in solving crimes, and his goal was not anything but saving souls.

Newest Idea

When writer-producer Blake Edwards, set out in 1958 to create a new kind of detective who would capture the public fancy, unique and memorable characters were not easy to come by on all sides there were tough challenges. Shrewd ones. Millions of paperback books were sold with their exploits.

But Blake Edwards has a new idea; how about a three-dimensional detective story? Words . . . pictures . . . and music that amplify the reception of words and pictures as being new. New and unique. Off-beat and modern.

Today, an average of one million viewers watch "Peter Gunn" each Monday night at 8 p.m., EST, on NBC-TV. It has called Gunn "TV's most successful private eye . . . the best of the current TV detective programs."

What symbols, besides names, have made the show so popular? According to Edwards, people want romance with a large splash of undiluted action. Peter Gunn, Edie, the pretty blonde singer with the husky voice. Their hearted dialogue has an intriguing undertone of sex. Like the medieval knight, Pete kisses his fair before he sets out on his adventures, but there the romance ends. He has neither lance nor fellow knight; he subdues the thugs singlehandedly, usually with his fists.

Another symbol is the pet girls, *les femmes fatales* who unashamedly use their sex in a vain attempt to take Gunn down. Finally, there is the fascination of the zany colorful characters from whom Pete gets his information: beatnik spouting weird poetry, the star-gazing ex-convict who made friends of the planets during his lonely prison years, the elation teacher who gives lessons in parrots. For the average viewer these are almost creatures of fantasy; he suspects their existence but never expects to meet them.

Baptist Student Union Is Dedicated

By Sandra Massey

Sunday afternoon, January 10, was the time for the Open House of the new Baptist Student Union House on North Oak. The event was for the main purpose of dedicating the new building. Students and faculty were invited and a

good attendance was noted.

Reverend Eugene Briscoe, who is director of the BSU, acted as official host, and the members of the Executive Council acted as guides.

Important persons who were invited included Mr. Aubrey L.

Hawkins, State Director of Youth Work, pastors from the surrounding area, Mrs. Jackie Wiggins, and Mrs. Bill Tulis, who furnished and donated the parlor of the new house.

The formal dedication ceremony was held at 3:30 with the invocation being given by Dr. Grady D. Feagan, pastor of the Lee Street Baptist Church. Randy McLain, president, introduced the guests and welcomed the group.

Betty Pace rendered the special music after which Dr. James P. Rodgers, pastor of the First Baptist Church, gave a short history of the Baptist Student Union. Rev. Douglas Reddick gave a charge to the students and Rev. Aubrey Hawkins gave a charge to the churches.

Following the presentation of the gold key, Rev. Ira Faglier gave the dedicatory prayer. The group sang the "Spirit of BSU" after which the benediction was given by Rev. W. B. Horton.

Oversight, the Federal Communications Commission, and the Federal Trade Commission all looking into the practice of some disc jockeys taking bribes to push records and artificially create hits.

In an exclusive story in the Dec. 24 Down Beat, the Magazine outlines how payola works.

"The record company executives decide which jockeys are to be paid off in which cities. Then they notify the distributor in a chosen city and specify which jockey is to get the money . . . The distributor arranges the payoff, delivers the sum agreed upon . . . and then is compensated by the record company in the form of a shipment of free records equal in value to the cash.

"In the label's books," the magazine says, "the shipment of free discs is written off under the heading 'promotional records', which will make it exceedingly difficult for the congressional probers to find anything incriminating in the ledgers . . ."

STRICTLY AD LIB

© 1959. DOWN BEAT MAGAZINE

Of all the surprising results in this year's Down Beat Readers Poll, the most startling was the gain chalked up by the Maynard Ferguson band, favorite of the eastern colleges and universities.

Ferguson, whose band had proved strong in last year's poll, moved up to second place in the jazz band category, right behind Count Basie, and ahead of Duke Ellington. Ferguson proved strong in the dance band category, too; he came fourth, following Les Brown, Les Elgart and Count Basie.

Another upset was staged by Lambert-Hendricks-Ross. The vocal trio, which two years ago didn't even show in the voting for vocal groups, had moved so far into popularity that this year they

took first place, with double the number of votes of their nearest competitors, the Four Freshmen.

The Dave Brubeck quartet, which had won several years in a row the first place among combos and then lost it to the Modern Jazz Quartet, did what Dave himself thought was impossible: regained the lead.

Needless to say, Frank Sinatra and Ella Fitzgerald had won in a walk over all other singers by the time the poll results were tabulated and announced (in the Dec. 24 Down Beat).

The biggest music news of recent weeks - if not of recent years - has been the probe into "payola", with the New York District Attorney's office, the House Subcommittee on Legislative

The Latest Word

It may be a little late to say Happy New Year, but I'm saying it anyway. With a new quarter beginning, there is no better time to start the new year right than now. Fraternal groups on the VSC campus are already beginning a busy year by preparing for initiation and with the fraternities preparing for their winter rush.

Nothing like starting the new year off right with something new, and around here we have seen something new on some girl's hands - something that is really flashing. It is said that dog is man's best friend, but I think that truer words have never been spoken than diamonds are girls' best friend. It may have been the reflection of the ring that is showing but I really think it's happiness that is showing in the faces of Dot Harrell, Bebe Key, and Jo Seagraves who came back this quarter sporting diamonds. Charlotte Chapman received a ring earlier in the year, but some of us didn't know it until she got back on campus this quarter. Good luck gals!

The Tekes have begun this year with a very full and fast beginning. First off this quarter will be their formal initiation. Those slated for initiation are Kelsey Kemp, Ben Force, Jan Rogers and Emilip Borra.

This initiation began January 16 and continued through January 17 concluding with a banquet at Minchew's Restaurant in honor of the new brothers.

Kappa Delta Sorority is very happy to have as a new pledge, Evelyn Hunter, who was pledged during open rush at the beginning of the quarter.

Eight pledges of the fall pledge

class of Kappa Delta were initiated on January 17. The new sisters and the other sisters attended evening worship service at the First Methodist Church following the initiation services. On Monday night, the new sisters were entertained at a banquet at a local restaurant. Those who were initiated are Beth Anderson, Martha Sue Bragg, Lida Carroll, Elaine Fallen, Norma Lou Maxwell, Dale Vickers, Jean Phillips and Donne Waterhouse.

Tau Kappa Epsilon has the new calendar on sale for \$.65 each. They may be bought from any TKE brother. There is a limited number, so be sure to get yours early.

The pledges of Alpha Delta Pi, who will be initiated on January 30, ordered their pins last week. All the girls are really looking forward to the time when they will receive them. The pledges feted the sisters with a party following their regular meeting on Thursday, January 7:

The Alpha Xi Delta pledge class would like to thank the Kappa Delta pledge class for the nice party that was given before Christmas. Mrs. Martha Hall, Xi Province president, will visit the

chapter this month. The Alpha Xi's held their initiation last week end also.

Plans are underway by the Sigma Epsilon Colony of Sigma Phi Epsilon Fraternity for their national installation. The event will probably be one of early March.

The Tekes are also busy setting up plans for the annual TKE Talent Revue, which is to be held on February 2. Bernie Brown and Joe Webb will be co-directors this year.

YWCA Meets

By Sandra Massey

Barbara Langley opened the January meeting of the Young Women's Christian Association with an inspiring devotional based on the first beatitude. The president, Priscilla Busby, emphasized the importance of Religious Week, January 25-28, and urged all members to attend both evening services to hear the Rev. Frederick Wilson of Albany.

Latrell Reynolds was appointed by the cabinet to fill the office of vice-president created by the resignation of Leslie Brown. Judy Robertson was appointed publicity chairman by the cabinet and Mary Lou Coleman is acting as enlistment chairman in the absence of Pat Tolar.

After the meeting, ice cream and cookies were served.

Jean Boyance and Michele Dozier

Very Interesting People Of The Week

For the interesting persons this week we go to the far corners of the world with Michele Dozier and Jean Boyance.

Michele is an eighteen year old freshman who was born in Washington, D. C. Most of her life has been spent abroad in Lima, Peru; London, England (4 years); and Paris, France (3 years). While she was in these countries she learned to speak Spanish, Italian, and French. At this time her parents are living in New York City.

Her father is connected with Time and Life Magazines.

Michele's plans are to return to Spain some day however, right now she plans to finish college and be an elementary teacher.

Jean Boyance, a freshman from Merida Yuc. Mexico, is majoring in business administration. Jean has completed two years of college at the Universidad Militar Latius Americaca. He likes VSC very much and likes Georgia better than any of the other states.

Math-Science News Letter

We appreciate the invitation from the Campus Canopy to resume this column. After the lapse of the fall quarter and the Christmas holidays, it is probable that a few of the following items may no longer be news to some of you. However they are being included for the record since a number of people do keep files of the Canopy.

Dr. Clyde Connell was awarded the Ph. D. degree from the University of Georgia in August. Our congratulations go to him for this attainment and also for the completion of certain research projects. An account of one of these is in press and will be announced later.

Dr. J. Graham Wall was the speaker at the first meeting of the Science Seminar for 1960. He talked on nomography and Newton's universal laws of gravitation.

Lester Duncan has been accepted for membership in the September 1960, class of the Medical College of Georgia at Augusta. When he visited Augusta for his interview, he saw James Maxwell, A. J. Bentley and James May, VSC graduates of 1959, and Freddy McLean, 1958 graduate. From Emory University, Lester brought us word of the following VSC students who are enrolled in the dental college there: Leon Aronson, Johnny Maloney, Horace Chitty and Ed Gandy.

Billy Hayes, who visited us on registration day, brought additional news of former VSC students

now enrolled at the Augusta Medical College. A. J. Bently has been elected president of the freshman class, Bob Maughan is secretary-treasurer of his class, and Russell Acree is secretary-treasurer of AOA, national medical honor society, and was chosen to represent the senior class at a recent meeting of the Southern Medical Association in Atlanta.

In a letter received a few days ago, Mike Laslie says that he hopes to return to Valdosta State College to complete his pre-medical program possibly next quarter but not later than next fall. Mike was married last summer and is working in Pensacola at present.

Mrs. W. D. North (Luceil Bauer, VSC pre-med. graduate

of 1952) who received her M. D. degree from the Medical College of Georgia in June 1956 and who has been interning in Atlanta writes that her formal education and training will be completed as of July 1, 1960 at which time she will be a Board-eligible Radiologist although she must wait until the following year to take the Board examinations

Renee Lanier Robinson, VSC graduate, writes that she and her husband, a Captain in the Air Force, are now stationed at Plattsburgh Air Force Base in New York.

Kenneth Ferrell, who completed his college work in December, has been appointed full-time juvenile court probation officer with offices in the Lowndes County court house.

CAMPUS CO-ED

Beverly Bridges

COED - Beverly Bridges is our lovely co-ed of the Week Beverly is a Freshman from Donaldsonville, and a pledge of Alpha Xi Delta Sorority.

REBELS WON FIRST HOME GAME 55-46

By Lamar Pearson

Truly it was a welcomed relief to watch the VSC Rebels finally get into the win column. The Rebels were away from Valdosta for their first six games, and playing before strange faces certainly has a bearing on the outcome of a game.

It would be a difficult task to single out one particular star in Saturday nights' game. They all looked good. The one thing that impressed most people was the teamwork that was demonstrated. Excellent ball control was exhibited throughout the game, and it might just be that Coach Colson has finally found the combination; because the five he started worked like an oiled machine.

The Rebels defeated Shorter 55-46. At the half VSC was leading 30-21. Field goal shooting was much improved, and it seems that about the only thing left to polish, is in the foul shot department.

Buck Ethridge garnered 23 points for the Rebs, Jim Nichols collected 7, Jim Melvin, 4, Hansel Faulkner 11, Tim Vinson 2, and Doug Parrish rounded out the scoring column with 8 points. The Rebels played a good game, but only a relatively small part of the student body attended.

Intramurals

At the present plans are being formulated for intramural basketball. There are a lot of teams in this league and everyone, who can is invited to participate.

At Random—

(Continued from Page 1)

I'm just rambling along. Hope you're not bored.

I have been asked a number of times lately to do an article on Beatniks. It seems that we may have a few lurking around and they want someone to present the con side so that they may present the pro one. The con side is easy for me because my thoughts seem to run along that one.

I saw a movie last week entitled "The Beat Generation," and I have been trying to read up on these society rebels we call Beatniks. Well, about all I can say for the movie was that it had Mamie Van Doren in it and some "real cool" music, if I may use a beatnik term.

For the most part I picture beatniks as lazy, good-for-nothing bums, but I am told that I don't know the whole story, and that the picture I get is one of those "groovy cats" who call themselves Beatniks. Those kind try anything for kicks, but never seem to be satisfied.

I think we may all admit that we have had "beatniks" all down through the ages if one is going to let this term apply to those who rebelled from society to seek something that possibly could be better than society. However, I do not wish to use this term in this manner, because to me these rebels seem to have accomplished something. But our present so called beat generation is just a bunch of people with no aim in life. There is nothing too realistic about them; they rock in superficially.

Gene Feldman says this in the introduction to his book "The Beat Generation", a collection of beat literature. "Their (the Beatniks) achievement is that in a time of spiritual blackness, they have brought the attention of mankind back to the only source of hope in an exhausted world: the beating, real, existent heart of man." I don't think many beatniks would be proud of this accomplishment nor would they probably admit it.
