FROSH VIE FOR OFFICE

VSC will be the scene of heavy politicking and friendly competition for the next two weeks as some 17-odd freshmen battle it out for the freshman class offices. The election, sponsored by the SGA, will be held sometime during the fourth week in October.

The two candidates for secretary are Mr. William Bill Moore and Ike Boyette. Neither one was willing to comment on the matter, saying, "We are not interested in discussing the election until it is over.""...

(Continued on Page 2)

Is Boxing Possible at VSC?

Since the momentous year of 1953 when athletics were organized on VSC's campus on the intercollegiate level by Walter C. Butch Griffin, a former coach, sports in general have experienced tremendous growth. It takes participation to make any sports program well, and the program at State has done just that. At the present time there are four major sports on the campus that are competing on the intercollegiate level, and they are: baseball, basketball, tennis, and golf.

The purpose of this article is to ascertain if an intercollegiate boxing team could maintain a successful existence on our campus. It is the belief of many that boxing would be a great success on the campus. And it might be added that there is ample proof that such a supposition is correct. For instance, last spring the Letterman's Club sponsored a boxing affair between two local debonairs and the club netted $75 dollars. It was rather singular that the bout received only one day's publicity.

The advantages to be gained from a boxing program at VSC are many. For instance, highly talented boxers can enter golden gloves tournaments, and win coveted trophies, besides receiving the wonderful discipline that combats laziness. (...)

(Continued on Page 4)

Here assembled are some of the candidates for the freshman positions: seated, left to right, top row: Gretchen Schroer, Beth Bobo, Gail Brown and Susan Branch. (bottom row, left to right) Butch Kirkland, Burke Kirkland and Susanne Brown.

They Said It Could Not Be Done

The date: one peaceful Sunday October. The place: the Episcopal Church on North Patterson.

The scene: congregation was dancing serenely inside the Church hugging hymns, and outside, unknowingly to the congregation, a hardened criminal.

The criminal stealthily watched the doors to the church and glanced up and down the street, while the voices of the members rang out loud and clearly and one those voices belong to the beloved professor of History at Valdosta State College, Mr. William Meade.

As the congregation sang the holy hymn "Come Walk With Me," the hardened criminal lurking without proceeded to insure at one of those without a partner. Mr. Meade wasero taken unaware.

Mr. Gabard notified the local authorities and the slow grinding wheels slowly moved into action. The culmination of this vast, state-wide police action was the recovery of Mr. Gabard's sleek 1951 Pontiac. The stolen auto was found in Sparks, Ga. at the time this writing the police were still bewildered as to who the culprit might be.

The stolen auto was found in Sparks, Ga., but at the time this writing the police were still bewildered as to who the culprit might be. When asked about this dreadful crime, Mr. Gabard said, "I can't understand why anyone would steal my car. As far as money is concerned, the car is worth little. But to me it is worth much." (Ed. Sentimental value?)

Incredibly, this reporter knows of several VSC students who live in the Sparks area. I wonder...

Teke's To Crown Calendar Girl

On October 25 the 1961 Miss VSC Calendar Girl will be crowned. Thirty contestants will vie for the title, Alpha Xi Delta, Alpha Delta Pi, and Kappa Delta sororities will each supply seven girls to compete with nine independents.

These thirty campus beauties will appear before the audience in sporty clothes and evening gowns. They will be judged on...
By Doug Calhoun

I got up early this morning. Before I opened my eyes I could see, in the horizon I left my house and walked into the woods. I sat down and waited for the day. And as I waited for the day, I listened to the sound of my heart. And as I listened, I thought of all the places I had been, and how few times I had really been there. And as I thought of all the places I had been, I realized how much more important it is to be here, in this world, today.

When the freshmen first walked in the doors of VSC, they had no idea that upperclassmen could be so superior. Well, they had an idea, but the upperclassmen soon showed them it was all an illusion.

These underdogs were soon confronted with the difficulties of being well-trained by all the upperclassmen. Shall we say? The first important phase of rating was those precious little "rat hats," and I wonder if you remember them. You don't recall the effect of those lovely freckles and red black adomons on your editorial anyway. I've got to run down the hall and see how Suzie did last night. Whoops, I mean, to discuss the latest political issues. (You don't expect me to admit it if all y'all won't, do you.)

The Sock and Buskin dramatic association held its first meeting recently in the house in the woods. It was at this time that all the members presented a skit called "Dr. Kronkite featuring George Hurbart as the doctor, John Massev as the Quack, and Crinteen Yarbor as the nurse."

The sequel to this election was "the only one the students vote, and that of those voting only half know what they are voting for anyway. Apothecary, well it's true, and if you don't think that it's true, wait until you have been through a few elections and you will see. The crowning example was one year when the student body of VSC elected their baseball coach because he was a cold-drillezly moron. Ample notice had been given concerning this important elections for three days beforehand, and no one jumps at your calling for help. The local students are the deciding factors in every election and generally split the middle.

Don't be surprised if you are defeated for I have found in the four years that I have been a senior college student, they were selected by a runoff before that ballot time came only fifty odd students paid their price and took their choice.

The sequel to this election was when Senior College Macs were chosen, which is an award given for the most outstanding senior college student. They were selected by a runoff before that same small group. But reflecting back now I would wonder if it really meant the same thing to you that it would have if the run off was in another year. The number five hundred ballots could have been cast again.

I may seem trivial to you, but we as conscientious Americans and as sincere students in a academic democracy should keep in our thoughts the political elections and assure that they be held when a representative group is in office.

So freshmen--look closely, your voices are important. Not only is this evidenced by many individuals, but by the power also. For if there is ousprimacy on the battle fields of production and standard of living, and national gross product and great, and world economies, if we aren't aware of it, we are destined to fail. For no man nor nation can endure if steeped in materialism and pleased with conformity.

A civilization can survive only if it is aware. Of Nature in its wondrous glory; aware of Man and the earth; aware of the One which brought this all to pass. Needless to say, the paths of materialism and conformity lead only to destruction and remise not to awareness.

By Emily Leonard

Looking at the campus page (?) to write an editorial, I will. Notice that you are the reader, and knowing that you have such fine penning ability, I will also know that you have such fine reading material. I have arrived at a conclusion (after going through all the rigors of the famed "scientific" method) that this had better be an intellectual masterpiece.

From thence I have a decided that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me. But now that I think about it, that poor muddled ed brain doesn't seem to have any idea what to do. And with that I feel that I had better throw in my few worn big words, so you intellects will stay with me.
Sororities and Fraternities
Term Rush A Success

A total of 40 girls and 59 men were selected to serve as pledges for the new fall pledges on October 22. Each sorority will be in charge of a certain phase of the party plus providing some sort of entertainment. It is planned that at the party sorority songs will be exchanged. This party will provide a wonderful opportunity for the girls to get to know one another better after the strain of rush.

The week of November 9-15 will be Greek Week. A tradition, or at least the Greeks on campus are trying to make it a tradition, begun only last year, is a very spirit arousing event. During the days of the celebration, there will be a song fest, an informal dance, a Greek Olympics, and a formal dance. To put that last touch on the week, the closing of the Greco-Grassland God and Goddess at the formal dance on Saturday evening. These two are elected by the sororities and fraternities. George Bennett, president of IFC, and Sandra Patullo, president of Panhellenic, are in charge of making the arrangements for this week.

Martha Sue Bragg, Kappa Delta, was elected by the sorority to serve as pledge tray for the fall quarter in the absence of Virginia Lamb.

The Sig Ep' held a party at the home of Fred Wilkinson last weekend. According to all reports, the brothers and their guests had a "ball."

The TEKE brothers have chosen their official sponsors for the 1961-62 school year. This year the sponsors, headed by Sweetheart, Toni Steele, include Brenda Houston, Snookie Rigdon, Wilda Brit, Ginger Goosby, Gail Brown, Dawn Groover, Charlotte Durden, Kay Domingos, Betty Peace, Kaye Parks, and Faith Polk. This group also served as the official entertainment for the TEKE Rush party.

The Latest Word

By Sandra Massey

"Be friendly with the folks you know. If it werent for them, you'd be a total stranger."

College is one of the best places in the world to make friends that last throughout your lifetime. You may find it hard to get along with everybody especially living as close to them as you do in the dormitory, but it never hurts to push your potentialities of friendship. You may find your best friends are those in your fraternity or sorority or your roommate or your classmate, but treasure the wonderful blessing of friendship and never feel that you can do without friends.

Rush Week is over and the excitement is still going strong. Rushes have finally become pledges. In Convence on Sunday afternoon after bids were picked up, there sure was a lot of racket! Already competition was going on among the various groups in singing the favorite sorority songs. A new ornament was obvious on the new pledges as the week a flash rush began—little ribbons of blue and white, and double blue and gold.

Alpha Xi Delta Sorority held its first party on Monday, October 3, with the theme of Japanese Tea House. The rushes were given miniature umbrellas as favors. Devils were seen walking about the dormitories on Tuesday afternoon as the Kappa Delta Sorority prepared to embark for "K parade. To remind the rushes of a "hellra" good time, they were given devil beanbags. They called it "hades." The wonderful New Orleans Mardi Gras was the theme of the Alpha Delta Pi party held on Wednesday evening. Amid the fun of the occasion, the rushes enjoyed a Bourbon Street atmosphere. Gaily decorated masks were given as favors. The formal parties were given the last few days of the week. Hearing comments from the rushes, one would gather that all the parties were very impressive and entertaining.

Where there's Lizzy, there's bound to be Ray! It's just natural, that's all.

Lizzy is always seen wearing a big grin and giving a knowing wave to everybody she meets. She's the hick with the big grin and winks. Yep, you could have guessed it, there's Ray close behind, following suit.

Both were active in High School Activities. Ray, a graduate of Lowndes County High School, was a member of the football team.

Lizzy was captain of the Cheerleaders and President of the Student Council at VHS, and she was an active participant of many organizations.

Even though they are members of the still lowly Freshman class, both are making big names for themselves here at VSC. But then, what else could you expect from such nice people, our kind of folks.
--- Is Boxing

(Continued from Page 1)

Boxing at VSC can and would be a success if a program was launched. The reasons for this are: interest was shown last spring when the Letterman’s club promoted a bout and John Baxley, a former fighter would be more than delighted to coach a varsity boxing team, or in fact, to fight an occasional bout himself. Having fought for eight years in the Navy this writer is of the opinion that Mr. Baxley would be extremely well-qualified.

There is more than enough talent on our campus to provide the nucleus for a team. Through a concerted effort funds could be obtained via this program to provide athletic grants to qualified athletes; letters could be granted to participants; VSC would receive excellent publicity and a boxing program would give sports at VSC an additional boost.

This can be a reality only if you the male students at State are interested. John Baxley is ready to begin a conditioning program now, but the impetus for the program must come from you. All persons interested in a boxing program please contact either John Baxley or Emory Mobley.

Women’s Athletic Association

The Women’s Athletic Association wishes to take this opportunity to invite each and every college woman interested in sports to join us in our weekly meetings every Wednesday afternoon at 4:15.

Now that you have been invited to come maybe you would like to know a little bit about the WAA. It is strictly an athletic association designed for girls who wish to participate in sports. A diversity of sports are included on our agenda, among these are: volleyball, softball, tennis, badminton, table tennis and others, depending upon your choice.

Individual and team tournaments will be held and points given to the winners and to participants. Usually there are four teams; the women who are independent make up one team and the women from the three sororities make up the other three teams.

At the close of the school year a plaque will be given to the team and individual who has earned the most points.

We hope this year will be the biggest and best year the Sports Club has ever had. We urge each and every college woman to participate. Come out on girls, it’s a lot of fun and a good way to keep physically fit.

Letterman’s Club Elects Officers

The Letterman’s Club held a meeting Oct. 6 during which they set up the rules for the 1960-61 year. One very important rule stressed was no wearing of high school letters on campus. College letters are permitted.

New officers elected were Emory Mobley, president; Charles Greene, vice-president; Gerald Delaney, secretary-treasurer. The members discussed fund raising projects which will further interest in sports at VSU.

A few of these events were intramural boxing matches and films of the world series baseball games.

The award system for letterman members is a letter, first year; a jacket, second year; a gold ball, third year; and a V.S.C. blanket, fourth year. These awards will be presented in golf, tennis, baseball, and basketball.

UPPERCLASSMEN STOMP FROSH

Both teams played their hearts out but the upperclassmen played as a unit, only with more experience. The Frosh 11 will come through later during the season and become one of the most feared teams on the gridiron.

IFC Meets With Rushees

On Monday, October 3, the I.F.C. Smoker was held in the gym of Valdosta State College. The purpose of the I.F.C. Smoker was to introduce the fraternity way of life to men who are interested in joining a fraternity.

There were displays of information set up by the three National Fraternities on campus which are Tau Kappa Epsilon, Pi Kappa Phi, and Sigma Phi Epsilon.

At the Smoker, George Bennett, who is the 1960-61 president, spoke to the rushees about Greek silence, reasons for having Greek silence, and the rules of rushing.

The rush rules are as follows: a rusher must attend all three fraternity rush parties given Tue., Wed., and Thurs. nights to be able to get a bid. Bennett said he was glad to see such a number of rushees out at the Smoker.

There were approximately 109 rushees at the Smoker. We all know that the rushes had a “blast” this week, and that it will never be forgotten.
