Rebs' Roll In Glory Short; Full Schedule In Future

Valdosta State College's Rebels have little time to roll in past basketball glories since they've got a full dose of work to do in the near future.

Coach Gary Colson's charges are on their way to Atlanta Saturday night where they will meet the Oglethorpe Southern Petrals, a team well known for being tough in the Mid-Georgia League.

Bill Baxenore is the present Homecoming Queen, chosen in 1964. She is a Junior and Miss Spirit for 1964. Baxenore serves as TREK Sweetheart. She was chosen Best Talent in the Homecoming Court for two consecutive years. In 1965 Ruth Ann Roddy, Valdosta, and Gail Beaven, Coffee, are members of Alpha Xi Delta, Miss Valdosta, and was first runner-up in the Miss Georgia contest last year. She is a VSC Rebel cheerleader and was Miss VSC Spirit at Dr. Eilen's poetry reading.

Jo Bryan, a sophomore and vice-president of Kappa Delta and this year's Sweetheart, and a SIG Ep sponsor. In the 1964 Miss Valdosta contest, she was chosen Miss Congeniality. Her hobby is basketball.

Gail Beaven is the present Homecoming Queen, chosen in 1964. She is a Junior and Miss Spirit for 1964. Beaven serves as TREK Sweetheart. She was chosen Best Talent in the Homecoming Court for two consecutive years. The Rebels headed coach Bill Foster's Southern Petrals, a team well known for being tough in the Mid-Georgia League, are planning to thin them at the top of the list of Mid-Georgia College Athletic Conference standings. After Saturday night, both teams had 2-1 records.

A crowd of approximately 2,500 jammed VSC's 2,000 seat gymnasium for the title contest. As the Rebs win, they leave a 6-1 GIAC record standing. The Rebs beat Shorter with what Coach Colson termed a "tremendous team effort." It avenged an earlier 68-59 loss to the Hawks.

Pacing the other Rebs are Alston, 7-3, and his boys for a few pleasant flashback thoughts they might have on last Saturday night. That was the night of the big one, the night they came through in a big, big way.

Best Dressed

Enter Contest

Aid the azaleas and palm trees in South Georgia, planning to enter the elections of the Ten Best Dressed Girls on the VSC campus. The winner will be selected during Homecoming Week and honored at a luncheon at the dining hall.

Girls are judged on appearance and good grooming, understanding of the Southern type, individually in use of colors, and imagination in managing a clothes budget.

Ballots placed in the student mail boxes provided a suggestion.

Graduate Program Is Now Planned

Colleges and universities from all sections of the U.S. have sent notices to the college about various graduate programs in order that the college senior might further his education in some field of interest to him. As VSC is one of the few colleges left to introduce the graduate program, applications have been sent to VSC.

The bulletin boards of the English, history, math, and sociology departments, on the third floor of the annex building, are filled with announcements of graduate scholarships and assistantships, says Dr. Guglielmi, head of the English department.

Co-eds Say Change Rules

Do you think the restrictions on Women Dormitory students are too severe? If so, what changes do you recommend?

ANGELA KING (Fr.)-Yes. I think there should be more leniency in the time a girl goes to the library.

ANNIE.TIMMONS (Sr.)-I think there should be more leniency in the time a girl goes to the library.

CHARLOTTE HAWKINS (Fr.)-I don't think going to the student center should be considered "night out," because it is on campus the same as going to the library or the gym.

ANGELA KING (Fr.)-Yes. I think there should be more leniency in the time a girl goes to the library.

Co-ed list of names. All sororities submitted a list of girls. A committee, including members of the Campus Canopy and Pine Cone staffs will consider all contestants and select the winners.

The winner will be photographed in a typical campus outfit, an off-campus daytime outfit, and a party dress. These photos will be the cover story in the April issue of Glamour.

If VSC's candidate is selected as one of the Ten Best Dressed Girls, she will be a program national recognition in the August issue of Glamour and in this area for quite a while.

Many in-service teachers have shown interest in the program to begin at VSC. At this time, the closest school with a masters program is Florida State University in Tallahassee.

Preparations are being made to introduce the graduate program in the fall of 1967. Library holdings are to be enlarged.

There is a big difference between undergraduate and graduate programs, says Dr. Guglielmi, chairman of the committee that is planning the graduate program. He further stated that it must be a gradual introduction in order that people of high quality. He also mentioned that other graduate programs should be considered to follow that offered in education.
Editorially Speaking...

Winston Churchill—one of the greatest men of modern times—was recently buried. Representatives of more than 100 countries attended. Kings, princes, prime ministers were there.

Winston Churchill was an honorary American citizen. His mother was an American. He requested that the Battle Hymn of the Republic be played at his funeral.

When John F. Kennedy was assassinated, the English honored him and his country with his presence at the funeral of the Duke of Edinburgh and Prime Minister Harold Macmillan. We owe no less to such a statesman as Winston Churchill.

A man like Winston Churchill is not born every day. Nor does a person of his stature die every day. If President Johnson, in fact, were unable to attend, then Vice-President Humphrey should have been sent.

Sir Winston believed in putting forth his country's best effort—in war, or in peace. It was my belief that the American tradition taught us to do our best, also.

If we did our best, I am disappointed. If we could have done better, why didn't we?

Editor: The last siege on "immorality" in this country brought about the era of "speak-easies" and "bathtub gin." Perhaps the stand taken by some of the ministers in this area will cause the purveyors of perversion to go under ground (or under cover, if you will) and thus create a revival of secrecy manifesting itself in the form of "speak-seductivelies" and "bathtub sex."

Although this seems a little far-fetched, the point is that prohibition didn't stop drinking in the "Roaring '20's", and I don't think that removing "obscene literature" from the Valdosta newsstands will stop people from obtaining any such material they desire. Just taking the product from circulation does not erase the fact that there is a market for such things.

Of course, I am always disappointed when some one who holds a position of dignity, such as a minister does, stoops to become a mere probation officer. It seems that if those who have taken up the teaching of sex education, and liberal, and that it just wouldn't work out in this area. One's cars are warmer when the head is covered with sand. Ah well, we here, ever anxious to get ahead in his little world, endured all this curiosity in the pages of printed perversion.

I am sure there are those who feel this is entirely too advanced and liberal, and that it just wasn't work out in this area. One's ears warmer when the head is covered with sand. Ah well, they also serve who only stand and hold the door shut.

One desperate student called the publicity office and asked if the director would come to his professor's office and ask him to let his student know that he would be in the window in that instructor's last quarter fifth floor of English class. Red roses, white carnations, cherry vanilla ice cream, and candy hearts bring to mind Valentine's Day, just round the corner. If you have not sent that special someone a Valentine's greeting, there is only a short time left. Have a heart!

Beete Ford of Coral Gables, Florida, and Lou Goldstein of Griffin, agree that valentines should be sent early. "Then maybe there is only a short time left. Have a heart!"

Some are elaborate and some are plain. Old-fashioned valentines show me, and maybe I'll be your valentine." If you have not sent that special someone a Valentine's greeting, you've really got a great thing going for you—me!"

Among campus couples, this day holds a special significance for Alwyn Hamill of Valdosta, and Ken Holloway of Warner Robins. They had their first date on Valentine's Day. Alwyn says, "I plan to give Ken a—cups—but I can tell until February 14."

Students find that valentines come in all shapes and sizes. Some are elaborate and some are plain. Old-fashioned valentines are frilly and fan shaped. Gail Pinkston of Atlanta, likes the comic valentines. "They have been popular since grade school," she says. Bill Riverbank of Waycross, also likes funny valentines.

Contemporary cards top the list for originality and sarcasm. The neurotic businessman may send a message like this: "Valentine, my psychiatrist says I like you because you remind me of a cocktail. I love you, but I don't like you, even if you didn't have a wet nose and long floppy ears."

For those who feel forsaken and rejected, here is the perfect verse: "Are you lonely for companionship and affection? I know you've really got a great thing going for you—me!"

The conceited person may send a card like this: "Valentine, you've really got a great thing going for you—me!"

For the girl who has just had an argument with her steady, here is the perfect verse: "Here's a lock of hair for a valentine keep—sake—my dog wanted you to have it!"

"Finally, there is the simple verse: Reading: This is just a plain old card saying Happy Valentine's Day. Usually I tell somebody I love them and they never talk to me again."

Zartman Explores Foreign Policy in Continent

Dr. Zartman also stated that many of the African states were well governed in spite of their many problems. "Political disturbances," he said, "often cause the complete collapse of a government. The Communist are often the cause of the disturbance."

"African policy toward Africa is extremely complex, and is based on conflicting criteria," Zartman explained. A partial explanation of American policy toward Africa can be seen in the moral obligation of the U.S. to aid underdeveloped countries. Dr. Zartman explained there are ideological interests between America and Africa. "Although Democracy as we know it doesn't exist, Africa is a part of the free world and despite the pre-eminence of a single party system, there is hope for democracy and moecacy."

In summing up, Zartman stressed the "practice of realism in the evaluation of the African problem."

"He contended that we should encourage the efforts of the people to help themselves, and we should also aid in the development of individual African states."

Dr. Zartman pointed out that sian or African state is a directly by a Communist coun- try to be there is a complete African Communist state." Zartman's efforts in Africa stem from the elements of fear and hope," he said. "Failure," he explained, "is the west to support nationalist movement, and hope of emboldening themselves in areas where the two-party system has become decadent and where aggression between two countries exist."

**REBEL REPORT**

All poppas aren't winners, and all winners aren't poppas, but last Saturday, that youthful basketball coach of ours was a poppa and a winner.

At 2:30 p.m., Gary Colson got word from the boss that he'd given him a seven-pound plus baby boy. By 10 p.m., Colson had watched his Rebels bring in a 74-43 basketball triumph over Shorter.

Needless to say, the coach had some comments:

About the game: “Everyone did his part. It was a tremendous effort, a tremendous team effort.”

About the baby: “His name is Wade. The name is the wife's idea, and I guess I'll go along with it. She's the one who had it, so I'll live it this way.”

Winning the game made Colson’s basketball record in the GIAC read 6-1, while happenings at the hospital set his “children record” at 2. (Colson's already got a son who is three and a daughter who is seven.

If any of these “younguns” take after dad, you can bet the “A” in history you don't have yet, that there's some basketball talent amongst them. With tongue in cheek, I asked Colson Monday afternoon if he thought Wade would be ready for action against Berry College on Tuesday. The answer I got was “Well, he might get in with the starting five.”

If you carry a copy of VSC's basketball schedule in your pocket, you might as well take it out and scratch out the date where it says there's supposed to be a tournament here for GIAC members. That deal fell through.

It seems the Rebels couldn't get organized. At first, they agreed to play in the affair, but then went and scheduled something like 30 games this season and now can't work the tournament into their schedule.

Well, with one of the top teams out of the affair, it just couldn't be worth while for the rest of the squads to go through the time and expense it would take to put this thing over, so Colson said to drop it. You see, LaGrange had a good chance to play in another tourney, and you can't blame them for wanting to go there instead. If here after Shorter dropped out.

Back to basketball talk at hand, you can expect another fine game between the Rebs and Olethorpe at Atlanta tomorrow night. VSC was able to come through with a 63-33 triumph here in a very good ball game this season. But those Petrels of Garland Pinholster's are tough, and everybody is tougher on his home court where the surroundings are familiar, and most of the noises in the stands are for rather than against you. And the enthusiasm has spread over the players on both courts.

Like I said, look for a good close one.

In my last article I discussed air embolism. In this issue, I'd like to talk about the other sickness which can cause a lot of pain. This is a build up of pressure within the outer part of the ear drum, which is the eustachian tube in- through the eustachian tube in—

I and forces the bubbles into the body, and gets rid of the excess nitrogen which is the only snake-believer I know. That's just what happens when that nitrogen gets its second chance.

Paul Weitman, 63's junior from Springfield, Ga, is looking sharper, since Christmas, Paul and five other Rebels were in a reserve against West Georgia, Paul for one take to push this thing over and forces the bubbles back into the body. But everybody is tougher on his home court where the diver's spirit gets its second chance.

Like I said, look for a good close one.

Dramatists Emphasize Work Days

**March Performance Plans Are Made**

Rehearsals of "The Royal Gambit," this quarter's drama production at VSC, are progressing as the work days for speech students. The production staff draw closer.

These work days, February 12th, are spent in painting and assembling the sets. While they are doing the many necessities which go into a play before it hits the stage, they can prepare the Speech 333 students are to work all day, both in the play and in scenery and in emphasis on lighting, costume, and staging are required in order to place the proper accent on the play itself. Said Mr. Wesley Ren Christie, director. Performance of the play are to take place in the Pound Hall Auditorium, with special arrangements for high school speech students in the area to attend the final dress rehearsal on Wednesday night.

**Ptoleboilers Perform**

Rehearsals are well under way on the play, "Potboilers," which is being produced by the Potboilers Club that's one of the top five production clubs in the state. It is a parody on acting and playwriting. The show will be played by Jerry Dickson, and Nicholas will portray the schoolgirl, Mrs. Pencil, the vamp. The show hits ranging from "New Moon," will be played by Jerry Dickson, and Nicholas will portray the schoolgirl, Mrs. Pencil, the vamp. The show hits the stage on the second best defensive ball team in the state. Paul had the responsibility of keeping Shorter off the court. They defeated a Club that's one of the top five in the state. The Head of VSC only senior in the game is a build up which is a build up. Everyone has heard of this principle. Cindy Sessions Holds
1965 Miss VSC Title

Cindy Sessions, a junior from Waynesboro and a member of Alpha Xi Delta sorority, is Miss Valdosta State College for 1964-65. Contestants appeared in both evening gown and talent competition. Cindy, portrayed Lady Macbeth in the sleep-walking scene from Macbeth. First runner-up was Angie Jarrett, a Kappa Delta and a junior from Blakely. For her talent Angie did a reading from Sixteen. Second runner-up was Latrelle Pitts, a Kappa Delta Pi and a sophomore from Pembroke, was selected second runner-up. Carole Williamson, an Alpha Delta Pi and a freshman from Thomasville represented Delta Theta. Third runner-up was Latrelle Pitts, a freshman from Thomasville representing Alpha Delta Phi. Latrelle presented a dramatic reading from the “White Cliffs of Dover,” Pamela Smith, an independent and a freshman from Jacksonville, Fla., was fourth runner-up. She did a comic sketch, “Goldie Bumpers and the Three Hairs.” Prof. Kappa Phi fraternally sponsored the contest and Jerry Pilcher, a junior, directed the event. Ball Hi, the theme, was represented by a South Sea Island setting, including a grass hut and an active volcano. Other contestants were Dean Nichols, Alpha Delta Pi; Laura Reich, Kappa Delta; Ruth Ann Roddy, Kappa Delta; and Ginger Price, independent.

Rules Given For Success In ‘Dry Pool’ At VSC

It’s a deep rectangle and lined with water, it’s a pool; if lined with felt, it’s a pool table. Many students, especially those who become laveliered or engaged, have voluntarily (or involuntarily) played water ball for quite as many have ever tried to play dry pool.

Possibly dry pool has lack of fans because it is somewhat complicated and not as difficult as billiards, but several local bowling lanes and too dull mind, and rather a lot of self-control. For the benefit of any student who feels drawn to playing unnerving may journey to Chicago and find newer facilities. Pool, while not as complicated as billiards, still requires a keen eye, a not too dull mind, and rather a lot of self-control.

1.—Before the game apply varnish generously to the lower three-fourths of the opponents cue stick.

2.—While apparently admiring his shot, squeeze the pocket so the ball cannot enter.

3.—Succeed to an overwhelming desire to sneeze and accidentally blow his ball off course.

4.—In the excitement for the right shot jab him with your stick.

5.—Run like the dickens. (These rules may win the game; they won’t win friends.)—Shelia McCoy

Sociologists Take Trip

Recently members of the sociology club took a field trip to St. Augustine. Those attending were: Gail Fountain, Randy Thompson, Sammy Webley, Walter and Jackie Altman, Merle Thompson, Ursula Sine, Neil Bell and Charles Divane. They were accompanied by Mr. A. L. Riedel of the sociology department.

On their visit they toured the city of St. Augustine, and made a special tour of Matanzas. “We were given a special lecture and Mr. Riedel was asked to be the guest feeder of the purposes that day,” said Gail Fountain, speaker for the group.
