Carol McKinley, Newman; Rhonda Nolans, Ollie; Patsy Rhodes, Cordele; Jean Rumph, Ferman- dina Beach, Fla.; Sandy Steward, Valdosta; Dotie Stubs, Adel; Susan Studebaker, Jacksonville, Fla.; Judy Tyson, Valdosta; Kathie Wisonbaker, Valdosta.

Georgia Dean Speaks About Lord Tennyson

John O. Eidson, Dean of the Franklin College of Arts and Sciences at the University of Georgia, spoke to English students and other VSC students Monday, May 15. His subject was "Alfred Lord Tennyson."

Dr. Eidson, a native of South Carolina, received his A.B. from Vanderbilt University, Ph.D. from Duke University and Litt. D. from Wofford College.

He has been the dean of the College of Arts and Sciences at the University of Georgia since 1957.

Dr. Eidson holds many professional positions and honors. He was the founder and national secretary of Delta Phi Alpha, a honorary German fraternity. He is a member of the Tennyson Society and is on the executive board of the National Council of Colleges of Arts and Sciences.

Delta Chi, TKE Receive Top Intramural Awards

Delta Chi, winning volleyball, badminton, basketball, tennis, double and tying tennis singles, and Tau Kappa Epsilon, capturing first place in swimming, tied for first place in men's intramural competition for this year, each fraternity having 1135 points. They will share the Intramural League Championship trophy, with Delta Chi keeping it from July to December 1967 and TKE from December 1967 to July 1968.

Pi Kappa Phi placed second for the year with 1080 points. They placed first in bowling, third in swimming, third in basketball, second in bowling, second place in basketball, third place in bowling, and runner-up in softball. Sigma Phi Epsilon came in third overall with first place in tennis singles.

Winning other events were West Brown in flag football, Baptist Student Union in bowling, and the Independents won the Virginia Tech Intramural League.

Pafford

Mathematics Department.

In the field of physics, Dr. J. J. H. Berlinski, a native of the Dutch East Indies who has become an American citizen, was educated at the University of Leyden and his Ph.D. at the John Hopkins University, where he also taught. He was a member of the staff at the Los Alamos Scientific Laboratory, and has written a book on nuclear polarization, published by the John Hopkins University Press.

Mr. James L. Thornton will become the new Chairman of the Modern Foreign Languages Department as well as an associate professor of Spanish. He received his B.S. and M.A. degrees at the University of Georgia where he is working toward his Ph.D. 

Pafford, Mr. James L. Thornton will become the new Chairman of the Modern Foreign Languages Department as well as an associate professor of Spanish. He received his B.S. and M.A. degrees at the University of Georgia where he is working toward his Ph.D.

Dean Ward Pafford, Dr. Tom Renfro, Dr. George Young, and Mr. John Pafford will be among those attending the Georgia Conference American Association of University Professors May 19-20.

Hosting the conference in the Georgia Conference American Association of University Professors May 19-20.

The Good Life" will be the topic at the high school commencement May 22. At the elementary school commencement May 22, her subject will be "The Early Teens of Great Men and Women."

Anthem, spirituals, G. G. Trombones, trio, and quartet—the ISU choir will be going on tour Friday, May 26-28. The choir will sing at Georgia Baptist Hospital, Atlanta, and Columbus, Albany, and Valdosta.

Judy Tyson, Valdosta; Kathie Wisonbaker, Valdosta.
Several students and alumni will be attending a graduate school this fall to work toward a higher degree. Dr. Connell of the biology department announced that Larry Russell Norman will attend the Medical College at the University of Georgia this fall. John Obier, a biology major, and Alfred N. Wahab, a history major and award winner, will attend the University of Louisville Dental School. Mrs. Velma Basley, who was a graduate of VSC in 1962 and who is a special student here now, will attend the University of Florida Medical College of Georgia Graduate School with emphasis on microbiology.

Several history students will attend law school, according to Dr. William Gabard, of the history department. Linda Fay McKay and Ronald Thomas will go to the law school at Mercer. John Guy will attend Florida State University, Clifton Patty will go to Emory and Ernest Yates will attend the University of North Carolina.

Roger Roberts, a math major, has received a teacher assistantship at Florida State University. He will be paid $1000 a month. Perhaps the most significant award was a NDEA-Title IV Fellowship for the doctoral program in history at the University of Georgia, which was awarded to John D. Lancaster, a 1964 graduate of VSC. His three-year fellowship is totally $12,000.

In addition to the aforementioned numbers, the chorus will sing "Stardust" by Hoagy Carmichael, Grieg's "Land-sighting," "The Drunken Sailor," an English sea chantey, "The Old Gray Mare" from the movie "Auntie Mame" and "The Drunken Sailor," an English sea chantey.

Dr. William R. Cannon, Emory University, and Dr. Arthur Hollow Princess, formerly of Duke University, will speak at the graduation exercises slated for June 6 at 11:00 a.m.

Dr. William R. Cannon, Dean of the Candler School of Theology at Emory University, will speak at the Baccalaureate Service Sunday June 5 at 4:00 p.m. Dr. Arthur Hollow Princess, former president of Duke University, will deliver the principal address at the commencement exercises to be held at the Macon Municipal Auditorium, June 6 at 11 a.m.

A native of Willow Grove, Tenn., Dr. Edens was educated in the Clay County public schools of Tennessee. He attended Cumberland Mountain School (now Martin College), and received his B.A. and M.A. degrees from Emory University. He also holds the Master of Public Administration and the Ph.D. degrees from Harvard University.

Long recognized as one of the outstanding educators and administrators in the nation, Dr. Edens is the recipient of eight honorary degrees from Emory University, Davidson College, The University of North Carolina, Emory College, Roanoke College, American University, Northwestern, and the University of Chattanooga.

Dr. Edens holds memberships in the Academy of Political Science; American Political Science Association; American Society for Public Administration; Phi Beta Kappa; Omicron Delta Kappa; Phi Gamma Delta; The Century Club; and Rotary Club.

Club To Sing At Pound Hall
"Listen to the Lambs" by Dett and "As Torrents in Summer" by Elgar, two numbers beautifully rendered by the VSC chorus, will be included in the chorus' spring concert May 23 at 8:15 P.M. in Pound Hall.

Specially selected from chorus members, the students will also perform at the concert. For- mat of the concert is popular with those attending the performance.

Mr. Lavan Robinson, Associate Professor of Music, directs the chorus and the Serenaders. Mr. Lavan Robinson will accompany the chorus on the piano.

Included in the Serenaders' selections are "Maiden of the Mist," "Sunrise Sun Set" from the New York broad way play "Fiddler on the Roof," "Hammersmel's "My Funny Va- lentine," "Ruben and Rachel" arranged by Fred Sharp, and "Inchworm" from the movie "The Little Dear Christian Annie" and "The Drunken Sailor," an English sea chantey.

Dr. Pafford said that the administration was “quite excited over the significant and impres- sive additions to the faculty many of their doctors.” He disclosed that the names of three new faculty members who have been approved by the Board of Regents by the Department of Education. He said the examples of the type people we are adding are "Dr. Pafford.

Dr. Donald L. Duncan, B.A., M.S., University of Missouri, the University of Florida; and since 1960, he has been at Georgia State. He has extensive business experience including work with Union Carbide and will be the new chairman of the (Continued on Page 4)
Pills Pose Threat To Students; Misuse Dangerous To Health

As final exams close in upon the students at VSC, many will resort to staying awake 24 hours a day. As pressure becomes greater and greater, students have to find something to keep them awake. A student recently complained to VSC student selling "pep pills" on campus has been a cause for concern among school officials. Students often fail to realize that these amphetamines (benzedrine or dexedrine), commonly called "pep pills," are potentially dangerous if taken without a prescription. Dr. George Young has suggested several alternative vibrations. He recommends No-Doz, coffee, or study periods distributed over shorter periods of time.

No-Doz tablets contain 0.1 grams of caffeine, the same as in a cup of string coffee. The non-sleeper, No-Doz are economical, too. The pills cost about 2½ cents apiece.

The Council on Pharmacy and Chemistry warns against the use of amphetamines in the treatment of sleepiness and fatigue in normal individuals because of the possible danger of high blood pressure. There is a danger that the warning signal of sleepiness in individuals who are overworked may be eliminated by the drug. The drug may become habit-forming and cases of collapse have ensued when the drug was taken for the purpose of staying awake.

Depending on "pep pills" during a final exam may lead to very serious problems. The drug will keep a student awake during the crucial night, but what about the next night? It has been proven that these pills are habit forming, and a student may come to depend upon them as he would a pack of cigarettes. "Pep pills" taken in excessive numbers become hallucinatory and, for the extra money they impart, a period of depression follows.

Drugs of all kinds are dangerous. They should be avoided in all cases except when prescribed by a medical doctor. In many cases, the advice given here will not be needed, but it is hoped that every student will use common sense and refrain from taking chances with his health by using pills indiscriminately to make up for his lack of discipline in study habits.

WAYNE STEPHENS

Conference Stresses Need Of Voicing Student Opinion

I recently attended the conference of the Georgia Collegiate Press Association at Callaway Gardens. A point which was continuously being stressed was that a college newspaper should give the students what they want. This will be the policy of the new Campus Canopy staff. We will try to find what the students want to see in their paper and we will try to print that—anything this side of libel and libronography.

The conference also brought out the fact that the Campus Canopy is no longer a picture of the VSC student. This will involve the reporting of news which will be of interest and variety. Students have problems and opinions. This newspaper should voice these problems and opinions with student solutions.

The new staff of the Campus Canopy will work together to make the Campus Canopy the representative of the student body. We would like to have something of interest for everyone. We would like to see our number of readers double. A newspaper should be fun to work on and to read.

To do these things the Campus Canopy will need more support from students and the administration. Since the paper is going to be the representative of the students, it should be respected as such.

One of the problems that the Campus Canopy has is that students are not willing to work on the staff. At the conference in Callaway Gardens, a chief delegation of delegates was embarrassed to find that we have a smaller number of students working on our paper than any other college paper in the Georgia Collegiate Press Association. Many junior colleges have more staff members than does the Campus Canopy.

I would like to urge students to support their paper by working on the staff or by letting the staff know what you want in your paper. By working together, we can make the newspaper the effective newspaper that it should be. I would like to see many of you on the staff next year.

Letter To The Editor

Who are those that state bluntly that today's generation is nothingness? Every day articles can be read that declare that our misguided youth are irresponsible, unreliable, carefree creatures without goals or ideals directing their actions.

Surely those who advocate this negative view of youth today have never closely examined, through direct observation, the average college student. They care and concern, worry and frustration, greatly influence his daily activity. A large part of this campus conversation concerns his academic life in some way which might range from opinions and techniques of instructors to a recent examination.

Thorugh learning to overcome the many obstacles of the large college up a tree—a palm tree—by himself, the student will be prepared to meet the great challenges demanded of him tomorrow.

Women May Replace Men In Lowndes Hall Next Year

By BILL CRIBBs

There is a rumor circulating that on campus that the administration is planning to convert Valdosta State back into an all girls college. This is probably not true, but if you are interested in staying at campus than for girls to do so.

The truth of the matter is there is very little living space to be found, no matter what sex you may be.

Even though the future looks rather dim, students must not take a narrow view of the situation. The new girls dorm being planned, a high rise dorm will partially alleviate the housing problem until future arrangements can be made. It is not known whether this new dorm will be available for the incoming freshmen, but in any event, the dorm will be the one chosen by the administration. The dorm will be Lowndes Hall into a facility for young women.

As Dean Young so aptly put it, the present situation has the college up a tree—a palm tree—no doubt.

Lax Communications Create Decrease In Student Interest

Valdosta State College represents a community of young adults striving to mature and progress as individuals and as an Institution. But, somehow the students do not represent the Institution. The Valdosta State among students of other colleges is becoming more and more one of respect, but our students seem to lack respect for their Institution. Dr. George Young has suggested several alternative vibrations. He recommends No-Doz, coffee, or study periods distributed over shorter periods of time.

Many campus organizations are virtually unknown to students. Students never read the minutes of the Student Government Association which are distributed in the Student Union. The debate team hosted one of the most successful debate tournaments in the South of this year, but not many students expressed awareness of this activity. Parents seem to have forgotten that their students are young, students at Valdosta State are usually aware of the activities and accomplishments.

Actually, there is a great potential for communication and unification. The most obvious utensil is the school publications. Organizations should take advantage of the mediums provided for their news. A bulletin board on the second floor lobby of West Hall is provided for student contributions. Clubs could designate reporters which would eliminate having to go to the Student Center for fraternity, sorority newsletters, or the local paper. West Hall for sports schedules, and to Nevis Hall for academic events, and any possible location for other announcements. Perhaps if students knew what was going on, they would participate more. It is very important that the communication is from the students to the Institution. No-Doz tablets contain 0.1 grams of caffeine, the same as a cup of strong coffee. For the non-sleeper, No-Doz are economical, too. The pills cost about 2½ cents apiece.

The Council on Pharmacy and Chemistry warns against the use of amphetamines in the treatment of sleepiness and fatigue in normal individuals because of the possible danger of high blood pressure. Tekes Finish Testing Of VJHS Students

When the members of Tau Kappa Epsilon, Fraternity at VSC, set out May 1 to administer the Youth Fitness-Test Program to all students of Valdosta Junior High School, their goals were to demonstrate their interest in the community of Valdosta and to ascertain the effectiveness of the physical education program at VJHS.

The project is now over and what remains is to compile and analyze the results of the testing. Testing took two weeks, the first week being devoted to boys and the second to girls.

Seven tests were given: pull-ups, sit-ups, shuttle-run, standing broad jump, 100 yard dash, 400 yard dash, and 600 yard run-walk.

Tommy Jones, Thomasville, his junior high school in southeastern Georgia.

The program is administered nationally by the President's Council on Physical Fitness and American Association for Health, Physical Education, and Recreation.

In charge of compiling test results into percentile scores was Jimmy Boland, Cordele, Ga. Thus far, only the scores for the boys of VJHS have been determined because they were tested first.

The results showed that in all but one of the tests, the boys on the average did lower than fifty per cent of those taking the tests in junior high schools nationally. It was not all bad, though. Six of the boys have qualified for the President's Physical Fitness Award. To do this they had to score at or above the 85th percentile on all the tests and be recommended by the school principal.

According to Boland there is a "need for a modified physical fitness program" at VJHS. Representatives of TKF are going to meet with the coaching staff of the school to discuss what improvements are needed.

Fraternities Elect New Officers

Pi Kappa Phi has elected officers for the coming year. Jeff Styers, was elected president. He will also head the inter-fraternity council next year. Other officers include Charles Concern, Willacooshie, secretary; Fred Grodin, Warner Robins, treasurer; Richard Nix, Valdosta, warden; and Johnny Jones, Thomasville, historian.

Students Give Senior Recital

Two Valdosta State College seniors, Phillip Larry Adams, and John Henry and Ronnie Jones, were recent initiates into Pi Kappa Phi.

The entertainment provided by Sandra Belote and Charles Lang, members of Seek and Buskin, was especially pleasant. Sandra's recital of Benet's "Nightmare at Noon" was an inspiring account of American un-concern with war. Charles Lang, a freshman, proved to be a very talented reader with his interpretation of Negro poet Johnson's "God's Trombones." His authentic dialect and costume gave vigor and excitement to his performance.
