Connell Earns "Gramps" Title

By Clyde Eugene Connell, chairman of the VSC Biology Department, considers it a distinct honor in the 11th year of his position as faculty secretary of the Campus Canopy. He was appointed to the position in 1986.

According to research done by the Canopy staff, Tuesday's "appointment" in Dr. Connell's office must be unique for two reasons: it was a distinct "first" for the office and probably the shortest shower ever given anywhere.

Grandpappy Connell? He's still graining over Daniel Tyron Connell's arrival and forgot to tell us how much the grandson weighed in! Only Philip, the Connell building that guards Gramp Connell's fishing truck each day in the faculty parking lot in front of Novins Hall, seems unimpressed, totally, at the news from Athens and by the partying by VSC's Biology Department. Philip was not invited.

Expansion of the program encourages more military personnel to work toward a college education while at Moody. Said one alum, "The atmosphere of the college seems to be more conducive to study than the active at Moody." "Boot-strap" provides financial aid to military participants.

Three-fourths of the student's tuition will be paid by the Armed Forces Education Office—books and the rest of his dues left at his own expense.

Yet this is not the only figure of scholarship offered by the program. Depending on the final grade obtained in each course and also the Central Base Fund, up to ninety percent of the airman's participation could be reimbursed.

Is it not a good way to remind the youth of the day the importance and benefit of education? Let's hope that such a group of daring and exemplary young men will keep increasing at VSC.

Airmen Enter VSC Through Boot-strap Aid

By FRANK VIEUX

For many years the United Air Force and many other branches of the National Defense have been offering members the opportunity to reach a higher educational level. "Boot-strap", through which many airmen of Moody Air Force Base have been attending regular courses at VSC, is one of those systems. This is an off-duty program and is purely on a voluntary basis. Many of the service men carry a full load of credit hours though they sometimes stay on duty up to 12 hours a day.

This year at VSC the "Boot-strap" program from Moody was incorporated into the night class program. Previous to fall quarter, the educational programs were taught at Moody and accredited through Florida State University. Transfer of the system to VSC has greatly improved both the courses offered for base personnel and the expansion of the College's night class program.

Due to graduation, this year's lineup will miss center-fielder Ben Bates, and All American first baseman Dennis Fike. Eddie Fischer, a junior this year received an All-American Honorable Mention in his freshman year. Because of injury, he sat out most of last year's season. Claude Speck will also be back this year. Clause was second in the nation for stolen bases. He stole 36. The entire pitching staff will return along with some new pitchers.

Spear-headed by Coach Bill Grant, pre-season baseball began four weeks ago. At the present time, there are thirty players vying for the top positions; however, Coach Grant may cut the final number to twenty-five.

A S.G.E.A. Meet

The S.G.E.A. will meet Nov. 7 at 7:00 p.m. upstairs in the Student Union. All education majors are asked to attend.
Martin, Young, Pannell Break Ground For New Dormitory

A new $803,315 residence hall for women was officially dedicated in groundbreaking ceremonies on October 25. The three-story, 200-bed residence hall will be located by the Jewell Whitehead Camellia Trail on the north end of Main Campus, bordering Georgia Avenue.

Taking part in the ceremonies were President Martin, Dean Young, and SGA President Bill Pannell.

President Martin commented on the growing rate of VSC, and stated that a 500-bed residence hall for women would be needed shortly.

Bill Pannell spoke of the growth of the student body and the growth of academic achievement. He told of the 3-R's of life in attaining academic success. They are: a sense of responsibility, respect of others and their ideals, and restraint.

Dean Young said that the new dormitory would be a living-learning center.

A small crowd of faculty and students witnessed the symbolic "breaking of the ground" by Dr. Martin, Dr. Young, and Bill Pannell.

The new residence hall was designed by Thomson and Sanders Architects of Valdosta.

Howard Ray of Nashville, Ga., is the contractor for the structure. The residence hall is scheduled for occupancy December, 1969.

The building design is Spanish Mission architecture, in keeping with the design of all other buildings on the VSC campus.
Activities Week-end

planetarium, and residence halls.

Lunch will be served for parents in the cafeteria. After the lunch, the IFC and Panhelkerie Council will hold a cook-out. Also, that afternoon President and Mrs. Martin will have a reception in their home for the parents.

Saturday night parents and students are invited to attend the theatre. Special entertainment in the gymnasium provided by the various organizations on campus. From 9:30 to 12, a dance will be held in the College Union.

Sunday, parents will visit in the various churches in the community and have lunch in the cafeteria.

IFC Conducts Fund Project

The Interfraternity Council is sponsoring two projects aimed at raising money for the United Fund. Under the chairmanship of Jimmy Boland, junior, pledges are being sold for the Georgia Tech vs Florida State University Freshmen football game. The game will be played at Cleveland Field on November 10 at 8:00 p.m.

The fraternities on campus have alternated selling the tickets. Also, each fraternity has been made responsible for securing donations from certain specified business establishments in the Valdosta area. This drive ends November 6.

The IFC wishes to make it clear that all proceeds go to the United Fund only.

Women Form Faculty Club

Women associated with the faculty of VSC have formed a club consisting of wives of faculty members and women of the faculty. Dr. Martin, who, after initial pleasantries, proceeded with the main order of business, organized the meeting — the election of officers.

There was no election, however. A committee of men faculty members had given Dr. Martin a list of appointees to the various offices.

Officers for the club are Mrs. Webster Teague, president; Mrs. Robert Stump, vice-president; Mrs. Raymond Cook, secretary; and Mrs. William Gabard, treasurer.

An executive committee was also appointed. Its members are Mrs. Ren Christie, Mrs. Clyde Connell, Mrs. Mac Grigsby, Mrs. Shalvey McElroy, and Mrs. Thomas Renfro, Mrs. James Thornton, and Mrs. Graham Wall.

One purpose of this club is to help the approximately 140 faculty members and those associated with the faculty to get to know each other.

Key Unlocks Year's Plans

Black Key, the men’s Leadership Honorary, has held its first meeting of the year, with revisions made in the constitution and two projects for the year were begun. The first is to attempt to develop a student loan fund, to be handled by the Dean of Student’s Office. Dean Young and President Bill Moore are working on the details for this project. The second project is to aid in homecoming activities by holding Black Key luncheon or banquet with a nationally known speaker.

Dr. Spivey Lectures On Southern Author

Dr. Ted R. Spivey, well-known authority on Georgia author, Flannery O’Connor, will give two lectures at Valdosta State College on November 16-17.

Don’t Forget To Attend “After The Fall”

STARRING LARRY LONG AND VALERIE CHAPMAN

NOVEMBER 15-18

POUND HALL

U.S.S. Absecon (A.V.P.23) in 1949. In 1950 he entered the graduate school of the University of Minnesota, where he received the Ph.D. in 1954.

Library Needs Improvement
Editor Suggests More Variety

I was very pleased to learn that the library has a $99,000 budget for this year. If the library is to receive the amount, the students should expect many improvements in their library.

The library needs many, many more books. Any student who has written a research paper probably knows that our library is inadequate. I have noticed that two or three copies of the same book can be found for a single issue of a book in the library. There are several of these books which have more than one edition. Many of these books are not used frequently enough to require more than one. It would be better to increase the variety rather than buying several editions of the same book.

The library needs to be less severe on the heavy chargers. I have noticed a student using a reference book three minutes late according to the clock. The student’s watch said he was on time. Though I know a librarian was waiting and told the student that he would have to pay an overdue charge for an hour’s time.

The student asked why there was an hour’s charge for three minutes. The librarian replied, “We have just found that the student has time to break it down into minutes.”

I wonder how many times this librarian has been sitting in the library in the past seven weeks. A complaint which the library has is that students steal over 800 books in a year’s time. Many of these books are of religious foreign policy “Go Ye” and predicted developments. I never in terms of locality but with the mention of a world­wide scientific order.

No doubt, I assumed, this is of his cloth across history. As he spoke admiringly of the class, caught up in this bubble was, with the entirety of the scientific present. How his life are Impeded by the degree I, ne’er were truer words spoken. And I concluded that man’s flight through the Academy: “Man’s flight through the air is a human achievement and not a machine.”

I came to believe that these men were the world-wide scientific order. I was particularly intrigued with the mention of a worldwide scientific order. I was particularly intrigued with the mention of a worldwide scientific order. I was particularly intrigued with the mention of a worldwide scientific order.

Dear Sam Canis:

This letter is a bit intimate and I have reservations about writing it. But I am at Wit’s End and I need help. You see, for two years I have been dating a man who is considerably older than myself, and as you would suspect, our relationship has materialized into a pretty close but healthy one. He has a thriving business back home and could easily support a family. But every time I mention marriage to him, he sorta shrinks back and insists that he’s too busy for a family and that his business occupies most of his time.

Not ripe in age but not getting any younger, I want to start thinking about somebody to buy my groceries and it appears hopeless that I’ll ever be able to compete with this man’s business interest. What should I do? Should I look for another potential grocery buyer or should I stick it out and compete with the business.

Sincerely,

Epizibah P. Thortlestop

Company Offers Editorial Award

Plans are now being made for the third annual Jack McDonough Editorial Award competition, sponsored each year by the Georgia Power Company for Georgia college students. The contest, named in honor of Georgia Power’s retired board chairman, seeks to recognize the Georgia college student who writes the best editorial on free enterprise in America and has the editorial published in his school newspaper during 1967.

The contest winner will receive a $50 scholarship for two years’ tuition at the Henry W. Grady School of Journalism at the University of Georgia. He will also receive a plaque of recognition and a traveling typewriter.

No limit is set on the number of articles an individual or college may submit or on the length of the editorials. Stories should be sent to Dean John E. Drewry, Henry W. Grady School of Journalism, University of Georgia, Athens. A special faculty committee will judge the materials.

The award will be presented at the next meeting of the Georgia Collegiate Press Association in February, 1968. Deadline for entries is Jan. 9, 1968.

Letters To Sam

Dear Sam Canis:

I read in your column where someone was extremely upset about the shortness of girl’s skirt lengths. I agree agree with them. They are too short. They are too short. They are too short. I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.

I think something should be done about it. A movement should be started. A petition should be signed. I think something should be done about it. A movement should be started. A petition should be signed.
Bluejays Argue
With U. Of Ga.

The VSC Bluejays, official team of the debate team, begin their season with an oral contest at the University of Georgia at Athens November 10-11.

Members of the Debating Society have researched available books, magazines, and newspapers for information about the national debate topic. They believe that the federal government should guarantee a minimum annual cash income to all its citizens.

Dr. Helen Thornton, advisor, and Mr. Stan DeHart, assistant, will choose eight debaters, four varisty and four novice, for the Georgia tournament. Next match for the debaters will be either the Florida-Georgia University tournament at Tallahassee or the Miami-Dade Junior College match in Miami the weekend of November 17-18.

Senior Receives Title
Miss "See Georgia"

This summer, senior Angie Thompson, Miss VSC, was crowned Miss See Georgia of 1967. The contest, which took place June 19 and 20, at Calloway Gardens, consisted of evening gown and swim suit competition and the delivery of extemporaneous speeches about Georgia.

Along with the coveted title, Miss Thompson received a $500 savings bond, luggage, and $300 for a wardrobe from the chamber of commerce of her home town Blakely, Georgia.

As the Tourism Queen of Georgia, Miss Thompson works with the Tourism Division of the Georgia Department of Industry and Trade. She must always be prepared to make public appearances and give speeches which promote Georgia. This summer her duties took her to Toronto, Canada, where she went to the Canadian National Exhibition and worked in the Georgia booth.

Endowed with beautiful brown eyes, shining brown hair, and a pleasant smile, Miss Thompson is also a VSC Calendar Girl and one of the ten best dressed girls on campus. Last year she was chosen best supporting actress for her performance in "Middl of the Night."

Miss Thompson is a member of Kappa Delta sorority, Alpha Pi Omega, and president of Sock and Buskin. After graduation Miss Thompson, who is majoring in secondary education, plans to teach English and speech.

BSU Welcomes All
Country "Bumpkins"

"Y' all come." This invitation is extended to all students of VSC by Bonnie Fuister, who is in charge of the BSU Social on Friday, November 10 at 7:30 P.M.

To support the country theme of the party, there will be cornstalks, hay, and pecans scattered over the BSU. Bonnie asks that everyone who comes dress and act country. She describes country dress as dungarees or overalls.

The pecans are the main reason for the party. They will be shelled and later sold, and the profits will be used for summer missions.

After shelling the pecans, there will be games, relays, and folk singing by the entire group. Musical instruments are also welcomed. Refreshments will be served — home made ice cream and hot chocolate.
Athletes Form Letter Club

VSC's newly organized Letter Club, made up of varsity athletes of the 1937 season, elected officers Tuesday, October 24.

All students who lettered in either baseball, basketball, golf, or tennis are eligible for membership.

Officers of the club are David Coley, president; Mike Terry, vice president; Bob Anderson, secretary; Eddie Fisher, treasurer; and Bryan Phillips, sergeant-at-arms. Advising the club are Mr. Stan DeHart, Mr. Gary Bass, and Coach Bill Grant.

In the future the Letter Club plans to promote varsity athletics, provide scholarships for deserving athletes, and obtain a trophy case for the school and deserving athletes, and obtain a trophy case for the school and deserving athletes, and obtain a trophy case for the school and deserve...
