

Dearest mama,  
I was so glad to get  
yours and Ida Lee's letters, they  
do me lots of good, wish they  
could come oftener. I have been  
awfully busy studying for that  
English Exam and being ruled  
sounds funny doesn't it, but  
the Profs are rushing me to a  
cool calm finish. Tell Ida Lee  
if I was right now and knew  
nothing about the Monogram  
I would be a Prof for they have  
been much nicer to me than  
the others. They had the cutest  
party the other night I don't  
say. I am certainly having  
a good time. These girls are all  
so lovely, such a difference  
from my former times. We  
have so many privileges but  
I am scared we not to do  
things for fear I'll be snatched

up about it. The girls laugh  
at me lots for being so  
timid in that line. I ask  
so many questions about things  
till they think I am a perfect  
green horn. I'm happy just the  
same.

Miss Hopkins let Journal  
come out Thursday afternoon  
to see me. Marion Barnett  
yesterday afternoon and F.  
Wells last night. Harriet  
she been nice and she was  
so willing to consent about  
the auto mobile but said she  
would have to ask Dr. G.  
he first said no, that  
he had turned down a  
girl last year, then he

said leave it with Miss H. so  
she said, 'well I see no reason  
why it 'waait be perfectly all-  
right' so I immediately thanked  
them + asked Miss Hopkins  
to go to-morrow after noon. Look  
what Mr. Akers said, isn't he  
a sight? Thank you for the  
permission a whole lot, wish  
you all could enjoy the machine  
with me.

I saw Mrs. Hunt, Susan  
& Emma to-day she asked  
about all of you all and  
has invited me to supper real  
soon. I recognized them, but  
none of them knew me.

I haven't been in Atlanta  
since I came, I have been too  
busy. Expect to go to-morrow in  
the Stockard. Dayton some  
class? I don't go, unless I can  
ride in in my auto!!! I am  
going to take Kate Richardson  
& Mary Crosswell from Greenville  
by the way, Mary has been

you can't afford a single  
teacher I know, so there  
it is. I'll very probably  
have to go on third job  
now for a double room.

I do I remember  
Annie Waddell, well she  
teaches here now in the  
Academy & she said she  
would like to room  
with me. I think she is  
lovely too. It certainly is  
a hard proposition and  
I am distressed over it.  
It would have never done  
though for me to have  
stayed with the girl I was

with Docit I have lots of  
trouble. The girls have room  
mates and are all satis-  
fied, so there it goes.

Please write me if I  
must not come with

Mary. I am crazy about  
her! Look her & Kate

Richardson and Miss  
Lewis to ride yesterday.

Miss Hopkins could not go.

We had a dandy ride  
but had a puncture  
three miles from home  
on the way home.

We took a street car  
and got here as the

supper bell was ringing. That  
car is some beauty, + a perfect  
cradle when you ride in  
it.

Hal sent me a beautiful  
D.C. table cover to-day. By  
the way can you send any  
of my pursants + pictures.  
I don't want the pictures to  
get broken, but my room  
is the only one not filled  
up almost. I want them  
so bad.

Well, don't worry I won't  
bride Mr. a car. The little  
negro is a good one.

I will be mighty glad to  
get the money though. I am  
not broke. I have some per-  
fectly good black kid gloves,  
so won't buy any yet.

Well grand mother + the uncle  
as soon as I get to a place where  
I don't have to write so much  
business I'll write to them. Hope  
they can be soon.

Have have you been  
never have you said whether  
you had been well or not.  
Hope you have.

Bless you mother for your  
prayers, if it wasn't for  
you I don't know what  
I would do. I miss you  
all so, but haven't been  
what you would call  
home sick.

Must stop and dress  
for supper.  
With a whole heart  
full of love.

See I ha see not to  
wait for me to write  
to her. I enjoyed her  
sweet letter, and  
sure feel sorry for  
her.

I am at present  
waiting on the dictionary  
reason that will  
help me any. I am  
in a bad fit and  
I not. Thats alright

Dr Amistake took me I  
passed nicely in English  
Good-bye.

Your ever devoted  
Rose.

Oh what are you thinking your  
self down or now heading  
I am getting along all.  
might. D. A.
